A CONSCIENTIOUS PRODUCER.

Something of the immensity of the forthcoming production of "The Merchant of Venice" may be imagined when it is known that Mr. Guy F. Gregg, manager for Mr. Edouard O'Leary carries two complete sets of scenery, each identical with the other. One is for the largest stages and the other for the stages of moderate size. Mr. O'Leary's production was demanded by clubs and associations of many cities where the theater's stage is small. To meet this demand the two sets were secured. By the possession of the two equipments, the citizens of the smaller towns will witness the same production as those of cities possessing more liberal stage rooms. Incidentally Mr. Gregg is the only manager of Shakespearean plays who has been so conscientious in his provision: all this despite the cost for double transportation, which is no small item.

The part of Shylock was beautifully interpreted by Edward O'Leary, a very talented young actor. Mr. O'Leary held his audience every moment that he was on the stage, whether speaking or silent. No praise is too high for his conscientious and artistic work. He acts without clap-trap; but in maintaining the dignity of the part he never loses his perfect ease and naturalness that makes his Shylock a living, suffering man, the victim of a subconscious majority who feel that all that is due him is the contempt that they would be loth to bestow upon a dog, and who are the more ashamed the deeper his suffering.

NEW TONNAGE TAX IN EFFECT

Washington, D. C., Oct. 5.—Collection of the new tonnage tax of two cents prescribed for in the recently passed Payne-Aldrich tariff act begins today. The new law provides that the tonnage duty of two cents per ton, not to exceed in the aggregate 10 cents per ton in any one year, be imposed at every entry on all vessels from any foreign port or place in North America, Central America, the West India Islands, the Bahama Islands or the coast of South America, bordering on the Caribbean Sea, or Newfoundland, and a duty of six cents per ton, not to exceed 30 cents per ton per annum, be imposed at every entry on all vessels from any other foreign port, not, however, to include vessels in distress or not engaged in trade.

The new two-cent rate virtually amounts to a decrease of one cent per ton from the rates heretofore in effect. Naturally the decreased rate will have a tendency to lower the receipts from the tonnage taxes, and it is estimated by the department of commerce and labor that the annual income will amount to \$1,050,000 per year, or more than \$500,000 less than was collected annually under the old law.

CARD OF THANKS.

In the name of the Moore Lumber Company I wish to publicly express our thanks and sincere appreciation to the fire department of this city, for their most excellent work last night in subduing the flames at our mill plant. They did all within their power to stop the fire. Their work is certainly appreciated and I take this method of expressing to them our thanks. They will ever be remembered.

W. F. HARRELL,
Secretary and Manager—Moore Lumber Co.

Spitting Nuisance

Hawking and Spitting is Caused by Catarrh Germs.

If the local authorities want to stop the disgusting habit of spitting mucous on the sidewalks, they had better instruct the people as to the best method of killing the catarrh germs and curing catarrh.

You can easily tell by reading the symptoms below whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from nose, stoppage of the nose, huskiness in the voice, tickling in the throat, droppings in the throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucous, difficulty in breathing, loss of vital force.

Brown's Drug Store has a sensible remedy (money back if it fails) for catarrh, called Hyomel, which is a vaporized air so antiseptic that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life and cures catarrh.

The price, including hard rubber back if it doesn't cure. Extra bottles, 50 cents.

"I have tried almost every catarrh cure on the market without benefit. Have been using Hyomel for one week and feel like a new man already."—Wm. Y. Goode, Newark, Ohio, June 21, 1909.

For drugs and seed, Hardy's Drug Store.

MAIL DISCONTINUED.

For some cause, yet to be explained, the Postoffice Department has discontinued the evening mail on the through freight from this city to points along the Norfolk and Southern road. By this rule going into effect October 1, the mail received at Beaufort, and points in Hyde county, are delayed a whole day.

The citizens affected by this change should demand an explanation. Its discontinuance works no little hardship.
