Be sure and witness the program tonight for it will be one of the best yet presented. The Mad Miner is a drama, in thrilling and exciting form from beginning to end; Passions in Colorado is a scene well worth your patronage. A Baby's Shoe certainly will enthrall and amuse you—this picture needs no comment, for it will speak for itself. The Farm and the Train Robbers, both are pictures selected with care, and to see them is but to say you are well repaid for your money. The entire performance this evening will be one of merit and there should be a packed house. In addition to the varied and interesting program the orchestra will play.

lina. While conservative, he is also progressive, catholic in temper, and charitable in spirit.

He will be accompanied by his sweet Canadian singer, Mr. Burr, who will have charge of the music. With such leaders we ought, with the Divine blessing on their labors, to have a great and glorious revival of genuine religion. H. B. S.

CHAMBER OF COMMERCE MEETING

Much interest was manifested in the meeting of the Chamber of Commerce last night. Several of the standing committees made reports, showing they were at work.

In the case of unloading cars at the M. C. L., noticeable improvement was admitted.

Rules were suspended and Dr. W. A. Blount elected to membership.

A factory proposition was discussed and referred to committee.

A new by-law was discussed. Efforts are now being made to secure a suitable boat.

The talk on Free Inland Waterways by Hon. John H. Small, was very interesting and instructive. A large chart showing the route through North Carolina, recommended by different engineers, was exhibited and explained. Forces are at work upon the southern portion of this canal, for which \$500,000 has been appropriated, being more than one-sixth of the amount required to complete a ten-foot canal through to Norfolk.

The importance of water transportation is appreciated by our merchants, yet this is but little, were the outlines free.

Mr. Small told us why there was comparatively no coastwise trade from north to south. He told us the average difference between freights by rail and water. He told us there was twenty-six hundred square miles of navigable rivers in North Carolina. That there were three thousand square miles in the sounds of North Carolina.

TO HEAR REPORT.

There will be a recess meeting of the Board of Aldermen at the city hall Monday evening at the usual hour at which the report of the expert accountant will be heard. Any citizen desiring to hear this report is invited to be present.

Comforting Words

Many a Washington Household Will Find Them So.

I have the pains and aches of a bad back removed, to be entirely free from annoying dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Washington readers.

David R. Willis, East Main street, Washington, N. C., says: "I have no hesitation in recommending Doan's Kidney Pills, as they have given entire satisfaction in my case."

For some time I suffered from disordered kidneys, the secretions being too frequent in passage, especially at night. I also had dull pains through my back, accompanied by sharp twinges in my loins. Doan's Kidney Pills were highly recommended and I at last procured a box at the Washington Drug Co. They relieved the backaches, disposed of the pains in my loins and regulated the passages of the kidney secretions. Whenever I notice any disorder of my kidneys now I at once use Doan's Kidney Pills and they give me immediate relief.
