THE LYCEUM COURSE.

We hope that the effort to secure the course of entertainments, to be given under the auspices of the grand old schools, will not be in vain.

As we are all unconsciously benefited by clean and elevating entertainments, and this truth is especially applicable to our young people, we trust that Washington citizens who stand for good things will promptly telephone to Prof. Newbold their willingness to assist in making up the required number of subscriptions.

The regular course tickets are \$5 for double season tickets, good for two reserved seats for the five entertainments.

There's work enough! And a job for the person of ability—no matter what direction that ability takes. An ad. helps.
