Massachusetts—State officers from governor down, State legislature; municipal elections in many cities, including Boston.

Nebraska—Judges of the supreme court, county officers, regents of State university.

New Jersey—County and municipal officers, including those of Elizabeth, Jersey City, New Brunswick, Paterson, Newark and Trenton.

New York—Assemblymen, State senators, municipal officers in nearly all of the big cities, including New York, Albany, Troy, Buffalo, Rochester, Syracuse, Schenectady, Utica and Yonkers.

New Hampshire—Municipal elections.

Ohio—Municipal officers in all big cities.

cities, including Cincinnati, Cleveland, Columbus, Toledo and Dayton.

Pennsylvania—Auditor general, State treasurer, supreme court judge, superior court judge, county officers.

Rhode Island—Governor and other State officers, State legislature, municipal officers.

Virginia—Entire State ticket, State legislature.

Washington—Representative in national House to succeed the late Representative Cushman; vote on city charter for Tacoma; municipal elections.

STATE NEWS

Condensed Items of Interest Happening Throughout the State.

A letter to the State superintendent from the officers of the Roxboro cotton mills shows how deeply interested they are in the education of their operatives. They say they are fitting up a very attractive school at their Longhurst plant and are very desirous to secure a capable teacher not only to do good work in the school room, but to meet and visit the employees of the mill and show them how to keep their homes in good condition and to prepare their food in a sanitary manner. Here is an opportunity indeed. It is remarked by the officials of the office of the State superintendent that this is, however, only one illustration of the attitude of the majority of the cotton mill men of the State. All are beginning to see the efficiency as workers depends upon the status of their social condition and that education is the quickest means of improvement.—Raleigh correspondence.

Special Values in Hosiery

WE GUARANTEE THAT THESE VALUES CANNOT BE MATCHED IN THIS CITY:

Ladies' Black Sea Island Cotton at 15 and 25c.

Misses' Fine Ribbed Black 15 and 25c.

Boys' and Misses' Heavy and Medium Weight Ribbed Hose at 10, 15 and 25c.

James E. Clark Co.
THE HIGH-ART CLOTHIERS

GUARANTEED Patent Leather SHOES

If our \$4.00 B. & P. Shoes break through before the sole wears through we much prefer that you return them for a new pair.

Knight Shoe Co.
The Only Exclusive Shoe Store in the City.

WOMEN'S SHOES

IT IS WITH A FEELING OF PLEASURE AND PRIDE THAT WE ANNOUNCE THE ARRIVAL OF OUR WOMEN'S FOOTWEAR FOR THE FALL AND WINTER SEASONS.

Our shoes are far superior to the ordinary sort of shoes that can be had at every store, where women's shoes are sold.

They came to us direct from the workshops of the world's most noted makers of Women's Shoes. There's many a new style feature in the Fall models and we will take the greatest pleasure in showing our women patrons the handsome foot-wear that will be in vogue during the coming season.

S. R. FOWLE & SON

TO THE CITIZENS

Hardy's Drug Co., druggists, handle Gilhooly's Irish Liniment, and they back it up with what might be called a Government bond. In fact a guarantee certificate goes with every bottle, to the extent that if Gilhooly's Irish Liniment does not cure Eczema, Rheumatism, in any form, Salt Rheum, Lumbago or any skin ailment, you are out nothing, as the druggist you bought it from will give back your money and take the certificate for his pay.

The matter is entirely in your hands.

GILHOOLEY IRISH LINIMENT CO.,
St. Paul, Minn.

Northbound freight No. 219, while shifting on the yard at Tarboro last night, was in the act of backing into a switch when a freight car loaded with peanuts was completely overturned so that it necessitated the services of the steam wrecker from this city to replace it on the track. The wrecking crew from this city hastened through to Tarboro and the work of replacing the car and returning to town required not more than two and a half hours' time. No one was hurt by the derailment.—Rocky Mount Record.

EXPECT MISTRIAL WATKINS CASE

No Agreement is Looked for By the Court in This Noted Case.

Asheville, N. C., Oct. 30—The jury in the Watkins' case seems hopelessly at sea tonight and it now looks as if the trial which has occupied a whole week of the special term of Superior court will result in a mistrial.

At 5 o'clock tonight the jurymen sent for the deputy sheriff in charge and asked him to bring some graphophone records, that it was useless to discuss the case further, that each side seemed determined to stay there until next week.

On good authority it was learned that the jury stood 5 to 2, though it could not be learned whether for acquittal or guilty.

The jury took the case this afternoon at 3:15 after the fair and impartial charge of Judge Adams, in which he summed up the evidence and then directed them to weigh the evidence and decide accordingly as they believed it.

Locke Craig concluded the argument for the defense, and Solicitor Mark W. Brown for the prosecution today.

At 5 o'clock this afternoon the jury sent for the sheriff and told him that it was useless to deliberate further, that each side was determined and that there was no hopes for an agreement, and they did not want extra instructions, as they seemed to understand the case.

The jury after the first hour or so, judging from the noise, have discussed the case very little and their determination to some music bears out the conclusion that they are determined to wait the time as best they can until the court discharges them.

Fleet C. Watkins, the Black Mountain constable, who on the early morning of August 7th was called to the Hotel Gladstone to quiet a disorder and who in consequence of that call fired and killed John H. Bunting, of Wilmington, is the defendant claiming self-defense.

A verdict of murder in the second degree is asked for by the State.

Watkins' jury retired for the night at 11 o'clock without any hope of agreeing.

It's Fuel that's Expensive—Not the Stove

A Cheap, putty-jointed stove will waste more than its Original Cost in Fuel every winter.

As you know, fully one-half the carbon available for heat in soft coal is gas—the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal. The ordinary stove in burning soft coal allows this gas—half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer.

Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features making air-tight joints without the use of stove putty, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why.

Cole's Original Hot Blast

Saves the Owners and makes a saving of \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Your old stove and chimney are not tight. You get no heat, and your chimney is not safe. You have a draft, and your chimney is not safe. You have a draft, and your chimney is not safe. You have a draft, and your chimney is not safe.

Even Heat Day and Night—Fire Never Out.

Cole's Hot Blast is perfect in construction that fire will never go out, and when the draft is opened in the morning, the fire will burn two or three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at an even temperature all the time. Burns hard coal, soft coal, slack, lignite or wood.

OUR GUARANTEE

- 1.—We guarantee a saving of one-third in fuel over any lower draft stove of the same size, with soft coal or slack.
- 2.—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any other burner made with same-burning surface.
- 3.—We guarantee that the rooms can be heated from one to two hours each morning, with the soft coal or hard coal put in the stove the evening before.
- 4.—We guarantee that the stove will hold fire with soft coal 24 hours without rekindling.
- 5.—We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
- 6.—We guarantee that the stove is absolutely safe, and will not burn as long as used.
- 7.—We guarantee the feed door to be smoke and dust proof.

The above guarantee is made with a understanding that the stove be operated according to directions, and set up with a good flue.

For Hard Coal—Saves Half

The extent of unburned gases in hard coal is shown by opening the magazine cover of a base burner when the extra oxygen supplied fills the entire stove with flaming gas.

The fact that no stove putty is used to make air-leaking joints, gives you perfect control over the drafts on Cole's Hot Blast. The stove, economical combustion, and the large, positive radiating surface make it the greatest fuel-saving, hard coal stove made.

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheaply constructed, putty-jointed, shoddy made imitation stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them.

They all lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight, and soon open seams and cracks which render them worthless as fire keepers. See the name "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.

J. H. HARRIS PLUMBING & SUPPLY CO.,
WASHINGTON, N. C.

Messrs. W. A. Grimes and W. C. Manson, members of the Inland Waterway surveying party, were in the city today to replenish the supply of provisions. The survey is now in the Charlotte section, the houseboat on which the party lives being in Charlotte river about eight miles from Charlotte. Good headway is being made on the survey.—Southport Herald.

Ben Ormond, Robert Sugg and Norwood Adams, who were convicted of counterfeiting at the New Bern Federal court, and Arthur Ipeck, who was convicted of blockading, were brought to Raleigh yesterday and will be taken to the Federal prison at Atlanta this afternoon by Office Deputy P. A. Mitchell, of Raleigh, and Field Deputy J. T. Lincoln, of New Bern. These prisoners were sentenced, to serve one year each.—Raleigh News and Observer.

A very unique and romantic wedding ceremony was performed yesterday morning at St. Leo's hospital, when Dr. John R. Paddison, of Oak Ridge, was united in marriage to Miss Zora Sapp, of Kerneraville, by Rev. E. K. McLarty, pastor of West Market Street Methodist Church. Dr. Paddison and Miss Sapp were to be married on November 9, but Tuesday he had a sudden attack of appendicitis, and after a consultation with his physician an operation was decided necessary and he was brought to this city and carried to St. Leo's. Knowing that it would be impossible for him to be out in time for the marriage to take place on the 9th, he got into communication with his bride, the consequence was that she came to this city from her home and the marriage license was secured and the happy couple was married yesterday morning at 10 o'clock.—Greensboro News.

Yesterday afternoon a tenant house belonging to Messrs. W. S. Harris and C. A. Thompson, situated about two miles south of Wilson, on their farm, was totally destroyed by fire. The house was occupied by Warren Etheridge, colored, one of their tenants. No one was home when the fire was discovered. There was no insurance. The house was valued at \$200.—Wilson Times.

When They Criticize the Editor.

A "one-gallop editor can "bust" his last gallop in praise of a town, can black his soul exaggerating the good qualities of its citizens, and no thanks are uttered, but let that same little fellow publish some unpalatable truths, and all the wrath of the "elect" falls on him.—Elba (Ala.) Clipper.

SENSIBLE GIRLS.

In a certain western town there are a lot of very sensible girls who have banded themselves together under the name of the "Ladies' Marriageable League," and last week they held a meeting and adopted the following resolution:

Resolved, That we, the members of the Ladies' Marriageable League, do hereby agree not to marry any man who is not a patron of his home newspaper, for it is strong evidence of his want of intelligence, and that he will be too stingy to provide for a family, or educate his children, or support institutions for learning in the community.—Ex.

A young girl of fourteen was taking a trip on Pamlico sound in a small sloop. The sound was somewhat rough and many were seasick. The girl sat in the bow and was unusually quiet for her. "Are you feeling sick, daughter?" inquired her father. "No, I don't think I'm sick; but I should hate to yawn."
