**RUSS BROS.**  
THE PICTURE FRAMERS

## The Gem Theater

The program this evening will be unusually good, with three reels of new pictures and splendid music by the Gem Orchestra, composed of the finest of musicians.

Features are assured, and there will be a profusion of comedies by both American and French makers. Everyone should take advantage of the occasion and secure coupons for the set of Silver and Pearl Fruit Knives, bought from Smither & Co.

Coupon for a set of Beautiful Silver Fruit Knives with Pearl Handles purchased from the stock of A. G. Smither & Co. will be given beginning tonight. Adults only will be given coupons.

## WOMEN'S SHOES

IT IS WITH A FEELING OF PLEASURE AND PRIDE THAT WE ANNOUNCE THE ARRIVAL OF OUR WOMEN'S FOOTWEAR FOR THE FALL AND WINTER SEASONS.

Our shoes are far superior to the ordinary sort of shoes that can be had at every store, where women's shoes are sold. They came to us direct from the workshops of the world's most noted makers of Women's Shoes. There's many a new style feature in the Fall models, and we will take the greatest pleasure in showing our women patrons the handsome foot-wear that will be in vogue during the coming season.

State vs. W. J. Floyd; carrying concealed weapon; continued.

## STATE NEWS

Condensed Items of Interest Happening Throughout the State.

Announcement was made yesterday for the sale of the property of the Kinston and Carolina Railroad and Lumber Company, operating a railroad from Kinston to Pink Hill, N. C., a distance of 25 miles, to the Jno. L. Roper Lumber Co. The purchase price was said to be \$25,000 and the assumption of indebtedness of \$100,000. The John L. Roper Lumber Co. is owned by the Norfolk & Southern Railway Company—New Bern Journal.

Several pickpockets got off a train in Wilson today, so the conductor reported to the police, but the characters had scattered before the police got news of their presence here. Doubtless the pickpockets came here on account of the circus tomorrow. Watch out for the pickpockets.—Wilson Times.

Many Greenville people went to Farmville Sunday to attend the dedication of the new Baptist church at that place. The attendance at the service was very large, and the excellent sermon of Dr. R. T. Vann was much enjoyed. The new church is a beautiful building and Farmville should be proud of it.—The Farmville people manifested the spirit of hospitality that prevails there and entertained the visitors handsomely.—Greenville-Reflector.

A certain old gentleman from Rockingham who was taking in the circus and fair at Charlotte this week was put in a room to sleep with a stranger Monday night. "How do you feel?" asked his room-mate as they awoke next morning. "Fine," answered the man from Rockingham, "but a drink would help." The other volunteered to furnish a pint if he would furnish a dollar. He bit, and was told to wait at the Gem restaurant. From last account he is still waiting.—Rockingham Post.

There were two certificates of incorporation and one amendment filed with the secretary of state yesterday. The Winston Improvement Company, of Winston, was incorporated with an authorized capital of \$50,000 but will commence business with a paid up capital of \$10,000. The incorporators are: A. F. Sams, J. J. Rogers and F. A. Moore, all of Winston-Salem.

Motor and Machine Co. of Red Springs, has an authorized capital of \$25,000, but will begin business with \$5,000. Jas. A. Lane, W. E. Garrett and L. M. Cook, all of Red Springs, are the incorporators. The Kerr Bleaching and Finishing Works, Inc., of Concord, filed an amendment, increasing the preferred stock from \$25,000 to \$45,000, divided into 450 shares of a par value of \$100 each, with power to increase the preferred stock to \$50,000.—Raleigh News and Observer.

For a cutting scrape that happened in Lenoira about four weeks ago, Andrew Whitley, a young white man who has been feeling from justice since that time, was taken in charge by the police at the passenger depot yesterday afternoon. The officers at this place have been on the watch for the young man, who was thought to be in the vicinity, and on Saturday they received a telephone message from the chief of police at Lenoira, stating that a wife and brother of the young man were enroute to this city and that if a close watch was given them upon their arrival it was expected the young man could be apprehended. The young man was locked up here until this afternoon's train, when he was returned to Lenoira to stand trial in a magistrate's court there.—Rocky-Mount Record.

**J. L. ROPER CO. PURCHASE ROAD.**  
Norfolk, Va., Nov. 2.—Announcement was made here yesterday of the sale of the Kinston and Carolina Railroad and Lumber Company, running from Kinston to Pink Hill, N. C., a distance of 25 miles, to the John L. Roper Lumber Company, for \$25,000 and the assumption of certain indebtedness amounting as a whole to \$100,000. The sale was under receivership proceedings at Kinston. The John L. Roper Lumber Company, the purchaser, is owned by the Norfolk and Southern Railway.

**MRS. A. A. WATSON DEAD.**  
Passed Away at Home of Her Sister in Wilmington.

Many friends in this city and throughout the eastern section of the State learned with deep regret of the death of Mrs. Mary Catherine Watson, widow of the late Rt. Rev. Alfred A. Watson, D. D., which occurred at the home of her sister, Mrs. J. C. Munds, at 208 Ann street, at 7:45 o'clock Saturday morning. Mrs. Watson had been in failing health for some time. She had made her home in Charlotte with her sister, Mrs. J. S. Watters, since the death of Bishop Watson, and came to Wilmington about three weeks ago. She grew worse soon after arriving here and passed away peacefully at 7:45 o'clock Saturday morning.

Mrs. Watson was a daughter of the late Mr. Frederick P. Lord. She is survived by two brothers, Mr. John P. Lord, of New York city; Mr. F. A. Lord, of Wilmington; and two sisters, Mrs. J. D. Munds, of this city; Mrs. J. S. Watters, of Charlotte;

## LIST OF LETTERS

The following letters remain uncalled for in this office for the week ending October 30, 1909:

Gentlemen—A. S. Brown, F. C. Adams, H. H. Carman, G. C. Cantrell, William Collins, Fred J. Von Dohren, Dan Davis, Honore Syam, F. L. Faulconer, Milton Kay Herzog, Jas. Holiday, J. W. Kase, L. E. Kruger, R. L. Long, Er. Land, F. A. Layerwall, Mr. and Mrs. Adolph Murray, Joseph Moss, J. A. McMullan, John T. Owens, Joe Puke, Rufus Pead, Robert Riddell, John M. Saunders, P. E. Steating, Gie. Streeter, W. L. Scott, D. M. Torben, Will Ward.

Ladies—Mrs. Emma B. Adams, Mrs. A. C. Cox, Lizzie Clander, Julia Cuthrell, Adge Hygas, Lula Matson, Mrs. Orlie Readmond, Mrs. Pinnus Slaughts, Miss Jennie White, Miss Willie Ward, Miss Rose Williams.

## TO OUR TELEPHONE SUBSCRIBERS:

In order to obtain satisfactory telephone service, it is necessary for our subscribers to observe the instructions contained on the instruction cards tacked on to the various telephones. A great many of the subscribers are placing their receivers on the hooks before they complete their conversation and by doing this the operator gets the disconnecting signal which requires that she take down the connection, which, will of course, prevent you from completing the conversation with whom you were originally talking.

It is also desired that you place your lips close to the transmitter and give the number of the telephone with which you desire connection slowly and distinctly, calling the numbers by digits instead of the usual way. As example, if you desire to communicate with telephone No. 221, call the number double two, one. The operator will then repeat the number back to you to assure you that she has heard the order correctly and will then make the desired connection. Do not ask questions of the operator, but call for the chief operator for information. The operators will be too busy answering calls of the subscribers to spend any considerable time in connection with your telephone to answer questions that can be just as well answered by the chief operator.

There is still some additional outside work to be done in connection with the lines of those subscribers located outside of the corporate limits and outside of what is known as the cable district. It is necessary to string additional wires from the end of the cables to the subscribers' stations on these citying districts in order to metallic circuit them. This work may cause some trouble to the subscribers, but every effort will be used to reduce the amount of trouble to a minimum. Should you have trouble, however, in using your telephone or find that it is not working satisfactorily, do not hesitate to call the chief operator or Mr. Bell, our local manager, notifying him of the fact, and the matter will then be given prompt attention.

FOR neuralgia, sciatica, or any pain in the nerves

## Sloan's Liniment

has absolutely no equal. It penetrates at once—quiets the nerves and stops the pain.

Mr. J. C. Lane, of 1200 Ninth St., S.E., Washington, D.C., writes: "I suffered from neuralgia in my left hand and arm and was treated with all kinds of medicine, but without success. I then used Sloan's Liniment and after one application the pain left and after the second treatment it was gone."  
Price 25c, 50c and \$1.00, per bottle.

## It's Fuel that's Expensive—Not the Stove

A Cheap, putty-jointed stove will waste more than its Original Cost in Fuel every winter.

As you know, fully one-half the carbon available for heat in soft coal is gas—the entire gas supply for the world is estimated to be in many cities, and towns, and in the chimneys of the ordinary stove in burning soft coal allows this gas-half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer.

Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features, making air-tight joints without the use of stove putty, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why

# Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Your old stove and imitation Hot Blast are not air-tight, do not save the escaping gases and do not give you a warm house at night, because they are made with putty joints. You cannot afford to say to yourself, "My old stove will have to do this winter." The old stove is eating up the price of a new stove every year. Not only that, but on top of the cost is the unsatisfactory result it gives. It is always out the coldest morning.

Even Heat Day and Night—Fire Never Out

Cole's Hot Blast is so perfect in construction that fire will keep all night, and when the draft is opened in the morning will burn two or three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at an even temperature all the time. Burns hard coal, soft coal, slack, lignite or wood.

### OUR GUARANTEE

- 1—We guarantee a saving of one-half the fuel over any lower draft stove of the same size, with soft coal.
- 2—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any lower burner made with any heating surface.
- 3—We guarantee that the rooms can be heated from five to two hours each morning, with the soft coal or hard coal put in the stove the evening before.
- 4—We guarantee that the stove will burn fire with soft coal 30 hours without attention.
- 5—We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
- 6—We guarantee every stove to remain absolutely air-tight as long as used.
- 7—We guarantee the fuel to be burned and not lost.

The above guarantee is made with the understanding that the stove be operated according to directions, and set up with a good fire.

### For Hard Coal—Saves Half

The extent of unburned gases in hard coal is shown by opening the magazine cover of a base burner when the extra oxygen supplied fills the entire stove with flaming gas. The fact that no stove putty is used to make air-leaking joints, gives you perfect control over the drafts on Cole's Hot Blast. The slow, economical combustion, and the large, positive radiating surface make it the greatest fuel-saving, hard coal stove made.

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheaply constructed, putty-jointed, showy imitation stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them. They all lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight, and soon they require more fuel than the Original Hot Blast. "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.

**I. H. HARRIS PLUMBING & SUPPLY CO.,**

WASHINGTON, N. C.
