## WOMEN'S SHOES

IT IS WITH A FEELING OF PLEASURE AND PRIDE THAT WE ANNOUNCE THE ARRIVAL OF OUR WOMEN'S FOOTWEAR FOR THE FALL AND WINTER SEASONS.

Our shoes are far superior to the ordinary sort of shoes that can be had at every store, where women's shoes are sold.

They came to us direct from the workshops of the world's most noted makers of Women's Shoes. There's many a new style feature in the fall models, and we will take the greatest pleasure in showing our women patrons the handsome foot-wear that will be in vogue during the coming season.

## "INS" REPENT OF THEIR CONDUCT

Faction of the Wilson Baptist Church Hold Out the Olive Branch.

Wilson, Nov. 4.—The breach which occurred in the Baptist Church here over the former pastor, which resulted in many being turned out of the church and more withdrawing, bids fair to now be healed as it is expected that the two churches will unite. It will be remembered that a branch of Scotland Neck church was formed here as a result of the disunion.

At the conclusion of services at the First Baptist Church last night a conference was held at which a letter was read, copies of which will no doubt be mailed to the members of the Wilson branch of the Scotland Neck church. This letter was an acknowledgment and confession on the part of the members of the First Baptist Church that they acted too hastily and unwisely; that they were convinced they had not understood those members from whom fellowship had been withdrawn. The letter further stated they had cut out and burned all records relating to the unfortunate misunderstanding and that they had also erased them from their memories.

The letter was adopted without a dissenting vote.

The effect of the above letter will be that these members are still members of the First Baptist Church and the old officers will occupy their former position and will continue to do so unless they voluntarily ask for transfer letters.

### THANKS.

Tau Tribe, No. 18, Improved Order of Red Men, desire through this medium to express to the ladies composing the choir of the M. E. Church, also to Miss Gary Boyd, Miss Mary Shaw and Mr. L. Y. Shaw, sincere thanks for the splendid musical program rendered on the occasion of the memorial exercises of the tribe Sunday afternoon last. The success of the exercises was due in a large measure to their efforts. The tribe feels grateful.

By direction of Tau Tribe,  
W. H. McDEVETT, C. of R.

Rockingham, N. C., Nov. 5.—Thursday of this week was a bad day for blind tigers of Rockingham. Without a moment's warning, Sheriff Hinson and his efficient deputies, Mr. C. S. Shores and Mr. B. F. Palmer, gathered in thirteen of the law breakers; doing it all in the afternoon, and so quietly that but few knew anything about it until it was all over and the tigers were out again on bond to await trial. It is learned that warrants were issued for twenty-three of which the officers think will hold good. The cases have been worked up with uncommon skill and there is trouble in store for the thirteen. The tigers caught are the following: John Stotts, W. F. Henry, I. W. Watkins, Arch Stone, S. C. McDaniel, W. H. Cagle, T. B. Johnson, Arch Ingram, Lark Moss and Press Hinson.

The colored tigers are: Abe Spencer, W. P. Leak and Andrew Leak.

### INVITATION.

The Daily News acknowledges the following invitation:

The Trustees of the East Carolina Teachers Training School request the honor of your presence at the inauguration of President Robert H. Wright on Friday morning, November the twelfth, nineteen hundred and nine at ten o'clock Greenville, North Carolina.

### ANOTHER OPEN LETTER.

Greenville, N. C., November 11, 1909.

To G. L. Joyner: Sir—Something like 14 days ago I wrote you an open letter, challenging you to meet me in the courthouse at Greenville, on a public issue you are conducting with the people of North Carolina, setting forth a bill of indictment very clearly which I am ready to defend at any time. Not having heard anything from you, I will state that unless you set a date soon, then I will, as I am determined to be heard, and am standing pat on the proposition.

Yours, &c.,  
J. R. HUTCHINGS.

## THE OUTCOME

Tuesday's elections, so far as results have been received, indicate that the people of the country, from Maine to California, are tired of too strenuous "reform." Wherever they had an opportunity they turned down self-appointed "reformers" and elected plain, ordinary American citizens to office. Gibbon, the Philadelphia reformer; Tom Johnson, the Cleveland reformer; and Henry, the San Francisco reformer, were beaten outright, and Whitlock, the Toledo reformer, barely got through.

The campaign and election in New York attracted most attention, but there was really no issue involved, except the old issue of Tammany. The big runs of the Republican and Democratic parties took no part in the campaign. The outcome has no bearing upon national issues. Tammany elects Judge Gaynor, but loses control of the purse strings. So its victory is barren. The organization, however, remains intact—the best fighting machine in the country.

The lack of any real issue in the New York campaign accounts for the comparatively small vote cast for Mr. Hearst. He is at his best when fighting aggressively on clear-cut issues. The outcome, in our opinion, has no bearing upon Mr. Hearst's possible strength in future struggles. He is a man to be reckoned with hereafter. The elections, while locally interesting, had little or no relation to national questions. The results afford very few hints as to the attitude of the people toward tariff matters, for example. Republican strongholds remain at their normal strength, and Democratic sections remain untroubled. The country will have to wait longer before it can estimate the temper of the people as affected by events since last November.

The meager returns from Maryland indicate the loss of the suffrage amendment. The Republicans, therefore, have prevented the State from becoming permanently Democratic. This outcome may have indirectly an important influence upon national politics, but the Marylanders cast their votes yesterday solely on local considerations. They have not expressed themselves, even indirectly, on national issues.

The defeat of Francis J. Heney for district attorney of San Francisco is significant, since his candidacy was practically a test of public sentiment toward the graft prosecutions. It is reasonable to conclude that the city has taken a measure of Mr. Heney differing from that of some other communities, where he has been regarded as the ideal scourge of evil-doers.—Washington Post.

## N. C. PRESBYTERIAN MINISTER DISMISSED BY PRESBYTERY.

Charged With Unministerial Conduct in Writing Letters to Nurse.

Charlotte, N. C., Nov. 4.—With three charges of unministerial conduct against him, the First Presbyterian of the Associate Reformed Presbyterian Church, in session at Back Creek, today voted to grant a certificate of dismissal to Rev. Whitman Duncan, formerly pastor of the First Church, this city.

The case has been before the various Presbyteries of this section for a year and originated with sensational charges, which embodied letters written to the nurse of a local hospital while the ministers' wife lay on her deathbed in the institution.

Rather than stir the church with the scandal of a trial, which seemed inevitable, the Presbytery today voted to dispense with the offending minister, with the privilege of affiliation with some other denomination.

## OLD RELIABLE AGENT HERE.

Mr. H. B. Hardy, the traveling representative of the Raleigh News and Observer, is in the city today in the interest of his paper. Mr. Hardy has many friends in Washington who are glad to again shake his hand.

Good pasturage is essential to successful hog raising.

Corn ground cob and all, together with a portion of oats, makes a good feed, not only for cows, but the hogs as well.

Always be on the lookout for the development of a brood sow with a gentle, intelligent disposition.

No better way of maintaining the fertility of the soil than by stock raising.

Salt, charcoal and ashes should be kept where the hogs can help themselves.

It is an easy thing to push the hogs so hard with the early work as to put them out of condition. Such methods do not pay.

Cost of Pork-Making. The Nebraska station after a series of experiments has demonstrated that the farmers of that state can produce pork at \$2.43 to \$4.13 per 100 pounds, depending on the price of corn. With 20-cent corn and good alfalfa pasture pork can be produced at \$2.43 per 100 pounds. With corn at 55 cents per bushel, when fed with alfalfa, pork can be made at \$4.13 per 100 pounds.

## TO OUR TELEPHONE SUBSCRIBERS:

In order to obtain satisfactory telephone service, it is necessary for our subscribers to observe the instructions contained on the instruction cards tacked on to the various telephones. A great many of the subscribers are placing their receivers on the hooks before they complete their conversation and by doing this the operator gets the disconnecting signal which requires that she take down the connection, which will of course prevent you from completing the conversation with whom you were originally talking.

It is also desired that you place your lips close to the transmitter and give the number of the telephone with which you desire connection slowly and distinctly, calling the numbers by digits instead of the usual way. As example, if you desire to communicate with telephone No. 211, call the number double two one.

The operator will then repeat the number back to you to assure you that she has heard the order correctly and will then make the desired connection. Do not ask questions of the operator, but call for the chief operator for information. The operators will be too busy answering calls of the subscribers to spend any considerable time in connection with your telephone to answer questions that can be just as well answered by the chief operator.

There is still some additional outside work to be done in connection with the lines of those subscribers located outside of the corporate limits and outside of what is known as the cable district. It is necessary to string additional wires from the end of the cables to the subscribers' stations on these citying districts in order to metallic circuit them. This work may cause some trouble to the subscribers, but every effort will be used to reduce the amount of trouble to a minimum. Should you have trouble, however, in using your telephone or find that it is not working satisfactorily, do not hesitate to call the chief operator or Mr. Bell, our local manager, notifying him of the fact, and the matter will then be given prompt attention.
