Answer to Why do Men Wear Trousers?

No living man of this age ever deliberately chose to "adopt trousers." He was forced into them and all other eccentricities of dress by woman. In the very earliest sartorial experience of every man he was swathed in a queer bundle of incoherent bandages by woman. Later she puts him into cute little dresses so that the neighbors can't tell him from his little sister. Still later she cuts off his curls and puts him into knickerbockers, and he puts on "long pants" when she gives the word and not before. That is all that man has to do or ever had to do with wearing trousers. Woman forced him into them in the first place and now he is afraid to wear anything else for fear of making a sensation.

Now Mr. as long as you have got to wear them let us be your TAILOR.

ANOTHER OPEN LETTER.
Greenville, N. C.,
November 11, 1909.

To O. L. Joyner:
Sir—Something like 14 days ago I wrote you an open letter, challenging you to meet me in the courthouse at Greenville, on a public issue you are conducting with the people of North Carolina, setting forth a bill of indictment very clearly which I am ready to defend at any time. Not having heard anything from you, I will state that unless you set a date soon, then I will, as I am determined to be heard, and am standing pat on the proposition.
Yours, &c.,
J. R. HUTCHINGS.
