A Joyful Pastime
It's Really a Pleasure to Cure Catarrh by Breathing Hyomei. It isn't a pleasure to saturate your stomach with vile nostrums or to shock the tender membrane of the nose and throat with disagreeable sprays and douches. But strange to say there are a few thousand people who do not keep abreast of the times who are hoping against hope that these ancient methods will rid them of catarrh. If the readers of Washington who suffer from catarrh want to banish this vile and disgusting disease forever go to Brown's Drug Store today and get a complete Hyomei (pronounced High-o-me) outfit for \$1.00. If it doesn't cure it won't cost you a cent because Brown's Drug Store will give you your money back. Hyomei is so simple and pleasant to use; pour a few drops from the bottle into the inhaler and breathe it in. As it passes over the membrane and into the lungs with the air you breathe it soothes the raw membrane and kills the catarrh germs. Don't experiment longer. Leading druggists everywhere sell Hyomei for catarrh, coughs, colds, bronchitis.

STATE NEWS

Condensed Items of Interest Happening Throughout the State. In municipal court yesterday, Chas. Parker and Chas. Roberson, both well known men locally, received sentences of four and three months respectively upon the county road following a conviction upon a charge of gambling, while six co-defendants, charged with participating in the same game, paid fines which aggregated \$150 with an additional of \$30 in costs. Parker and Roberson both appealed to the next term of Superior court, bonds being fixed at \$250 and \$200 for their appearance in December. -Greensboro News.

A homicide occurred Saturday night at Balkland, the parties implicated being colored. The wife of Jim Drake was spending the night at the home of her father, Henry Vines. Drake went there to get his wife to go home and a row followed. Vines went to the wood pile and got an axe to run Drake off, and while trying to use the axe Drake stabbed him fatally in the abdomen. Dr. Laughlinhouse, county coroner, went out to hold an inquest and found the facts about as above given. -Greenville Reflector.

Fishermen from various sounds in the vicinity of Wilmington have been bringing in an abundance of mullets and trout during the past few days and it is believed the catches have been the best during the present season. It is estimated that 1,000 bunches were sold on the local market yesterday. Since the appearance of trout in the sounds during the past week the fishermen have had unusually good luck. Carts from all the sounds rolled in yesterday and in the afternoon there was a lively scene around Front street market. -Wilmington Star.

John and Low Adams, two brothers who were convicted of counterfeiting at the last session of Federal court in the city, were arrested in Greenville last Friday and placed in jail on the charge of burning the house of Julia Gardner, of Contra Costa township one of the witnesses against them. The men had threatened to burn the woman's house if she appeared against them, and they apparently carried out their threats. It will be remembered that although they were convicted in the counterfeiting at the last session of Federal court on account of physical disability. -New Bern Journal.

Last night at a negro festival in Ruth's Hall, two negroes, William Green and Bennie Young, got into an altercation, and today Bennie is in Leonard Hospital with a bullet in his right breast and Green is a fugitive. The full particulars of the affair were hard to get. There was a festival in progress at Ruth's Hall and just before 10 o'clock William Green and Bennie Young got into a difficulty. Those living near the hall say there were three shots fired, and just as soon as the first report was heard the revelers began to pile out of the hall like rats from a burning barn. When the officers arrived a bullet was found on the floor with a bullet hole in his right breast. He was hurried to Leonard Hospital. It was announced this morning that the wounded man was in a most critical condition, and there is small hope of his recovery. -Raleigh Times.

Variety in Stock Rations. The care and attention that are usually devoted to live stock during the winter season when crops are not on the field, do not need attention, and the farmer has to be idle at times, is considerable. When the labor is bestowed on the preparation of food for stock, in order to make the rations more valuable, and also more highly relished, there is then sufficient saving to more than pay for the labor, and also to induce more rapid increase in the weight of the animals or the production of milk and butter. Every farmer who takes advantage of the labor-saving implements reduces the cost of his products, and it may be claimed that new implements are being introduced so rapidly that many farmers are not aware of what is occurring, some of the latest being machines that almost dispense with human agency. Farmers do not pay sufficient attention to root crops, but it is so much easier to grow 10 acres of cabbages or carrots at the present prices with the aid of seed drills, wheel-diggers and weeder, than to cultivate one acre a century or a half century ago. Every farmer knows that there is no winter food superior to carrots for horses and cows, yet if one farm in a hundred can be found in which carrots are grown yearly, in order to provide an unlimited supply, it will be more than the average breeder, yet hundreds of bushels of carrots can be grown on an acre of land, according to soil and circumstances, and they are valuable for all classes of stock as well as being at all times highly relished.

One-Armed Man Handles Freight. Because of physical disability Q. W. Brown has sold his trucking business to Henry Scott. Mr. Brown has conducted this business for forty-four years. During the period he has literally handled tons upon tons of freight and with one arm. -St. Lawrence Plaindealer.

Going to Law. The man who goes to law for the

Light is better protection than any amount of barricades. Formerly, when men left their business places at night, they turned off the light and put up great shutters. Today, they have learned that their greatest safeguard against enemies is to pull back the blinds and keep a bright light constantly burning. For years many thought it necessary to defend the teaching of Jesus, when all that his teaching needed was the clear light of day, so that men and women could see what it really was. It is pathetic to see the little hordes that some well disposed persons have tried to build for the preservation of truth, when what is needed is only that lives be truly lived in the open. A highhouse needs no ops to convince people of its genuine character. -S. S. Times.

When the statute of George Peabody, erected some years ago in one of the thoroughfares of London, was unveiled, the sculptor Story was asked to speak. Twice he touched the statute with his hand, and twice he said, "This is my speech! That is my speech!" What a suggestion to Christians! Even so would they allow their actions, their consecrated lives speak of the Saviour they profess.

What Is Hyomei?

You Have Heard About the Catarrh Cure Brown's Drug Store Guarantees. Hyomei is a wonderful antiseptic, so powerful that it promptly destroys germ life, yet its action on the mucous membrane is extremely soothing and healing. It relieves catarrh in five minutes; it cures in a few weeks or money back. It is made chiefly of eucalyptus and eucalyptol taken from the eucalyptus forests of inland Australia. The medical profession knows that eucalyptus is an absolutely certain germ destroyer and with the active principles of eucalyptus as a base Hyomei is made more efficient, pleasant and quick acting by the addition included in the Hyomei formula, fish, without doubt, is the greatest destroyer of catarrh germs the world has ever known. Hyomei is a powerful, penetrating antiseptic that it is not to be denied. It does not contain any opiates, and is the opinion of every first-class physician or surgeon that it is a most reliable and powerful germ destroyer. No dosing the stomach when you use Hyomei. Just breathe it in through the small inhaler that comes with each outfit. Sold by leading druggists everywhere and in Washington by Brown's Drug Store, \$1.00 for complete outfit.
