

LEGAL NOTICES

NOTICE OF SALE

Under and by virtue of a power of sale contained in a certain mortgage deed, executed by Samuel J. Dixon and wife Susan B. to the Washington Horse Exchange Co., a corporation, on March 6, 1906, which is duly recorded in the office of the Register of Deeds of Beaufort county, in book 129, page 457, I will sell at public auction for cash to the highest bidder at the court house door on Monday, the 6th day of December, 1909, at 12 m., all that tract of land in Longacre township, Beaufort county, situated on the north side of Pamlico River, bounded on the east by the lands of Jarvis B. Allgood, on the west by the land now occupied by Mrs. Perry, a part of which was formerly the Roscoe land, bounded on the south by Pamlico River. Being the identical land described in a deed to Chas. Allgood to parties of the first part, recorded in book 129, page 592, register of deeds office, Beaufort county, reference is made to said deed for better description, and the various deeds therein referred to. This November 6, 1909. WASHINGTON HORSE EXCHANGE NORWOOD L. SIMMONS, Assignee and Owner of Debt.

NOTICE OF SALE

By virtue of the power of sale contained in a certain mortgage from Sylvester Boyd to O. Rumley, dated March 30, 1908, and duly recorded in the office of the Register of Deeds of Beaufort county, in book 162 at page 45, I will on Tuesday, the 14th day of December, 1909, at the court house door of Beaufort county, at 12 o'clock, midday, offer for sale at public auction, and for cash that tract of land in Washington township, on the east side of the road leading from Corey's to the main road, and adjoining the lands of W. H. Stanell and others, being the same land described in the said mortgage aforesaid. This the 14th day of November, 1909. O. RUMLEY, Mortgagee. By Wiley C. Rodman, Attorney.

TOWN TALK

Mrs. Lynn Lancaster left yesterday afternoon for Pactiva, where she will visit her mother, Mrs. Clark, for a few days.

Miss Alberta Dillahunty of Kingston, who was maid of honor at the Dillahunty-Stirling wedding yesterday, returned to her home on the afternoon train.

Mr. Archie Clark returned yesterday to his home in Wilson after a visit to his sister, Mrs. John Redman.

Miss Mary Clyde Haskell left on the afternoon train yesterday for Chapel Hill, where she will attend the Thanksgiving ball.

Mr. Herbert Jenkins left this morning for Scotland Neck on a short business trip.

Mrs. T. B. Cook and little son left this morning for Elizabeth City for a visit to Mrs. Cook's parents for a short while.

Mr. George T. Lesh returned this morning from a short business trip.

Mr. John A. Arthur of the Daily News staff will return this evening from a three days' stay in Norfolk, where he went on business Tuesday morning.

Mr. James Ellison returned this morning from a short out of town business trip.

There will be no special features at the Gem tonight, but every one of the pictures is a fine subject well portrayed. The historical drama "Cajonal Victoria" is too good to miss and you never saw a more perfect picture than "Some Talk For the Baby." It will make you laugh and hold its old patrons and the orchestra gets better every night. Tomorrow night will take place the drawing for that lovely prize from Smith's store which the Gem is giving to the lucky couple holder.

If you want to enjoy the evening get a ticket to the Gaiety and have a nice comfortable roomy seat in this attractive theater, where some of the best pictures you ever saw will be shown. A real sweetheart will be given tonight with the love story of a sailor and his sweetheart. The Wheel of Justice is a pathetic drama which will please everyone, and so will the clever comedy and the Dog Pickpocket. The Gaiety will put on three new acts all the time, and they will be the very latest from five weeks to ten days old. Changed daily. Follow the merry crowd.

Egyptian "Eshak."

This name is given to a peculiar kind of manure employed in Upper Egypt, and found on the sites of ancient Arabian habitations. Even the crumbled walls of the habitations themselves have added valuable ingredients to the deposits, because the walls were composed of earth intermixed with an abundance of straw. The sites are recognized in the first place, by the finding of relics of household articles, and even bits of jewelry. The deposits are found in successive layers, indicating that the sites have been occupied, abandoned, and reoccupied a number of times. Chemical analysis shows that the deposits of "ashak" are veritable beds of nitrates.

An Old, Old Life Site.

Recent excavation at the Maunbury Rings Circle, in England, is regarded as corroborating the tradition that a Roman amphitheater once existed on that site. A stratum of quartz, flint and fragments of shells, such as the Romans placed on the surface of the arena where gladiators fought, has been found there. A very interesting fact is that other remains indicate that the place was used by Neolithic people as a flint workshop. It is apparent that they used picks made of deer's antlers to excavate the pit where the flint was found. The pit is 30 feet deep. The place seems to have been almost continuously occupied since Neolithic times.

An Actor's Ruse.

One of the leading comedians of the Frankfurt Theatre in Germany went to the director and asked for an advance on his week's salary. The books showed that the whole amount had already been drawn, and the director said "No." "Very good," said the actor, "then I shall refuse to go on to-night." The director saw that it was dangerously near certain time and reluctantly gave the actor the amount asked for, but said: "Remember, sir, this is nothing short of extortion, and a cowardly one at that." "Not at all, Herr Director," said the actor, stuffing the money in his pocket, "my name is not on the bill for to-night, anyway."—The Argonaut.

\$25.00 REWARD

Lost, taken by mistake, or left in some store about a month ago, one small brown leather sample case about 1 1/2 inches long by 1 1/2 inches high. Case had an L. C. M. A. tag on it with the name of R. B. Stephenson on the inside of the tag. The above reward will be paid for any information leading to recovery of same. Mark Lewis.

Worry is the mother of sick, nervous and troubled mentality; upsets the entire physical system. The body is a network of nerves. Hollister's Rocky Mountain Tea soothes and refreshes the entire system. Try it tonight. Hardy's Drug Store.

If true friendship plays any part when you have purchased your Christmas presents and on your way home passing Baker's Studio you will find you have made a mistake if your friend has rather have a nice photograph of yourself than anything else you could imagine then I would think he is not worthy to be called your friend. Baker's Studio.

Good Work

Done Daily in Washington. Many Citizens Tell of It. Nearly every reader has heard of Doan's Kidney Pills. Their good work in Washington still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Jackson Baxter, 424 Bonner street, Washington, N. C., says: "I suffered from kidney and bladder trouble for a long time. The secretions from my kidneys were scanty at times while at other periods and attended with pain in passage. I had severe backaches and constant gnawing pains through my kidneys. I was feeling miserable when I heard about Doan's Kidney Pills and procured a box at the Washington Drug Co. They gave me such great relief that I procured a further supply and now the pains across my back have almost entirely disappeared and my kidneys are normal. I can strongly recommend Doan's Kidney Pills to any one troubled by kidney complaint." For sale by all dealers. Price 50 cents. Foster-McClellan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

NOTICE. North Carolina, Beaufort County. In the Superior Court. F. T. Phillips vs. W. A. Bridges. By virtue of an execution directed to the undersigned from the Superior Court of Beaufort county, in the above entitled action, I will on Monday the 20 day of January, 1910, at the courthouse door of said county at 12 o'clock, as well as the highest bidder for cash to satisfy said execution all the right, title and interest which the said W. A. Bridges had on the 14th day of January, 1908, in the following described real estate, to-wit:

A certain tract or parcel of land in Beaufort county, State of North Carolina, and Washington township. It being a part of what is known as the Sparrow land, and situated at the corner of Sparrow street and Moor's alley, as they are staked out through said tract of land. Beginning at the northwest corner of Moor's alley where it intersects Sparrow street, 239 feet from the center of Gladden street, one of the streets of the town of Washington, running thence south with Moor's alley 120 feet, thence west parallel with Sparrow street 30 feet, thence north parallel with Moor's alley to Sparrow street 120 feet, thence east with Sparrow street to Moor's alley 30 feet, it being the beginning of it being a lot fronting Sparrow street 30 feet, and Moor's alley 120 feet, and is the same lot of land conveyed in a deed from P. W. Fort and wife to W. A. Bridges, dated November 26, 1906, and duly recorded in the Register's office of Beaufort county and is referred to and made a part of this conveyance." This the 24 day of December, 1909. GEO. E. RICKS, Sheriff of Beaufort County.

JESSE ROSS and CHARLIE FLEMING, Solicitors.

HOME BUILDING & LOAN ASSOCIATION

It's Fuel that's Expensive—Not the Stove

A Cheap, putty-jointed stove will waste more than its Original Cost in Fuel every winter.

As you know, fully one-half the carbon available for heat in soft coal is gas—the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal. The ordinary stove in burning soft coal allows this gas—half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer. Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features, making air-tight joints without the use of stove putty, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why

Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Your old stove and chimney that are not air-tight, do not save the escaping gases and do not give you a warm home at night, because they are made with putty joints. You cannot afford to say to yourself, "My old stove will have to do this winter." The old stove is eating up the price of a new stove every year. Not only that, but on top of the cost is the unsatisfactory result it gives. It is always out the coldest morning.

Even Heat Day and Night—Fire Never Out

Cole's Hot Blast is so perfect in construction that fire will keep all night, and when the draft is opened in the morning will burn two or three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at an even temperature all the time. Burns hard coal, soft coal, slack, lignite or wood.

OUR GUARANTEE

- 1-We guarantee a saving of one-third in fuel over any lower draft stove of the market, with soft coal or slack.
- 2-We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any other stove made with same heating surface.
- 3-We guarantee that the rooms can be heated from one to two hours each morning, with the soft coal or hard coal put in the stove the evening before.
- 4-We guarantee that the stove will hold fire with soft coal 24 hours without attention.
- 5-We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
- 6-We guarantee every stove to remain absolutely air-tight as long as used.
- 7-We guarantee the feed door to be smoke and dust proof.

The above guarantee is made with the understanding that the stove be operated according to directions, and set up with a good fire.

For Hard Coal—Saves Half

The extent of unburned gases in hard coal is shown by opening the magazine cover of a base burner when the extra oxygen supplied fills the entire stove with flaming gas. The fact that no stove putty is used to make air-leaking joints, gives you perfect control over the drafts on Cole's Hot Blast. The slow, economical combustion, and the large, positive radiating surface make it the greatest fuel-saving, hard coal stove made.

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheap, putty-jointed stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them. They all lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight, and soon open seams and cracks which render them worthless as fire keepers. Get the name "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.

J. H. Harris Plumbing & Supply Co., WASHINGTON, N. C.
