

LEGAL NOTICES

NOTICE OF SALE.

Under and by virtue of a power of sale contained in a certain mortgagee, executed by Samuel J. Dixon and wife Susan E., to the Washington Horse Exchange Co., a corporation on March 6, 1906, which is duly recorded in the office of the Register of Deeds of Beaufort county, in book 129, page 457; I will sell at public auction for cash to the highest bidder at the court house door on Monday, the 6th day of December, 1909, at 12 m., all that tract of land in Longacre township, Beaufort county, situated on the north side of Pamlico River, bounded on the east by the lands of Jarvis B. Allgood, on the west by the land now occupied by Mrs. Perry, a part of which was formerly the Rector land, bounded on the south by Pamlico River. Being the identical land described in a deed to Chas. Allgood to parties or the first part, recorded in book 126, page 592, register of deeds office, Beaufort county, reference is made to said deed for better description, and the various details therein referred to.

This November 6, 1909.

WASHINGTON HORSE EXCHANGE
NORWOOD L. SIMMONS, Assessor
and Owner of Debt.

NOTICE OF SALE.

By virtue of the power of sale contained in a certain mortgage from Sylvester Boyd to O. Lamb, dated March 20, 1908, and duly recorded in the office of the Register of Deeds of Beaufort county, in book 122 of page 57, I will sell at public auction for cash to the highest bidder at the court house door on Monday, the 13th day of December, 1909, at the court house door of Beaufort county, at 12 o'clock, midday, all that tract of land in Weston's township, on the east side of the river leading from Corey's to the main stream, and adjoining the lands of W. H. Simons and others, being two and one-half acres in the said mentioned forefront.

This the 13th day of November, 1909, O. L. Lamb, Mortgagor.

It's Fuel that's Expensive—Not the Stove

A Cheap, putty-jointed stove will waste more than its Original Cost in Fuel every winter.

As you know, fully one-half the carbon available for heat in soft coal is gone—the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal.

The ordinary stove in burning soft coal allows this gas—half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer.

Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features, making air-tight joints without the use of stove putty, distills this gas from the upper surface of the coal, in heating it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why

Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Your old stove and imitation Hot Blast are not airtight, do not save fuel, and do not give off a warm house at night, because they are made with putty and wood. You cannot afford to say to yourself, "My old stove will have to do this winter." The old stove is eating up the gas of a new stove every year. Not only that, but on top of the cost is the unsatisfactory result it gives. It is only cold the coldest morning.

Even Heat Day and Night—Fire Never Out

Cole's Hot Blast is perfect in construction that fire will keep all night, and when the draft is opened in the morning will burn two or three hours with the fuel put in the night before. No other stove does this. His Hot Blast never goes out, and the room remains at an even temperature all the time. Burns hard coal, soft coal, coke, lignite or wood.

OUR GUARANTEE

We guarantee a saving of one third in fuel over any lower draft stove of the same size. We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any other stove made with same heating surface.

We guarantee Cole's Hot Blast to burn one to two hours each morning, whether coal, coke or hard coal put in the stove the previous day.

We guarantee that the stove will heat fire with soft coal, coke without smoke or fume.

We guarantee every stove heat day and night, with soft coal, hard coal or lignite.

We guarantee the feed door to be smoke and dust proof.

The above guarantee is made with the understanding that the stove be operated according to directions, and set up with a good fire.

For Hard Coal—Saves Half

The extent of unburned gases in hard coal is shown by opening the magazine cover of a base burner when the extra oxygen supplied fills the entire stove with flaming gas.

The fact that no stove putty is used to make air-leaking joints, gives you perfect control over the drafts on Cole's Hot Blast. The slow, economical combustion, and the large, positive radiating surface make it the greatest fuel-saving, hard coal stove made.

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheaply constructed, putty-jointed, stove made imitation stove. Like all unsuccessful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them.

They all lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight, and soon open seams and cracks which render them worthless as fire keepers. See the name "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.

This morning about 4:30 the fire department responded to an alarm which proved to be a blaze in the chicken coop of Mr. F. T. Rice, solicitor and collector of the Times. The fire originated from some hot ashes, and the damage consisted principally in the destruction of the coop, and two chickens, although the sparks did some damage to the roof of the home. Mr. Rice, who is always "on the job," it is stated, during the conflagration rushed among the bystanders examining—"My house is on fire; subscribe to the Wilson Times." About 7 o'clock this morning another alarm was turned in when proved to be another chicken house, one belonging to Mr. J. J. Privett. The fire originated from some ashes also, but fortunately for Mr. Privett, his chickens roosted last night in his buggy house, so the loss aside from the coop is nothing.—Wilson Times.

SORE THROAT

It leads to something worse. Gargle a Preparation which relieves sore throat, hoarseness, croup, colds and pneumonia by destroying inflammation and congestion. Keep it in the home for emergencies. External and penetrating. \$1.00, 50c, 25c. All druggists.

John Brice, colored, who was yesterday in the recorder's court charged with the larceny of a razor from Marshal Laurie, colored, but whose case was continued, was this morning adjudged guilty and sentenced to go.

Two other witnesses appeared in the cedar this morning and corroborated the statement made by Laurie's wife yesterday to the effect that her brother, the defendant, did not steal the razor, but Fred Laurie, her husband's brother did. The two witnesses testified to having seen the latter with the razor. He, however, has disappeared.—Charlotte News.

W. H. Daniel has resigned his position as private secretary to Judge James P. Boyd and will leave today for Asheboro where he will assume his former duties as United States court reporter. Mr. Daniel came here about two months ago and during his short residence in this city he has made a number of warm friends, all of whom greatly regret his departure, even though it will be more remunerative.—Greensboro News.

Mr. D. L. Jacobs was brought to the city yesterday and placed in the Union Hospital as a result of injuries sustained while working for the Carolina Biscuit Company at Stackhouse, North Carolina. Mr. Jacobs, it is reported, had crawled under the dryer to examine the one as to its fitness and was caught up in the cogwheel wheel of a chain driver and carried around twice before the chain threw him out. The injuries he received from this resulted in three broken limbs. His right leg was broken both above and below the knee joint, his left arm above and below the joint, and his right arm above the joint; several other fractures were inflicted upon him, but these were not serious cases. He was brought to Asheboro on a through freight which reached here about 2 o'clock yesterday and Dr. Willard reset the bones. While the man is suffering much pain it is thought that with the proper care he will recover and have the use of his limbs as he has always had.—Asheville Citizen.

Latest and most exquisite line of holiday Box and Note Paper now on display. Also a select line of Toilet Sets, Combs and Brushes. Come and take a look.
