WASHINGTON, N. C., DEC. 15

LET THE NEWS FOLLOW.

Parties leaving town should not fail to let the News follow them daily with the news of Washington fresh and crisp. It will prove a valuable companion, reading to you like a letter from home.

MUST BE SIGNED: All articles sent to The News for publication must be signed by the writer, otherwise they will not be published.

The Christmas turkey denies that he is monarch of all he surveys.

General Estrada is alarmed, read the headlines. With the Hon. Philander Knox back of him, too.

A Western woman asserts that her feet are a sign of brains. Wonder what "rate" in the hair denotes?

Nicaragua is heralded as the new center for this week and a decisive battle is looked for at any time.

At the present price no doubt a great many of our readers will enjoy their usual egg nog Christmas morn.

Senator Raynor must have thought he was appearing before a court of inquiry instead of the Senate. Wonder if his speech will have the same effect.

Farmers should start in at once getting ready for the Washington agricultural fair in 1910. It's surely coming. Hurry and set in the band wagon.

The city station house will have to content itself with thinking of the "has-beens" this year. The Xmas job is going to be a thing of the past, say the cops.

An exchange thinks that whiskey makes hypocrites. There is no doubt about the fact that many hypocrites make whiskey, and you don't have to go far to find them, either.

If you want to see disappointment written on people's faces watch the crowd leaving the Gem Theater at night after the drawing has taken place. The prize there is bound to be one to smile at all the others!

The Sun looks like the brightest of the cheery bunch of any city in the country. That, then, is the compensation which will get for living there. We have often wondered what the inducement was.

The holiday shopper should be considerate and not needlessly impose burdens on the busy and weary delivery boys.

Mrs. Carrie Nation has taken up the defense of the mother-in-law. But this one is not to be counted against the mother-in-law.

Dickinson has the temerity to disagree with Teddy on the question of army physical tests.

Should the supply run short, mistakes by suggestion, will do just as well.

REFLECTOR ANNIVERSARY EDITION

Last Friday the Greenville Reflector issued a mammoth paper commemorating its fifteenth anniversary as a daily paper, and we must congratulate Brother Whitchard on his successful achievement. The Reflector is in every way worthy of the large patronage it receives, and this last effort on the part of the proprietor certainly shows that the community in which the paper is published appreciates it and patronizes it.

We look for great things yet to come to this excellent journal, and no doubt they will soon be attained. The present owner, congratulations are in order to our worthy neighbor.

A MAMMOTH PAPER

The Wilmington Star, founded in 1867, issued a waterway edition of 50 pages yesterday. It exhibits enterprise and push, and shows that the present management are newspaper

men of ability and making good. The Star is one of the State's first papers, and has always stood in the forefront. It has our best wishes.

Take the Daily News for a year and send it to your best girl for a Christmas gift.
