BOYS' CORN CLUBS.

Scuth Carolina has the corn-grow ing fever, as well as North Carolina. We note from the Columbia State: "That 20 boys plantinf one acre each in Dillon county, South Carolina

have produced this year 1.709 bushels of corn, that each of them produc-ed es much as 79 bushels on his acre and that the crop of one of them, Hovey Edwards, was 132 3-4 bushels while that of Frank McDonald was til bushels, are statements of facts hat ought to arouse the attention of people everywhere who are disturb-

ed about the high cost of living and the inadequate supply of food stuffs. When one man in a generation succeeds in raising an extraordinary ercp on a single acre, it is no final significance, but when 20 lads, all under 18 years old, with their respec-tive acres, no doubt lingers that the region where these lads live is notably a corn region and that only the application of intelligent methods and industry are required to get great wealth out of the soil. Meantime, the success of Dillon county boys is exceptional in South Carolina; similar results are being obtained in a score of South Carolina counties and the proof of corn productiveness 's equally clear in other sections of South Carolina." The boys' corn clubs are doing

gcod work in showing what can be dcre in growing corn. When South Carolina, North Carolina, and the shift and promising future as an South can produce corn yields like the above the wonder grows that any is there shipped into this section from

mest. But with demonstrations like that

infection spreading the and the wouth, ought, in a few years, to produce its own corn and remove both its corn cribs and its smokehouses The boys are learning the valuable learning the valuable learning for themselves and teaching it is the whole south. If all will but prove ant pupils it will be so much the Sector for them .- Raisigh Times

Tau Tribe No. 18, Improved Order et Red Men, had their annal memo-rial services restarday afternoon at the Elks Hall and it proved to be an occasion of interost and instruc-tion to the lirge number of visitors present. The probram as atranged by the semulities in charge. Yes curried out to the fatter and refused an unail credit on them. The serno small credit on them. The ser-vices took place at 2 o'clock. The music was furnished by the obair of the First Presbyterian church. Only two members have passed away dur-ing the current year, Mr. F. G. Paul.

who died December 30th, 1909, and and Mr. W. C. Mallison, who fell on sleep December 23rd, 1909. The members of the tribe marched from their hall to Elks Home in a oody wearing their regalla and badges of morning

The first number on the program was "Come Weary Souls" by the

choir. This was followed by the roll call of deceased members by the chief of records. The Sachem, Mr. Heber Winfield paid a beautiful trib ute to the departed members. A a speaker he is magnetic and attractive. This part of the occasion was one of the most pleasing features. A male quartette . consisting of Messrs. Z. M. Potts, John Smith, R. Lee Stewart and Lyndon Shaw, Shaw,

charmingly rendered "Morning, Noon and Evening." The eulogy of deceased brothers by Chief Norwood L. Simmons was made in his usual attractive and eloquent manner. He held his hearers spellbound from start to finish. Mr. Simmons was most happy in his remarks. After this beautiful and ornate ad-

casions by the Stump Chiefs and members. After the prophet had made the in ocation a vocal duct, "Abide With Me" was sweetly sung by Miss Eliza-

beth Thomas and Mary Shaw. The Senior Sagamore in words of beauty paid a tribute to the deceased mem bers The crowning feature of the after-

noon was the oration on Redmanship, delivered by our young and talented townsman, Mr. Edward L Stewart. For thirty minutes in beau tiful pharses, and words of beauty and ornateness, he told of Redman ship, its history, its struggles and what it is destined to do. Mr. Stew-art is no stranger to Washington people as a speaker and he always charms any audience. Yosterday if-ternoon he sustained his well earned LIQUID CURES ECZEMA reputation. It was a magnificent ef fort and presented in a manner to hold the undivided attention f ev-

ery one present. We would not attempt even a di-gest of this address,, suffice it to say

It was a masterplece. Nothing but congratulations are his today. This order in Washington, is in a most flourishing condition. It has order.

A Very Needful Cause.

I feel very sure that I am struggling at, with my little means and strength, a most needful and uplift-ing cause, and my much exeperience enables me to know that it is most neglected, in comparison to the means and other advantages, of any other, as a whole, that is extint. the And the extent of the need and cuantity is so great in comparison to my sowers and means, that I hereby insite all bodies of people and indi-iduals, who would like to help in a good cause to request me, throug

WHERE SALVES FAIL In regard to skin diseases, medi-

cal authorities are now agreed on this: Don't imprison the disease germa

in your skin by the use of greasy salves, and thus encourage them to in a multiply. A true cure of all ecze-has matous diseases can be brought a an about only by using the healing

agents in the form of a liquid. WASH THE GERMS OUT

A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription. This pen-etrates to the disease germs and de-

stroys them, then soothes and heals the skin as nothing else has ever done. A 25 cent trial bottle will start cure, and give you instant re-
