Upsets All Precedents

CHAMP CLARK WILL BE THE NEXT SPEAKER OF THE HOUSE OF REPRESENTATIVES—DEMOCRATIC SENATORS WILL BE ELECTED IN NEW YORK, INDIANA AND POSSIBLY WEST VIRGINIA.

Washington, Nov. 10.—A political revolution which has shattered traditions and deluged republicans under a tidal wave of democracy has swept the country.

It has upset the precedents of a generation, changed the political complexion of the national house of representatives and presaged the national political fight in 1912. The full and effective result was not realized until today, when the sober second thought turned to a consideration of its outcome.

The socialists made amazing gains electing at least one of their party to congress and he will be the first of that political propaganda to sit in the national house. He is Victor L. Berger of Milwaukee.

Senatorships have fallen; a stinging rebuke has been administered to the republicans for the high cost of living caused by the tariff bill. Particularly did interest turn to the candidates and issues sponsored by ex-president Roosevelt. The overthrow of Colonel Roosevelt's doctrine of new nationalism and the defeat of many of the men he supported has by no means silenced the question: "What will Roosevelt do in 1912?"

With the machinery of the government in the hands of the democrats, two far-reaching results are in view: The election of Representative Champ Clark, of Missouri, or some other democrat speaker and the possible revision of the Payne-Aldrich tariff by the sixty-second congress.

The great national pivotal states of New York, Massachusetts, Ohio

and Indiana are democratic and throughout the west insurgency with its prevalent or democratic upholding the principles of insurgency were pretty generally elected.

The eyes of the nation were focused upon New York because of the activity of Roosevelt in that state. Roosevelt and Roosevelt's future was an absorbing issue. The election of John A. Dix governor and the balance of his democratic ticket discredited, according to political students, the doctrine of new nationalism which Colonel Roosevelt hoped to mould into a great national party.

The far reaching effects were hardly recognized today so vast are they in their consequences. The oligarchy of power in the United States senate has been burst asunder and the next congress will open under a totally new regime.

A democratic legislature in New York will choose a successor to Senator Depew. Senator J. A. Beveridge, insurgent republican, and patroned by Roosevelt, has been defeated in Indiana and will be succeeded by John W. Kern. Senator N. B. Scott's senatorial seat from West Virginia is in doubt.

Democrats claimed that Senator Henry Cabot Lodge would not be returned from Massachusetts.

Maine, which went democratic recently will elect a democrat to succeed Eugene Hale in the senate.

Political interest far and near is directed towards the congressional results with the promise of democrats looming up that measure will be taken to reduce the cost of living through tariff revision. As the situation is broadly considered the democrats will have a chance to carry out their program in the house and, by an alliance of democrats and insurgents in the senate, the situation will present the picture of a democratic congress forcing legislation under the pen of a republican president.

The election of Eugene Foss, democrat, governor of Massachusetts and Simon E. Baldwin, democrat, governor of Connecticut, coupled with the earlier democratic landslide in Maine has completely changed the political complexion of New England.

There will be many faces new to Washington in the sixty-second congress, but not one of the new members will be watched more closely in Victor Berger, the socialist, who has been elected a representative in Milwaukee.

PREACHES WITH MUCH POWER

Rev. L. E. Dutton preached the sermon at the First Baptist church last night. He used the above subject, and forcibly impressed the large congregation with this profound thought. The goodness of God is abounding to every one, but it is the common tendency of human nature to take these good things God gives us, and turn them to evil use. The speaker demonstrated the part God had in crops, seasons, the soil, business conditions, without which man must ever be a helpless creature. He closed with an earnest appeal that people in return for God's blessings give their lives to His service, through faith in Jesus Christ. Eight persons presented themselves for church membership at the close of the service.

Rev. K. A. Handy spoke at the afternoon service yesterday. He used as his subject, "Treasures in Heaven." He contrasted the effort of many to lay up treasures on earth but commended the teachings of Christ to lay up treasures in Heaven, as the place of greatest safety. The message was full of tenderness and hope, and gave much comfort to those present.

Tonight will close the ministry of these pastors with us. They have won their way into the hearts of the people by their sweet singing and earnest preaching. It is hoped they may be induced to come our way again.

The ordinance of baptism will be administered at seven o'clock tonight, preceding the regular service which begins at 7:30 o'clock.

BE WISE IN TIME.

You cannot keep well unless the bowels are regular. Neglect of this rule of health invites half the sicknesses from which we suffer. Keep the bowels right; otherwise waste matter and poisons which should pass out of the body find their way into the blood and sicken the whole system. Don't wait until the bowels are constipated; take Bloodline Liver Pills.

They are the finest natural laxative in the world—gentle, safe and prompt and thorough. They strengthen the stomach muscles, and will not injure the delicate mucous lining of the bowels. Bloodline Liver Pills have a constitutional action that is the longer you take them, the less frequently you need them. They help Nature help herself and keep the bowels healthy, the stomach strong and the system well. They never sicken, weaken or grow.

The big stick has been badly cracked and warped.

A HELPING HAND.

is Gladly Extended by a Washington Citizen.

There are many enthusiastic citizens in Washington prepared to tell their experience for the public good. Testimony from such a source is the best of evidence, and will prove a "helping hand" to scores of readers. Read the following statement:

Jackson Baxter, 424 Bonner St., Washington, N. C., says: "I suffered from kidney and bladder trouble for a long time. The kidney secretions were very scanty at times while at others profuse, and the passages were attended with pain. I had severe backaches and constant gnawing pains through my kidneys. I was feeling miserable when I heard about Doan's Kidney Pills and I procured a box at the Washington Drug Co. They gave me such great relief that I obtained a further supply and since using this the pains across my back have almost entirely disappeared. I heartily recommend Doan's Kidney Pills to anyone troubled by kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn, Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Largest Domes.

Some of the largest domes in the world are: The Pantheon at Rome, 142 feet diameter, 143 high; baths of Caracalla, Rome, 112 feet diameter, 116 feet high; St. Sophia, Constantinople, 115 feet diameter, 201 feet high; St. Maria delle Fure, Florence, 139 diameter, 810 feet high; St. Peter's, Rome, 120 feet diameter, 330 feet high; St. Paul's, London, 112 feet diameter, 216 feet high.

In the Air.

She—Did you notice that an eminent professor, lecturing the other evening, asserted that were there an undue proportion of oxygen in the atmosphere people would become intoxicated? He—Yes; air tight, I suppose he meant.

BETTER THAN SPANKING

Spanking does not cure children of bedwetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment with free instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

SECRET OF LIVING.

If we can only come back to nature together every year and consider the flowers and the birds and confess our faults and our mistakes under the silent stars and hear the river murmuring in absolute we shall die young even though we live long, and we shall have a treasure of memories which will be like the twin flower, a double blossom on a single stem, and carry with us into the unseen world something which will make it worth while to be immortal.—Henry van Dyke.

Don't Wait.
A paper devoted to country life remarks that "spring is the best time of the year to move home."
It may be. But if a bee-catcher on your lawn or a bird's nest on your chimney in the fall don't wait for a good thing to come, you will discover what that means in your own life.

THESE COLD MORNINGS.

won't set you shivering—have no terrors for you—if you have a gas radiator in your room connected with our mains and your own house feed pipes. Turn the cock, strike a match and just feel your apartment grow comfortable in a trice. When you're dressed you can shut off the gas, so getting heat for a few cents. Ask us how few.
