All premiums not named were donated by the Retail Merchants' Association of Aurora.

The fair was given under the auspices of the Aurora Branch of the Retail Merchants' Association and the success of the occasion was due entirely to this body of representative men.

The judges selected by them were: For the Woman's Department—Mrs. A. J. Proctor of Grimesland, Mrs. G. T. Farnell of Bayboro, and Mrs. J. A. McCotter of Vandemere. For the Farm Products—Mr. J. E. Clark, Jr., of Washington; Mr. G. M. Mooring of Greenville, and Mr. W. E. Proctor of Grimesland.

An illustration that these gentlemen know the best of farm products when seen, they were called upon to judge some corn, which, without their knowledge had been passed upon by an expert from the U. S. Department of Agriculture, after the awards had been made it was found that they had made the same decision, as was made by the department expert therefore it will be seen that these gentlemen are not novices.

This ended a day which will long be remembered by those so fortunate as to be present. The hospitality of these people is far-famed and on this occasion they outdid themselves.

One feature of the entertainment, which we cannot pass without comment, was the music which was furnished by the Aurora Concert Band.

This organization while still in its infancy is one which would do credit to any town, and the young men composing it all deserve a great deal of credit for the courage and energy shown by them in overcoming all obstacles and the community at large should give its support in both a financial and moral way.

We were about to close without making mention of the one factor which made this fair possible. This factor is the Washington and Vandemere railroad; before the completion of this road it would have been impossible to have attracted such a gathering as was present at Aurora

yesterday.

The advertising, which meant so much for the development of the section through which it traverses, was one which meant at outlay of several thousands of dollars for years before any returns could be hoped for and until recently it has been operated at a considerable loss.

The new life it has instilled in the section adjacent to Aurora is the best evidence of what was needed to develop a country which has no superior in fertility of soil.

Ten years ago the people of the Aurora section were either compelled to drive to Washington or consume two days on the trip by boat. How different it all is now, a person can leave Aurora early in the morning, come to Washington, do their shopping and be home again before noon in fact a trip could be made from Aurora to Washington and return twice daily if it was so desired.

The Daily News' representative hopes the opportunity will again present itself whereby he can partake of the hospitality of the people about whom he has such pleasant recollections.

CHAMP CLARK SAYS REVISE TARIFF DOWNWARD AT ONCE

Bowling Green, Mo., Nov. 11.—Downward revision of the tariff at once is the pledge made for the new Democratic House of Representatives by Champ Clark, congressman from the Ninth district, who is a candidate for the speakership.

"The landslide is in line with my prediction of month ago," said Mr. Clark at his home. "The people are tired of the present administration and are provoked to just the extent that the returns indicate with the tariff question."

"The first and greatest proposition the Democrats should stand for is a reduction in the tariff to a revenue basis. I would reduce it scientifically and gradually and put it into a sliding scale, much like there was in the tariff bill of 1833."

THE PREACHER

Last eve I sought the church and heard a gifted pastor preach the Word. He talked of men whose rays were o'er two thousand years ago or more. He talked of kings whose bones were dust whose sceptres were reduced to rust so long ago their stories seemed like fragments of a summer dream. He said no word of those who strive in this old world, intense alive, who fight their battles every day, obscurely in their feeble way. I'd just as soon be in the dark concerning Father Noah's ark; I care not for the tents of Baal, or Joseph's corn, or Jonah's whale; I want to hear my pastor talk about the people on this block, whose lives are full of stings and smarts, whose problems often break their hearts. I'd rather learn some way to cheer some hopeless toiler struggling here, than learn how Pharaoh blew his dough about five thousand years ago.

The dust of kings in ancient ground is worth a half a cent a pound; and Ashur's widows' tears were dried before old Julius Caesar died: the things of which my pastor talks are dead Adam's brindled ox, but all around us there are cries, and wringing hands and weeping eyes. He'll have to get his text on straight and bring his gospel up to date.

When a man bumps into a brand of trouble worth talking about he has but little to say about it.

We can't help feeling sorry for a man who has been handed an idea that is too big for his brain to digest.

Present Happenings

THE ELECTION.

One of the results of Tuesday's elections that elicit our warmest congratulations to those most nearly concerned was the sweeping verdict in which the people of North Carolina repudiated the efforts of the Federal administration to republicanize the state. The veneer of respectability imparted to the office-holders organization by exploiting Mr. Morehead as its nominal leader was too thin to disguise the fact that Marion Butler was really in the saddle and directing the movements of the same predatory horde which Mr. Taft so aptly characterized before he became a candidate for popular suffrage himself and still felt free to call men and things by their right names. Mr. Morehead could not cover Butler's dispute with the mantle of his previous good-standing, but only sacrificed his own hold upon the public esteem in the vain attempt to have redeemed all three of the Congressional districts, which were carried by the Republicans two years ago is an achievement of which the Carolina Democracy has a right to be proud, and still further are our neighbors to be congratulated on the type of representatives they have chosen to voice their will and maintain their rights in the national assembly—Virginian Pilot.

It was a mighty protest against the growth of special privileges, of protected monopolies, of trusts that control the food of the people and combination of fabulous wealth that will restore former conditions in the country.

It will be 13 months before the Congress chosen on Tuesday will assemble although the jolt of this election may inspire the present Congress to proceed along the lines so clearly defined by the vote of Tuesday.—Lester Dispatch.

HAPPY WOMEN

Plenty of Them in Washington, and Good Reason for It.

Wouldn't any woman be happy. After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure?

No reason why any Washington reader should suffer in the face of evidence like this:

Mrs. Charles J. Jackson, 222 Tel-fair st., Washington, N. C., says: "I suffered from kidney troubles for some time. The kidney secretions were so frequent in passage as to cause me great annoyance, and my back ached almost constantly. At occasional times I had such sharp shooting pains through my loins I could hardly perform my household duties. I finally heard about Doan's Kidney Pills, and procuring a supply from the Washington Drug Co. began their use. They strengthened my kidneys, regulated the passage of the secretions and entirely removed the pains in my back. I have not had any kidney trouble since using Doan's Kidney Pills. I can recommend them as being far superior to any other remedy I have ever tried."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

As a general thing when a girl wears such an extreme hat that a man has to dislocate his neck to look under it her face is not worth the effort.

Not Sorry For Blunder

"If my friends hadn't blundered thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrisburg, Ky., "but for years they say every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50¢, \$1.00. Trial bottle free. Guaranteed by all Druggists.

Making Use of Old Linens

No old linen should be thrown away. It is one of the most valuable assets of the housekeeper.

When sheets wear away in the middle cut them down the center. Put the two outside edges together so as to form a seam and hem the outer thin edges.

When the new center wears out also cut the good pieces into squares as large as possible, edge them with burlap or crochet lace and utilize them for tea table or tray cloths.

The remainder tear into long strips wash, mangle and roll up to keep them for use in case of illness.
