Try the Old-Time Cold Cure—DRINK HOT TEA!

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

Why She Was Pleased.

"Do you mean to tell me that you actually overcame that ancient antipathy of yours for Mrs. Muggsby and called on her this afternoon?" said his wife's husband.

An Amiable Man.  
"Why do you argue with your wife? Don't you know it doesn't do you a bit of good?"  
"Sure I do! But I ain't got such a mean disposition as to deprive her of the pleasure."—Cleveland Leader.

# TO THE FARMER:

Now that all of the Eastern Carolina markets are about to close after a successful season, we beg to extend to you through the columns of this paper our appreciation of your loyal patronage and support, not only to our house alone, but to a market which we have endeavored for every grower means to build for you—Washington. We sincerely believe that we have made numerous friends throughout the country this past season, and trust that we have pleased everyone with whom we have had any dealings. Our plan is not a selfish one, for we are fighting for a permanent market in Washington, but we cannot bear the brunt of the whole burden without your support, therefore, we are especially urgent that you lend us your hearty cooperation and support in putting Washington to the front as a tobacco center. Such things do not spring up in a day. Every other market of note advanced in the face of discouragement to the front. Why can't we? When this is done you are richer, for a tobacco market enhances the value of your farming property by one-third of its original value. We can all look for better prices next year in view of the fact that today the Eastern belt tobacco are in higher demand and selling at better advantage than ever before this year. We urge you to plant tobacco this year if you have never planted before.
