**W. G. PRIVETTE,** County Supt.

**CHICHESTER'S PILLS**  
THE DIAMOND BRAND  
Largest and most famous of all pills  
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.  
Sold by all druggists.

**LADIES! DARKEN YOUR GRAY HAIR**  
Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But leaving at home is missing and out-of-date. Nowadays, by using any of our Sage and Sulphur Compound, you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

**SAVES DAUGHTER**  
Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health. If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years. At all druggists. Write to Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Authorities on Four Cases and Complete Home Treatments for Women, in plain wrapper. N.C. 128

**FARMERS TO HOLD PICNIC TUESDAY, 26**

Big Event to be Staged at Winsteadville. Many Expected to Attend. One of the biggest events for the farmers of the county this season, will be the Farmers' Educational Picnic, which is to be held at Winsteadville Tuesday, September 26. Educational addresses will be delivered by E. L. Stewart and Rev. C. L. Read, of this city. Dinner will be served on the grounds of the new school building and a good ball game is scheduled for the afternoon. The picnic is not confined to the immediate vicinity of Winsteadville, but residents of every part of the county are cordially invited to attend. Besides being a most enjoyable outing, the picnic will also be for the advancement of education and the progress of every community in this section. It is expected that hundreds will be present.

**127 STEAMERS SUNK BY U-BOATS IN 3 MONTHS**

London, Sept. 16.—Lloyd's Agency today gave as the total number of steam vessels destroyed during three months ended March 31 last, when German submarine activity was at its height, as 127, aggregating 375,812 tons. Seventy-four of these were British ships, which totalled 244,617 tons. The other losses included: French, thirteen, tonnage, 43,432; Dutch, eight, tonnage, 13,989; German, two, tonnage, 474.

**PERSHING'S FORCE ON MEXICAN SOIL SIX MONTHS TODAY**

Columbus, N. M., Sept. 16.—General Pershing's punitive expedition will have been on Mexican soil exact ly six months today noon. It crossed March 16 from Columbus and from Culberson's Ranch, fifty miles southwest. No material change in numbers has been effected to date. On March 16, Villa was fleeing before the advance of General Pershing's fast following troops. Today he is reported moving back from near Guerrero to closer touch with Pershing. In the six months during which General Pershing's men have occupied Mexican territory in the chase of Villa, American troops have gone as far south as Parral, some 450 miles below the border. They are today restricted to a strip reaching from Columbus to near El Valle, about 200 miles below the border.

**PLAN TO STRIP LOUVRE STIRS FRENCH DEPUTIES**

Paris, Sept. 16.—The proposal by Deputy Urbain Gohier to ship the Louvre and Luxemburg paintings to the United States in order to restore France's trade balance caused a tumult in the Chamber of Deputies yesterday afternoon. Jules D. Labaya denounced the plan from the tribune and then left the Chamber, which drowned his protest with a noisy demonstration. No action was taken to further the proposal.

**PISTOL DUEL TAKES PLACE ON MAIN ST.**

Officer Traylor and Unknown Man With Liquor, Had Lively Time Early This Morning.

A pistol duel, at two o'clock this morning, occurred at the lower end of Main street, with Police Officer Traylor and an unknown man the participants. Mr. Traylor strolled down to where the Norfolk Southern tracks cross Main street, figuring that someone on the train might be coming in from Norfolk with an extra supply of liquor. The train stopped at the switch and some one got off. Directly, Mr. Traylor saw a man making his way through the bushes, and staggering under the weight of two suitcases. Traylor called for the man to halt. Instead, the man proceeded to put on a little extra speed, but the weight of the suitcases proved a big handicap. He drew a revolver and fired at the officer. Traylor drew his own gun and answered the courtesy. They had it—bloody—bloody—back and forth. Finally, after emptying his gun, the man left his suitcases and fled. Traylor, who had not been hit, took possession of the two rifles, and after taking them up to the police station, found that they contained sixty stints of bottled in bond liquor.

**ALLEGED TROUBLE MAKER BETWEEN U. S. AND ALLIES IS DEPORTED FROM JAPAN**

Tokio, Sept. 16.—Hermann Wohlers, a German resident of Yokohama for the last three years, has just been deported from this country for trying to make trouble between the United States, Japan and Great Britain. He was given eight days to get out and he went quick. Among other charges against Wohlers are these: That he wrote charges against Japan to the American government. That he induced an intoxicated American marine to pull the British Union Jack from the ballroom where Americans were celebrating the 4th of July with Brit-lishers as guests, for which the marine was courtmartialled. That he entered Yokohama Park and loudly denounced the Russ-Jap pact.

**ANOTHER BUDDING POET ENTERS THE LIMELIGHT**

The result of the election in Maine has brought another political poet to the fore. He does not desire to have his name made public, but in the letter which he sent to this office, he states that his effusion is a reply to the poem which was recently written by J. C. Meekins, Jr. Here's the way the latest one reads: Have you heard the shame, That has taken place in Maine? Well, Woodrow's not to blame, So the Republicans cannot claim, That the whole nation will do the same. On top of this earth, don't give us "Hushchevelletton." For such would ruin our nation, T. R. may control a Republican convention, But never again a civilized nation.

**Get the Habit of Drinking Hot Water Before Breakfast**

Says we can't look or feel right with the system full of poisons. Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts. There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infect the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments. People who feel good one day and badly the next, but who simply cannot get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation. Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

**NOT TOO LATE TO RECTIFY MISTAKE, SAYS TAXPAYER**

Urges That Mules be Disposed of and Contract Made For the Rest of the Road Work.

Editor Daily News: We have evidently made a great mistake in our choice of men and methods in our first efforts to get good roads in Washington township and this mistake should be remedied before we get in such snags that it cannot be changed before all is lost. The first thing to do is to call a special meeting of the Commissioners and get clear of all the working force now on the roads, then get in touch with practical road builders like the people who are building the roads in Pitt and Green counties and sell them the outfit of mules. (Reserve the road machinery for use in keeping up the roads after they are completed for that can be used with hired team) after a contract has been made, let those contractors build this township as many miles of certain width and quality roads as can be built with the money remaining in hand from our mistakes. I think if this were done and done at once we would have enough to show in the way of good roads to make us all forget that some of our best men had undertaken a thing they knew nothing about and had wasted a lot of this township's good money. In a short time, the feeling now running high in the township would be stilled to such an extent that it would be possible to get other townships in this county to build good roads. If something is not done, Beaufort county will stay in the background for years to come and all on account of a mistake that can now, at once, be remedied. Not to make this change now would be worse than the mistake we have already made. We would still be able to get about 40 miles of good roads with what is left. Your editorial of the 12th expresses the views of the majority of the people of the township. The present commission has had a chance and been found sadly deficient in judgment and ability it is now time that they be stopped from wasting our money. Yours truly, MODERATE TAX PAYER.

**NEW BOAT LINE WILL NOT BE "BARGE LINE"**

The new boat line, between New Bern, Washington, Elizabeth City, Norfolk and Baltimore, will not be a "barge-freight line," according to Virgil Walker, of New Bern, who is actively interested in the line. The freighters will be built entirely of steel and will be absolutely fireproof. The company is known as "The Virginia-Carolina Navigation Company."

**RAISES FIRST TOBACCO ON THE "EAST SHORE"**

Mr. Brown, of Cape Charles, Va., recently shipped about 2,000 pounds of tobacco to Washington, which was sold at the Central warehouse. This is the first tobacco to be raised on the eastern shore. Mr. Brown was induced to make the attempt by Rev. Peter Bragg, colored, formerly of this county. The experiment proved highly successful. Bragg has been with Mr. Brown during the last year. Mr. Brown has purchased a farm from the Washington-Beaufort Land Company and will locate here next year.

**E. Carolina Teachers Training School**

A State school to train teachers for the public schools of North Carolina. Every energy is directed to this one purpose. Tuition free to all who agree to teach. Fall Term begins September 26, 1918. For catalogue and other information address, ROBT. H. WRIGHT, President, Greenville, N. C.

**"CRYSTAL"**  
Bring your tobacco to the Washington market Take back with you some Crystal Ice or Crystal Ice Cream. It will cheer up and refresh the folks at home.
