EUGENICS PROBLEM SOLVED BY ZULUS, EXPLORER ASSERTS

When Baby is Below Normal They Give it a Gentle Wallop With Club.

Chicago, Ill., Sept. 28.—The Zulus in Africa, guided only by experience, have solved the problem of eugenics; the English explorer and lecturer, J. H. Balmer, declares. Balmer, who has spent thirty-two years in South Africa, his present home, is attending the International Lyceum association convention here. The Zulus' solution of the eugenics problem, Balmer said, is a club.

"When a baby is born to Zulu parents, and it appears to be below the Zulu standard, it is given a gentle wallop over the head," he explained. "After that there is a burial."

"The Zulus will not permit children with imperfections to live. If any is developed, the child is made away with. That is why the Zulus are the physical superiors of other races. A male Zulu has the strength, endurance and body of a prize fighter in the pink of condition. Their shoulders are broad, their chests deep, their waists slim. Their women are the strongest females propagated."

KING WILL BE FORCED TO NAME VENEZUELA

London, Sept. 25.—An Athens dispatch late last night says a "reconstruction" of the present Cabinet and the election of the pro-German members of it are planned "in order to win the recognition of the Entente." Those in close touch with the Greek situation predict that King Constantine will shortly have no alternative left except the appointment of Venizelos, the only man with whom the allied diplomats are willing to deal.

502 EGGS, CHILDREN'S RESPONSE TO AN "AD"

Vincennes, Ind., Sept. 25.—Five hundred and two dogs in the charge of 200 boys and girls appeared in response to an "ad" placed in the

The national guard

For defense against invasion, our real national guard is the millions of stalwart, young Americans in all walks of life, who must respond to their country's call for training and service in the ranks of our army and navy. For defense against invasion of the elements CERTAIN-TEED Roofing is the real "national guard".

Certain-teed Roofing

protects our buildings from the violence of storms; successfully resists the attacks of rain, hail, sleet and snow; is unaffected by the sharp assaults of frost, and the withering fire of mid-summer sun. It even withstands the ravages of time, for CERTAIN-TEED Roofing is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it will out-last the period of guarantee.

The long life of CERTAIN-TEED is due to the fact that it does not dry out, as ordinary roofing does. This is because it is made of the best quality roofing felt, thoroughly saturated with a blend of soft asphalt—the formula of the General's Board of Expert Chemists. This soft saturation is then covered with a coating of a harder blend of asphalt, which prevents the drying-out process, and keeps CERTAIN-TEED impervious to the elements for years after the harder, drier kinds of roofing have dried out and gone.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED Roofing for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

A COSTLY JOKE

Billy Clifford, the Comedian, Returns A Costly Joke on Friend.

"A joker got in his work on me a couple of months ago," observed Billy S. Clifford, the original and unabridged, to a group of actors the other day, "but I got one over the plate in reply that Mr. Jokesmith will be apt to remember."

"The joke that landed on me was in the form of a cablegram. It was a wire from a friend of mine traveling in France. It came collect and cost me \$7.00. When I opened it, all it read was: 'I am well.'"

"To get back at my friend for playing such an expensive trick on me, I got a big cobblestone that tipped the scales at twenty pounds, wrapped it in excelsior and pink paper, sealed it up in a handsome box and sent it by express, collect, to my friend at Paris."

"It cost the gentleman \$40.00. On opening the box he found, along with the stone a note from me that said: 'On receipt of the news that you were in good health the accompanying load rolled off my heart.'"

Billy comes to the New Theatre Thursday, Sept. 28, in "Linger Longer Lucy."

DRIVE A TRUCK, SAYS JUDGE.

New York, Sept. 25.—"I'll guarantee that I can leave the bench and in ten minutes secure a job that will keep me at work steadily six days a week," said Magistrate John Koehen forter in the Jamaica police court Saturday to Joseph Stevenson, 24 of Rodgewood, whose 18-year-old wife, Ethel, charged him with failure to support her and their child. Stevenson had just told the court he was unable to obtain work.

"I have mighty little sympathy with a husky young man, who says he cannot get a steady job," added the magistrate. "The trouble is you young men want boiled shirt and high collar jobs; go drive a truck."

local papers in which a local store asked for 1,000 dogs to be delivered at its front door at a specified time.

Three hours before the time, boys and girls leading or carrying their dogs, were on the way to the store. Each child bringing a dog to the store was given 25 cents. A sign boasting the store was placed on each dog's back.
