Have "Perfect Right To Do Trading With Mail Order Houses"

When discussing the mail order question, some folks indignantly make the reply: "I guess I have a perfect right to trade where I want!"
So you have!
And you've got a right to go into the back yard some dark night and shoot yourself, if you want to!
You've got a right to touch a match to your house and burn it up.
You've got a right to go around on the streets, clad in ragged clothing.
You've got a right to take a bath once in every seven years, if you so desire.
There are many things which we have a right to do, but which we refrain from doing. And we ought to feel the same way about the mail order business. Every man has a perfect right to patronize out-of-town concerns, but the question is, can he afford to do it? Can he afford to allow his own town to suffer for his actions? That is the proposition which he should take into consideration.
Let's all do our trading with the merchants of a Washington before trying some other place outside of the county. Let the citizens of Aurora patronize their home merchants first; let the citizens of Bunyon do the same—and every other part of the county. Keep Beaufort county money in Beaufort county.

"WHERE THE SHOE PINCHES"

This man KNOWS where the shoe pinches, and he lays the blame on no one but HIMSELF. "I should have KNOWN better." This is the kind of reform that counts. MOST people busy themselves trying to reform OTHER people. They think things would be just a little better if somebody ELSE did just a little different. But "where the shoe pinches" is probably with YOURSELF, with MYSELF, with OURSELVES. When we get to the point of KNOWING this and acknowledging it, THEN we have made a start. Let's try this line of reasoning in tackling our Community problems. Where does the "SHOE PINCH"? "Am I doing anything that is keeping BACK the growth of my community?" "Am I leaving anything UNDONE to advance the growth?" With THIS spirit we CAN cooperate. And cooperation wins every time.
