JAMES L. MAYO, PROPRIETOR; CARL GOERCH, EDITOR

WASHINGTON, NORTH CAROLINA, NOV. 9, 1916.

The Republicans had their celebration Tuesday night and the Democrats had theirs yesterday evening and late last night both sides found out that they really had nothing to celebrate about.

THE "DARLING SOUTH."

The rise in cotton has created uneasiness in the most unexpected place—that is, in the mind of the Manufacturers Record, whose darling South for once may receive more prosperity than is good for it.

The Tribune, usually correct, says the Record, is just a little mistaken in imagining that we are afraid that the "darling South" may once receive more prosperity than is good for it.

Who ever had a better "darling" than the South and one more richly dowered by nature with resources that can be developed into measureless wealth?

CHRISTMAS SHIP FOR 1916.

America's Christmas Ship to foreign lands, which this year will be the Navy collier Caesar or a collier of the same type, is being retained by the Government for carrying food supplies to destitute Syrians and Armenians.

The American committee for Armenian and Syrian Relief, has just sent \$208,000 through the State Department to various distribution centers to be distributed immediately by the Committee's agents.

As a necessary preliminary to the sending of the Christmas Ship arrangements are being made for collections in the churches of the entire country Thanksgiving Day, the receipts of which will be used in completing the cargo.

Military regulations forbid the carrying of any except new clothing. Hundreds of cases of warm underwear and sweaters and light shoes for men, women and children, stockings for women and children, cotton and woolen socks for men, blankets and blanket shavers, gray cotton and woolen cloth in the piece, unbleached muslin, and cotton thread, needles and pins will form part of the cargo.

Navy officials and prominent churchmen of all denominations will join the ceremonies to be held at the Christmas Ship's departure, adding to its cargo the holiday good wishes of one country to the stricken races of another.

The money collected on the two days recently proclaimed by President Wilson as Armenian and Syrian Relief Days having been cabled already for immediate relief, more than a quarter of a million dollars additional must be gathered to freight the Christmas Ship.

There is little doubt, however, that even after the response of the country to the appeals of the President and the Committee has been registered fully, many of the most elemental needs of the deportation victims, to relieve which in Armenia alone former Ambassador to Turkey, Henry Morgenthau estimates \$5,000,000 is necessary, will still be unmet for permanently, and that America's assistance to the sufferers of the Orient must continue.

MANY DROWN WHEN

CAR GOES INTO RIVER

Boston, Nov. 8.—Between fifty and sixty men, women and children were drowned when a street car dove head first through the draw at the Summer street extension bridge between Boston and South Boston at 5:30 o'clock yesterday afternoon.

The total of lost is believed to be fifty-four. Estimates vary, but as far as can be learned there were either thirty or thirty-two persons on the car when it made its fatal plunge.

The policeman arrested the motorman, Gerard Walsh. The conductor, Geo. McKoon, was also saved from drowning.

The motorman asserts that the light on the draw was extinguished, and therefore he did not see the car before him. Other witnesses say, however, that the red lantern on the side was burning.

The Town Gossip

GRACIOUS! BUT THERE has been SOME EXCITEMENT IN TOWN. FOR THE last couple of days. AND I wish THEY'D HURRY UP. AND FIND OUT WHO'S ELECTED. AND IF they don't, I'M AFRAID Dick Hudson, AND CAPTAIN George Hill, AND A lot of others, ARE GOING to go wild. AND IT'S an awful strain. AND FOR the last two nights, I'VE BEEN getting home AT ABOUT 2 G. M. AND I haven't shaved IN A week. AND SOMEONE IS THREATENING TO SUE for divorce. UNLESS I shave. AND I'M going to. AND TUESDAY afternoon, I WROTE an editorial. FOR WEDNESDAY'S paper. ABOUT Wilson being elected. AND TUESDAY night, IT LOOKED like Hughes WAS GOING to win. AND THE first thing, YESTERDAY MORNING, I HAD the printer CHANGE THE editorial TO MAKE IT read, AS IF Wilson was elected. AND THEN I went out ON THE street. AND I heard that Wilson HAD RECEIVED 288 votes. AND I went back to the shop. AND TOLD the printer. TO CHANGE it back to Wilson. AND LATE yesterday evening, I WISHED I'd changed. IT BACK to Hughes again.

AND ALL this, IS AN awful suspense. AND I'M going home TO BED tonight. AT EIGHT o'clock. NO MATTER who's elected. I THANK you.

They're All Voting Today. ALL OVER the country today, THE PEOPLE are voting FOR PRESIDENT. OF THE United States. AND THERE is MUCH INTEREST. AND EXCITEMENT. AND WE hope THE BEST man may win. AND ALL over the country, FOR THE last several years, THE PEOPLE HAVE BEEN voting FOR THE most popular drink. AND THE ballots have been IN THE form of GLASSES AND bottles. AND COMPETITION HAS BEEN keen. AND THE "forecasts" today, SHOW THAT "Pepsi-Cola" IS IN the lead. AND IS growing stronger EVERY DAY. AND THERE are THOUSANDS OF people, "CAMPAIGNING" FOR IT. AND NEW votes ARE BEING made daily. AND THE people ARE FINDING OUT THAT "PEPSI-COLA" IS THE great AMERICAN DRINK. AND THEY are ALL GRADUALLY FLOCKING TO ITS standards. AND IN this election, EVERYONE WILL benefit BECAUSE PEPSI-COLA HELPS EVERYONE. AND IF you haven't ALREADY VOTED for it, GO TO the nearest DRUG STORE AND CAST your ballot TODAY. I THANK you.

Get the Habit of Drinking Hot Water Before Breakfast. Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts. There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which, if not eliminated every day, become food for the millions of bacteria which infect the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, gold, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments. People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation. Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.
