HUGE FLEET MOBILIZATION IS ORDERED FOR DECEMBER

NORFOLK, Va.—Lean greyhounds of the Atlantic fleet, swift destroyers and bobbing Government coastal cutters—vessels of every kind and character will assemble in Hampton Roads the second week of December on the occasion of the eighth annual convention of the Southern Commercial Congress, at Norfolk, Va. The gathering will present one of the most impressive grand ensembles of naval vessels since the mobilization of the American fleet for the trip around the world. The entire Atlantic fleet has been ordered mobilized for the occasion, by Secretary

Daniels, and the Departments of Commerce and Labor, have given similar orders for all vessels of their Departments.

The officers and men of the fleet, with the Virginia national guard will participate in a military parade, Sunday, preceding the formal opening of the Congress. The fleet, together with all visiting ships will pass in a grand naval review earlier in the day.

President Wilson has been expected to address the Congress on Monday morning. Secretary of State Lansing will speak Monday

G.O.P. SPENT \$2,441,565 IN HUGHES FIGHT

NEW YORK.—It was learned yesterday the total cost to the Republican party for the Hughes campaign was \$2,441,565. These figures will be filed by Cornelius N. Bliss, Jr., treasurer of the National Committee, today at Washington. There is a deficit of more than \$21,000.

Chairman Willcox called a meeting of the National Committee for Monday to consider ways and means of eliminating this deficit. A big part of the debt is for the advertising campaign launched by George W. Perkins. John Wanamaker has sent in \$20,000.

WOULD WASH CUSSWORDS FROM TOMMY'S VOCABULARY

LONDON.—London's long-faced clement tossed up his hands today with the discovery that Tommy is a violent "cusser."

"Foul and blasphemous words are, as it were, common in camp speech," said a prominent church-goer who hopes to wash Tommy's vocabulary. "To hear such conversation first shocks young and sensitive minds and ears but gradually these horrible expressions slip into the average soldier's vocabulary."

GLASS OF SALTS CLEANS KIDNEYS

If your back is aching or bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it is no longer a source of irritation, thus ending bladder weakness.

GRACE JONES MARRIED HER PRESS AGENT

(By United Press) NEW YORK.—"A dazzling chorus of bright-eyed beauties," an ocular symphony," "a whirl of gleeful curves," and other expressions denoting the last word in feminine charms were things Leon Friedman wrote for ten years as a mere matter of daily routine. He was press agent for the Ziegfeld Follies. But now its all different. It isn't casual anymore. Its from the heart. For among the chorus girls was Grace Jones, slender, blonde and all the regular stuff. Friedman fell. They are to be married Thanksgiving day. Both are "thankfully thankful."

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

The Hopeville Woolen Mill gives its 200 employees from 5 to 10 per cent increase December 1. The United States Rubber Company announced a 10 per cent bonus to its 2,500 workers at New Brunswick, N. J. This bonus is to be in operation till September next year.

URGES THE SUPPORT OF CHAMBER OF COMMERCE

Washington, N. C., November 25, Editor, Daily News:

I have a thought which I crave the opportunity of expressing through the Daily News to the citizens of Washington. I have had the pleasure of attending the last two meetings of the Chamber of Commerce. At each meeting subjects were discussed and plans made which involved the well being of this city and section. These discussions were interesting, informing and inspiring.

There were not more than twenty-five persons present at either meeting. Among these were familiar faces who have always been active members and ready to cooperate and give of their time and talents to the public service. The query came to my mind as to whether those members who were in attendance were discharging a public duty, and whether they were contributing to the public welfare. One is bound to answer this query in the affirmative.

The next query suggested was this: Why are not many other citizens discharging a like duty and thereby contributing to the public welfare? What shall the answer be? No one can answer it so well as each of the individual citizens of Washington, and they can give no better answer than by joining the Chamber of Commerce and enlisting in this co-operative society for the public welfare.

I have no desire or intention to be presumptuous or officious, or to impress upon any one a civic duty. I have only submitted a query. Respectfully, JNO. H. SMALL.
