Berry Festival Next Thursday

Strawberry Season For trip to Exum last week.

Chadbourn, Apr. 30 .- The Klon- urday ion will sponsor a dance here in R. Bennett attended the leaders' recourse. He was discouraged. Myers Warehouse Thursday night, May 9, in celebration of the Ninth Anniversary of The Strawberry Festival Dance. This event known throughout the Eastern part of North and South Carolina was inaugurated in 1926 and has grown bigger every year since that time. It is believed by the dance committee and the manager in charge that, through exthe dance to one night only, between two and three thousand persons will attend. In view of this, one of the very best orchestras available has been secured to furnish the music, namely: Johnny Long and his Duke Collegians, who, on June 4, will go under the direction of Hal Kemp and the management of Golden. In an effort to make the audience more comfortable with such a large crowd expected every available foot of floor space in the warehouse will be utilized. The orchestra will be placed at the rear of the 150 foot building on an elevated orchestral platform and by the use of a modern amplifying system equipped with speakers at various points throughout the building, it will be possible to see and hear the orchestra from any point.

Jimmy Carter, of Lumberton, who managed the Strawberry Festival dances of 1932 and 1934, is again in charge and states that with the possible exception the biggest and best occasion of for the entire year.

The warehouse will be elaborately decorated in red, and blue, Legion colors.

As an added attraction for the spectators, "Doc" Covington, of Red Springs, has been requested to sing and Freddie Joseph, of Laurinburg, has been requested to give an exhibition of tap danc-

Professor Hall and his Lauringaged to furnish the music for their own, have been able, by to know that Jesse Purvis has the colored night of the Strawberry Festival, Friday, May 10th.

SUPPLY OF ROUGHAGE DECREASES DAIRY COSTS

An adequate supply of good roughage is recommended for decreasing the cost of feeding dairy cows and increasing their milk and cream production.

Cows fed liberally on roughage such as lespedeza, alfalfa, clover Sign Petition or soybean silage will give a good milk flow with only a limited or soybean silage will give a good amount of grain in their ration, says John Arey, extension dairy-
