VACCINATING FOR TYPHOID FEVER

A report of numerous cases of typhoid fever in North Carolina has caused Mrs. Lou H. Smith, county nurse, to strongly advise citizens of Brunswick county to be vaccinated immediately for the prevention of this disease.

According to Mrs. Smith, no cases of typhoid have been reported in Brunswick county since two years ago this summer but she is anxious that citizens take every possible precaution against a recurrence of this disease.

Mrs. Smith reports that no cases of infantile paralysis have been reported in the

Members of the board of county commissioners voted Tuesday to re-instate the office of county home demonstration agent and named Miss Marion Smith to succeed Mrs. Ada W. Foster as home agent in Brunswick county. At their meeting on the first Monday in June, members of the board voted to discontinue the work in this county after July 1. Following a series of conferences with Mrs. Estelle T. Smith, district home demonstration agent, a decision was reached to re-instate the work with a new agent in charge. Mrs. Foster will be transferred to another county in accordance with her own request, according to Mrs. Smith, who was here Tuesday.

Miss Smith comes to this county highly recommended. She has been doing George Reid teaching, work similar to that of home agent, in Cumberland county. Mrs. County Fire Warden Dawson Foster will remain here to work Jones was in Southport Monday with her until July 15.
