## 92 Deaths on State Highways In Aug.

### Largest Number Of Fatalities Ever Recorded For That Month

Raleigh. — Ninety-two persons met death in accidents on roads and streets of North Carolina in August, the largest fatality ever recorded for that month, the state highway safety division reports.

Up to September 1, there had been 641 persons killed in motor accidents and August had the highest total of any month this year. Last month's total represented a sharp increase from the 69 deaths in July and over the 71 fatalities for August, 1934.

Besides the deaths, 578 persons were injured in collisions or accidents last month.

The incidence of intoxicated drivers figuring in accidents continued on the decline with 43 such cases last month against 49 in July and 59 in June. Drivers were reported intoxicated in seven wrecks where fatalities occurred.

The majority of the mishaps occurred between 9 and 10 o'clock at night in August, an unusual point since normally the majority are early in the evening between 6 and 8 o'clock.

Hit-and-run drivers figured in seven fatal and 22 non-fatal mishaps.

Thirty-three of the victims in August were pedestrians, while 10 were children playing in the streets.

## Waccamaw Sewer Project Approved

Notice was received last week that the PWA project for a sewer extension at the Waccamaw school in this county has been approved by officials in Washington. This is the first county project to receive final approval of PWA officials.

The project calls for \$1,078 in government funds, this representing approximately 70 per cent of the total cost. This money will be made available for immediate use.

A little boy was carrying home some eggs from the store and dropped them.

"Did you break any?" asked his mother when she told her of it.

"No," said the little fellow, "but the shell came off some of them."

Mr. and Mrs. Henry L. Goodwin, of New Jersey, are visiting Mrs. Goodwin's mother, Mrs. Lind.

**LIKES HIS SCHOOL**  
A letter received this week from Reginald Turner, former principal of the Shallotte high school in this county, reports that his school in Asheboro has already opened. Mr. Turner says that he likes his new work very much.

John Garrett of Southport and Miss Clara E. Gill are other Brunswick county teachers in Asheboro with Mr. Turner.

**SOUTHPORT BAPTIST CHURCH**  
Sunday, September 29, 1935  
Sunday School at 10 o'clock.  
Morning worship at 11 o'clock.  
Evening worship, 7:30 o'clock.  
B. T. U. at 6:30 o'clock.  
Next Sunday the Sunday school and morning worship will be one continuous service. After Sunday school the promotion day address will be given after which promotions will be made. Last, the teachers and officers of the organizations and the church will be presented for installation for the next church year. All members of the church and the Sunday school should be present.

Sunday night the ordinance of Baptism will be administered. Everybody is welcome. Come with a prayer for yourself and those who call you friend.

**LOCAL COMMITTEE TO ADJUST DEBTS**  
(Continued from page One)

Relief Fund has been made to carry on the program throughout the nation.

Members of the volunteer committee have received no compensation. Many of them have even paid their own expenses when, as was often the case, their duty called for travel. The allocation made for this work is to be used to defray expenses of the volunteer committees and for supervisory services.

The county committees were appointed for the purpose of trying to avert court liquidation by preventing bankruptcy or foreclosures. It is their duty to attempt to bring debtors and creditors together, to see if an amicable adjustment, mutually satisfactory, can be arranged.

In addition to settling thousands of individual cases, including a number in this county, county committees have had

great influence in the restoration of credit stability and in developing the practice, on the part of all creditors, of making reasonable adjustments to avoid court liquidation.

Farmers who are in financial distress should consult a member of their county committee. The committee members for this county are: W. V. Swain, Shallotte, and George A. Foulk, Winnabow.

## LOOKING OVER THE HEADLINES

(Continued from page 1.)

**Monday**  
Felix Waitkus, 28-year-old Wisconsin aviator, was successful in flying across the Atlantic alone over the week-end but cracked up as he brought his plane down in Ireland. Lithuania was his goal. In one of the major automobile tragedies in the history of North Carolina five persons were killed near Andrews Sunday when a car plunged over a 500-foot cliff. The annual National Convention of the American Legion got underway today in St. Louis. All attempts at arbitration apparently have failed and a walk-out of coal miners appeared certain today.

**Sunday**  
Italy formally refused the peace plan tendered yesterday by the League of Nations, but in so doing Mussolini left the door wide open for another offer. Mrs. Hettie Marie Shute is asking \$20,000 damage for being hit by a thrown ball while attending a National league game in Pittsburgh on June 6. Apparently convinced that he had been given a raw deal by the old machine in the re-organization plans for his state, Lieutenant-Governor James A. Noe has threatened to run as an independent in the next Louisiana election. Meanwhile there is a rumor that Dr. George S. Long, Huey's brother, may enter the race for the Senate. Both major political parties planned to be warming up activities during the coming week.

**SORES**  
FOOT SORES, LEG SORES, BED SORES, BOILS, RASH

For the treatment of sores on feet, legs or any other part of the body, Dr. Porter's Antiseptic Healing Oil will be found unusually effective. This oil, perfected by a distinguished surgeon of the Louisville and Nashville Railroad, has a twofold action. First, it combats infection. Second, it aids healing. This is usually the treatment you want for a sore.

Besides sores, Dr. Porter's Antiseptic Healing Oil is good for the treatment of boils and skin rashes, itch, etc. Eruptions who have tried everything else for sores and broken out and itching skin, say nothing has given them the relief that Dr. Porter's Antiseptic Healing Oil has. Try this wonderful treatment for sores on any part of the body or for boils or skin itch and see how beneficial it is.

Dr. Porter's Antiseptic Healing Oil is made by the makers of Grove's Laxative Bromo Quinine and is sold by all druggists at 30c and 60c with guarantee of satisfaction or money back.

**Saturday**  
A strange sea monster, washed ashore by tropical storms, was the object of much curiosity near Fort Myers, Fla., last week. Mrs. Sarah Delano Roosevelt, mother of President Franklin D. Roosevelt, celebrated her 81st birthday anniversary today. Eastern North Carolina tobacco farmers plan to attend the mass meeting in Raleigh today. Despite laws passed during the last session of the North Carolina Legislature, slot machines continue to do a thriving business in the state. Another announcement was made today that a coal miners strike appears to be inevitable.

**Friday**  
The Mediterranean Sea became a veritable powder keg this week as Italian and British warships were massed in the troubled area. The war threat assumed about its most serious proportions. William Watts, shrewdest of all counterfeiters, was captured Thursday by agents of the United States Secret Service. Announcement was made in the morning paper of plans for a protest meeting on the part of tobacco growers Saturday morning in Raleigh. Harry Hopkins stated yesterday that by November 1 he will have every employable person on relief in North Carolina at work on worthwhile projects. James A. Noe and Wade O. Martin took the lead yesterday in the scramble for the political mantle of the late Senator Huey Long.

**Thursday**  
Italy turned a cold shoulder to the peace proposals of the League of Nations offered Wednesday. While a jury debated the case of a negro being tried at Oxford, Mississippi, Monday on a charge of murder, a mob overpowered officers, secured the prisoner and lynched him. The latest revival of the Tom Mooney case saw the white-haired prisoner charge that lies were used against him in convicting him of the 1916 preparedness day bombing. The state Supreme court in session Wednesday approved the death sentences of Arthur Gosnell, Ories Gunter and Robert Thomas, all white.
