

Shows Increase In Farm Income

**Cash Return To Farmers
This Year Will Be Nearly
Seven Billion Dollars**

Washington.—The Bureau of Agricultural Economics predicted today that the nation's farmers will have a cash income of \$6,700,000,000 in 1935—the largest in five years.

After reaching a peak of \$10,479,000,000 in 1929, cash farm income slipped to \$8,451,000,000 in 1930, \$5,899,000,000 in 1931 and to \$4,328,000,000 in 1932.

The figures for last year were \$6,387,000,000, and for 1933, \$5,117,000,000.

The bureau's statistics today included farm benefit payments made by the AAA but most of the increase this year was attributed to a considerable rise in cash income from the sale of livestock.

Benefit Payments

AAA records disclosed that total benefit payments to adjustment contract signers in 1933 were \$131,076,487, compared to \$396,425,308 in 1934, and an official estimate of \$585,480,625 for the calendar year 1935.

These benefit payments, however, did not include the more than \$100,000,000 spent by the AAA last year for purchase of livestock in drought areas. The Bureau of Agricultural Economics included the livestock purchases in estimating the total cash farm income.

During the first six months of 1935, bureau records showed, cash income from farm marketings in the United States totaled \$2,670,000,000 compared to \$2,466,000,000 for the same period of 1934.

Livestock Income

Income from livestock and livestock products was reported to total \$1,699,000,000, an increase of more than \$300,000,000 over the first six months of 1934. Rental and benefit payments under the AAA programs during the first six months of the year were \$285,000,000 compared to \$149,000,000 for the same period last year.

Officials said the improvement in income from livestock and livestock products probably will continue through the last half of 1935, although the increase may not be as great.

"The demand for farm products in the last half of 1935," an official said, "as measured by industrial activity and industrial workers' incomes, promises to be somewhat higher than a year ago."

Winnabow News

Mr. Arthur Corbett and family, his sister, Mrs. Creech and son, and niece, Miss Viola Parish, of Selma, were here visiting Mr. and Mrs. G. C. Earp.

Mr. and Mrs. Louis Lenier, of Wilmington, have moved to Mrs. Lenier's father's, Mr. I. D. Harrelson.

Mr. and Mrs. George R. Foulke left early Monday morning for Washington, D. C., and points in Pennsylvania, for the week.

Rev. J. M. Davis, former pastor of New Hope Presbyterian church and Mrs. Joseph Akerman and daughter, Miss Laura, arrived Monday night to spend the week with Mrs. Akerman's mother, Mrs. J. Reid, and family.

Rev. D. D. Traynam left Saturday afternoon with his mother for Lynchburg, Va., to attend the funeral of his grandmother. He returned Monday.

Friends will regret to learn Mrs. Herbert Robbins' father at Sea Gate is very ill.

Mr. and Mrs. Lindsay Moore, of Brooklyn, N. Y., stopped by Wednesday night to see their sister, Mrs. Leon Henry. They were on their way to Miami, Fla., where they expect to make their home.

Mr. Elishu Howard and family moved to Wooten, Ky., Thursday. Mr. and Mrs. Ira Benton, of Leland, spent Tuesday with Mrs. Benton's sisters, Mrs. Earl Earp and Mrs. Marvin Robbins.

Mrs. Annie Brent is visiting Mr. and Mrs. George R. Foulke. Mrs. Lyman Roberson and children returned Monday from visiting relatives in Mebane.

Rev. C. J. Andrews and family of Maysville are visiting Rev. and Mrs. D. D. Traynam. Mr. Andrews is assisting Mr. Traynam in a meeting at Bolivia.

Mr. Claude Harrelson, of Mt. Rainer, Md., arrived Saturday morning to visit relatives.

Mrs. Rifton Sellers, of Supply, spent Friday with Mrs. Earl Earp.

Rev. D. D. Traynam left Sunday afternoon for Bladen Springs where he will conduct a revival. Mrs. Traynam and Catherine will spend the time at her home in Ashland, Va.

Mr. and Mrs. Algier Beck, of Wilmington, were visitors here Sunday afternoon.

Motor Industry Into New Epoch

**Announcements Show For
November 2 And Voices
Pride In New Work
Schedules**

New York.—The greatest experiment ever undertaken in co-operative employment—aimed to level off the peaks and valleys of employment in a seasonal business—will reach its climax at the opening of the annual National Auto Show in New York's Grand Central Palace November 2nd.

"Our industry considers this event of outstanding importance in its effort to level off the fluctuations of employment in the industry," said Alvan McCauley, president of the Automobile Manufacturers Association, sponsors of the exhibition. "If the experiment proves successful we are confident that it will increase the annual earnings of automobile workers to a level well above that of comparable factory workers anywhere in the world."

The change from the usual January date of 35 years standing is the final move in an industrial planning project undertaken by private capital and management at the request of Mr. Roosevelt. At a meeting of the industry's leaders early this year the President asked motor car makers to "enter into an agreement with one another in respect to fall announcements of new models of passenger cars and the holding of automobile shows in the fall of the year, as a means of facilitating regularization of employment in the business."

Thus far the industry has carried out the proposed program by adjusting production schedules, bringing the lay-offs occasioned by model changes in August instead of November, placing orders for material and parts, thereby steadying that section of the industry as well as the steel and rubber trades; and by introduction of new models in November—two months in advance of the usual January date which has been practically a tradition with the industry since 1900.

EXUM NEWS

Friends will regret to learn that Jacelyn, little daughter of Mr. and Mrs. J. M. Bennett, has been suffering with malaria for several days.

Miss Lois Brady left two weeks ago for Campbell College, Buies Creek, where she entered the freshman class. News from Miss Brady is that she is getting along fine with her work.

Mr. and Mrs. O. D. Phelps and children, and Miss Janie Coleman, of Ash, sent Sunday afternoon as the guests of Mr. and Mrs. T. R. Phelps.

S. W. Evans, of Freeland, has returned from Brunswick County Hospital where he has been a patient for several days. His condition is very much improved.

Misses Clara Mae Milligan and Vera Simmons are leaving Tuesday for E. C. T. C., Greenville.

American Gold Hoard Growing

**Uncle Sam Now Has More
Than 40 Per Cent Of
The World's Gold Supply**

Washington.—Already the holder of more than 40 per cent of the world's monetary gold, Uncle Sam is being thrust deeper into the role of a modern Midas by war threats in Europe.

Amid the much-heralded "breathing spell" for business, the New Deal's monetary experts are finding fresh food for thought in the latest gold rush to the United States.

They see the waves of metal imports as symptoms of essential economic problems of the administration, touching foreign trade, exchange stabilization, idle credit facilities and business revival, as well as the possibility of another European war.

For many months, the daily gold figure of the Treasury has registered the world's fevered economic pulse, spurring as currency devaluation rumors sent capital into refuge in this country, then tapering as fears calmed.

After climbing slowly most of the summer, the figures have taken another sprint, carrying the total gain in the monetary gold stock this year to the billion-dollar mark. That made the total increase since the dollar was revalued early in 1934 approximately \$2,300,000,000.

The gold stock has taken a long lead toward the \$10,000,000,000 mark for it now approximates \$9,250,000,000, with substantial amounts en route to New York.

Miss Lyla Bennett has been sick for some time but her condition is not reported to be serious.

A revival meeting will start at New Life Baptist church Sunday night, October 6th. Rev. J. B. Doshier will have charge of the meeting, assisted by the pastor, Rev. W. C. Wescott. The public is cordially invited to attend.

Word has been received from Mrs. M. L. Evans that she reached San Diego, Cal. safely and had a nice trip. They made the trip in seven days, a total distance of 2,878 miles.

A number of revival meetings were conducted in this section last week. New Britton church at Freeland especially seems to have had a fine meeting with several additions to the church.

Mr. and Mrs. D. B. Edwards and children, Pearl and Louise, spent Friday at Southport and Supply.

Miss Ocia Maie Bennett has returned from Whiteville where she spent several weeks.

Friday, October 4, has been set as general work day in New Life cemetery. The work is to begin at 7:30 a. m. and continue throughout the day. All persons interested are requested to be there.

Farmers are practically through selling their tobacco and as the roads to Whiteville, the chief market, are in very bad shape no one seems to be grieved at being through.

"More Dollars For Your Tobacco When You
Sell it in Whiteville."

New York.

The Treasury's acquisitions so far this year about equal the estimated 1935 potential output of new gold. Thus it appears that a continued inflow would mean a drain on the reserves of foreign central banks, already apparent in the decline in gold holdings of France, Holland, Italy and Switzerland.

Much of the metal en route to New York, however, is said to have come from hoards held in London, frightened away by war clouds.

Some of the administration's financial heads view the incoming gold tide with misgivings. They hold the world needs a redistribution of metal to restore its monetary machinery to good working order and to promote trade and exchange stability, but they feel there is nothing the government can do while vast amounts of liquid capital are floating about, ready to rush from one financial center to another on currency rumors or war threats.

Bolivia News

Rev. J. A. Davis, former pastor of New Hope, Woodburn and Southport Presbyterian churches, was a visitor in Bolivia Thursday night.

Wilmington had quite a few visitors Saturday from Bolivia. Mr. Claude Leonard, Master Leonard, Mr. Lester Robbins, Mrs. Ruby Edwards, Mr. and Mrs. John

Stop Chills and Fever!

Rid Your System of Malaria!

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tasteless quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any drug store. Now two sizes—50c and \$1. The \$1 size contains 2½ times as much as the 50c size and gives you 25% more for your money.

William Danford and Mr. Boyd McKeithan, all were visitors in Wilmington on that day.

Mr. Garvin Mercer of the CCC Camp at Southport spent Saturday night and Sunday at home.

Mr. Boston Greer was a business visitor in Wilmington Saturday.

Mr. John Holden spent Monday in Whiteville.

Mr. S. D. Wright came in Sunday afternoon. Mr. Wright is starting his sixth consecutive

year as teacher in Bolivia high school.

Mr. Egan Lewis spent Sunday at home.

Mr. Kenneth McKeithan was a business visitor in Southport Thursday morning of last week.

Out Of The Picture

"Wonder what causes indigestion?"

"The inability of a round stomach to adjust itself to a square meal."

Customer—Ten years ago I had to pay ten cents a pound for these prunes.

Grocer—Not these prunes. These are less than seven years old.

Proud Father—I want our son to be a politician.

Friend—Why?

Father—He's so big and strong I'd hate to have him run his physique by working.

During Court Week

We are expecting large crowds of citizens from every part of Brunswick county to visit Southport next week while the October term of Superior court is in session.

Some of our friends don't come here very often during the year. They usually plan to transact as much business as possible when they visit their county seat.

If you have any banking problems that are puzzling you, come in and talk them over with us. Perhaps we can be of service to you. You know, of course, that your home county bank has been operating for several months on an unrestricted basis.
