Crowded Conditions At The Shallotte School Led To Building Of The Supply Grammar School In 1933; Under The Same Head

By Henry C. Stone, Principal
Shallotte school ended its first month with the largest enrollment in the history of the school. One hundred forty-eight have registered in the high school and seven hundred sixty-three in the grades. Twenty-four teachers have these in charge—five in the high school and eighteen in the grades. Since the school began nine years ago the enrollment has been increasing each year. In 1930 the old Shallotte school building was repaired, and two classrooms were fixed in it. With the use of these the school was able to take care of the increase for about two years.

The year 1933 found the same crowded condition as in 1930. At this time the people in Lockwoods Folly township asked the state to give them an elementary school. Seeing that the school had to have more classrooms, the state decided to give the people of Lockwoods Folly a grammar school. An \$11,000.00 school building was built that year and two hundred and sixty-two children were sent there the following year. The faculty of this unit consist of five teachers and building—principal.

The day's program begins at 8:45 o'clock. A warning bell rings at 8:40 o'clock for the children to get in line and be ready to march in at the ringing of the second bell, at 8:45 o'clock. A short period is then given for devotional exercises. The rest of the periods consist of forty-five minutes with three minutes between each period for changing classes. The high school and the seventh grades have their noon and play periods together. This has proven to be very satisfactory in as much as it eliminates fights among the smaller children caused by the larger ones. The school day ends at 3:20 o'clock. At the close of school the teachers go to the busses assigned them and supervise the loading of the children.

The school lunch room has been in operation each year since it was built, and it is now open and serving over fifty students daily. The high school is an accredited high school with five teachers, and it is hoped that the elementary school will be standardized during the school year of 1935-36.

THE SCHOOL PAGE WEEKLY FEATURE

This week the school page of the State Port Pilot brings you news about the Shallotte-Lockwoods Folly schools—their students, teachers and organizations.

We gratefully acknowledge the co-operation of Principal Henry C. Stone and Miss Elizabeth Taylor, high school English teacher, in preparing material for this page.

Next week the page will be at the disposal of the Southport high school and the following week is the time for the Waccamaw high school. That will complete the circuit of the white schools of the county, but the page will continue in the same alphabetical rotation throughout the school year. Through this medium we shall do all in our power to promote a closer co-operation between the parents, the teachers and their school.—Editor

Plan Literary Society Work

High School Students Are Divided Into Two Groups The Calleepean And The O. Henry Society

The high school department of the Shallotte-Lockwoods Folly high school has organized two literary societies—the Calleepean and the O. Henry. The former was named for the Greek goddess of eloquence and the latter for the great American short story writer.

The committee in charge of choosing a suitable name for the Calleepean society included Wilbur Brown, Marjory Sharp and Emma Caison. Officers of the O. Henry society selected the name for their group.

Officers for the Calleepean society are: Nellie McLamb, president; Eunice Grissett, vice-president; Erma Edwards, secretary-treasurer; censor, Ruby Hewette; Edith Jenerette, critic; Charles Bellamy, chaplain.

Officers for the O. Henry literary society are: Wilson Lancaster, president; Madeline Pickett, vice-president; John Herbert Holden, secretary-treasurer; Jerome Jenerette, censor; Willie Russ, critic; Elwood Mintz, chaplain.

The following are in charge of a Thanksgiving program to be presented at the next meeting of the Calleepean society: Norwood Brooks, Annie Inman and Virginia Bishop.

Shallotte Boys And Girls Turn To Basketball

Boys Looking Forward To Successful Season In Spite Of The Fact That Two Of Last Year's Players Graduated

COACH GASKILL DIRECTS TEAM

Girls Also Optimistic Over Prospects For Successful Season, Although This Year's Squad Is Made Up Of New Material

Students of the Shallotte high school are optimistic over the prospects for winning basketball teams for both girls and boys this year.

The boys lost two valuable men in the graduation of Clarence Chadwick and Harry Mintz, Jr., but a strong squad is now reporting to Coach Gaskill for daily workouts. Outstanding candidates for the team include: Ira Chadwick, Eunice Grissett, Jerome Jenerette, Douglas Hawes, Elwood Gore and Lloyd McLamb. In a pair of early practice games the boys lost to Southport and Waccamaw but they have designs on giving a better account of themselves in future games this season.

Miss Elizabeth Taylor has entered a new squad from which to mould a winning girls' team. Her team dropped a decision to the Waccamaw lassies in an early season game, but the fine spirit of the Shallotte girls promises to more than compensate for their inexperience.

Irma Edwards is captain of the girls' team and Rena Fitts is manager.
