

# Fatalities On The State Highways Set New Record

### Total Of 119 Are Killed In Automobile Mishaps In This State During Last Month

Raleigh, Nov. 19.—An all time record for automobile accident fatalities was set in North Carolina in October.

The state bureau of vital statistics today reported there were 119 deaths in motor vehicle mishaps in October, which exceeded by two the all-time monthly high of 117 killed in December 1934.

As the bureau of vital statistics usually does not list as many fatalities as the state motor vehicle bureau, which records them regardless of residence of the injured, it was feared on Capitol Hill a final check would reveal that more than 120 persons died in automobile accidents last month.

There were 116 automobile deaths reported by the motor vehicle bureau for September and 94 for October 1934 by the bureau of vital statistics.

There were exactly the same number of deaths in the state this year in October as there were a year ago, 2,660, but the rate this year was 9.5 per thousand as compared with 9.6 a year ago.

Births this year numbered 6,424, compared with 6,811 a year ago in October, and the rate was 23.1 this year as compared with 24.7 last year.

There were 22 suicides and 29 homicides this October, compared with 14 suicides and 51 homicides last October. Fourteen persons were burned to death in October of each year.

Pneumonia claimed more lives than any disease, 184 with cancer taking 145, and tuberculosis, 143.

### LITTLE BITS OF BIG NEWS

Continued from page 1.)

#### Iniquity

Rev. Robert D. Keys' assertion athletics are "evil and of the devil" brought a chorus of "amens" from the Baptist Missionary Association of Texas. The association adopted a resolution requesting trustees of Jacksonville Baptist college to eliminate "commercial and competitive" athletics after heated debate last night. The College is a two-year school with small enrollment.

#### Open Offices

The North Carolina Hospital Saving association will open branch offices December 1 in Charlotte and three other cities, according to an announcement made in Charlotte Friday by Felix A. Grissette, of Chapel Hill, executive director. The other three branch offices will be in Winston-Salem, Hick-

ory and probably Smithfield.

#### Recovery

The resolutions committee of the American Bankers Association reported Thursday the prevailing business sentiment in the United States is "one of conviction that recovery is making rapid progress."

The committee, composed of 18 of the nation's leading financial figures, also reported that public confidence has been "completely restored" in banking, recommended the retirement of the government from business and banking, curtailment of government expenditures, lowering of taxes, restriction of bank charters, withdrawal of postal savings competition for deposits and continued federal aid for railroads.

#### Borah's Aim

Senator Borah's "definite objective" for 1936 was put down by political observers Saturday as an effort to "liberalize the republican party and prevent the so-called 'old guard' from controlling the national convention. The Idaho republican told reporters that whether he enters the primaries himself as a presidential candidate "depends on developments."

#### Upsets

North Carolinas Rose Bowl castle, built of the flimsy stuff of past performance, came crashing down in Durham Saturday afternoon as a militant, alert, aggressive and determined band of Duke Blue Devils put the fires of perdition under the heretofore high flying Tar Heels to pull a startling and sparkling upset and win going away, 25-0

#### Trade Agreement

An American-Canadian trade agreement embracing sweeping mutual tariff slashes designed to promote "general economic recovery" in both nations was made public personally Tuesday by President Roosevelt.

The president expressed the belief the pact would result in a doubling of trade between the two countries in a year or two, with the consequent effect of reducing unemployment.

#### Off The Dole

A report listing a 194,425 gain in work relief employment in the week ending November 2 was announced by Harry L. Hopkins on Saturday as he ordered four additional states—Ohio, South Carolina, Mississippi and Connecticut—off the dole. Hopkins said these states had received some funds for this month but that they and 13 others now cut off the dole "will not again appear on the FERA allotment list when other allotments are made later for the last half of November."

#### Bad Actor

New Jersey State Trooper Warren G. Yenser was fatally wounded Saturday by shotgun fire from a fleeing automobile and Trooper John Matey were pursuing. Several hours later, an escaped North Carolina convict, Edward Wiltowski, was arrested in Elizabeth, N. J., near Avenel, and was held on an open charge without bail. "We definitely link Wiltowski as one of the participants in the shooting," said Police Chief Frank Brennan, of Elizabeth.

#### Says Hoover

Former President Herbert Hoover Saturday night enunciated an eleven-point program for national fiscal reform after voicing sarcastic, sharply edged censure of New Deal economic planning. Speaking before the Ohio society of New York, in what was

described as the second of a series of addresses on national problems, Mr. Hoover perforce his declaration of a remedial fiscal program with a review of New Deal activities and a warning of their results.

"We can express government expenses in figures," he said. "But no mortal man can compute the costs, the burdens, and dangers imposed upon 120,000,000 people by these actions. Its cost in national impoverishment far exceeds even taxes. Its losses will be larger than the national debt."

#### Lost

Desperate aerial searchers for Sir Charles Kingsford-Smith, missing nearly two days on a speed flight from England to Australia, refused Saturday to abandon hope of rescuing the world-famous aviator. Contrary to earlier belief, it was learned that the missing ace's plane could remain aloft indefinitely if he had been forced down, with his co-pilot Tom Pethybridge, on the Bay of Bengal, where they were last seen fighting through a monsoon.

#### The End

Although the Conservatives are expected to win the English national election on Thursday, November 14, on an emotional plea not to change governments during a war crisis, one casualty in the national cabinet looms. J. Ramsay MacDonald, first British Labor prime minister, who later deserted the Laborites to be a part of the National cabinet composed chiefly of Conservatives, will likely fail of re-election in his constituency. Voters are howling him down when he tries to speak.

#### Mrs. McClelland

Mrs. George Orrell McClelland, wife of Colonel R. S. McClelland and president of the North Carolina department of the American Legion Auxiliary, was buried on Sunday afternoon in Oakdale cemetery. Mrs. McClelland had been suffering from a heart ailment for about three weeks but her condition did not become critical until a few days ago. Her death Friday night came as a distinct shock to her many friends and acquaintances in the city and throughout the state.

Active pallbearers were furnished by the Durham council of the Junior Order. Officers of the Southport and Durham Masonic lodges and an escort of Durham police officers served as honorary pallbearers.

Many Brunswick county citizens attended the service in Durham. The profusion and beauty of the floral offerings showed in a small way the love and esteem of citizens of this county for Dr. Goley.
