

1941 Grower Can't Combine Farms To Obtain Allotment

Growers Will Not Be Permitted To Combine Farms That Are Rented With Other Rented Or Owned Farms

ALL ALLOTMENTS MUST BE PLANNED SEPARATE

Tobacco, Cotton, Peanut And Commercial Vegetable Allotments On Cash Rented Farm Must Be Planted On Farm Itself

Information was received today by telephone from the A.A.A. Office in Raleigh that for 1941 growers will not be allowed to combine farms that are rented for cash-rent with any other farm that they rent for cash-rent or own, County Farm Agent has announced.

Under this regulation, the tobacco, cotton, peanut, and commercial vegetable allotments allotted to a farm that you cash-rent for 1941 must be planted on that farm itself. Under this regulation, a grower who owns two or more farms and wishes them combined for the purpose of being able to plant the allotments on either farm that he wishes to plant them on will be allowed to combine those farms that he owns and has a deed for.

However, in making such combinations, the regulations provide that these farms must stay combined so long as this grower owns the land and no part of the farm can be transferred or split unless he sells and gives deed to another person.

In this case, he would automatically sell the proportionate part of his tobacco allotment at he sells of cultivated land.

This regulation is most important to understand fully since growers who have land and intend to rent other farms should rent them with the full knowledge that the tobacco, cotton, and peanut allotments for the farms must be planted on those farms themselves and cannot be combined and transferred to other farms.

Here Are Some Cold Facts About Frost At Southport

No frost has fallen at Southport thus far this fall, but such a visitation may come along at any time now. The earliest recorded date of a killing frost at Southport was November 7, 1927, and the latest recorded visitation of the first killing frost was on December 5, 1899. The average date of the first killing frost at Southport (60 year period) is November 19th.

The average date for the first killing frost at Wilmington for the same period, is Nov. 15th, one day earlier than here. At Southport the average date of the last killing frost in the spring is March 19th, at Wilmington the average is March 21st. Southport has an average growing season, between frosts, of 242 days; Wilmington has an average of 239. Swansboro shows up better than either Wilmington or Southport with an average growing season of 249 days. However, the average for Wilmington and Southport cover a 60-year period and only ten years are covered in the Swansboro figures. These ten years happened to include some of the mildest winters the

country has had. Just for the sake of comparison, the average number of days of the growing season at other weather stations than Wilmington and Southport are being given:

- Chadbourn, 213 days; Chalybeate Springs, 192; Chapel Hill, 209; Durham, 200; Fayetteville, 221; Goldsboro, 213; Greensboro, 205; Kinston, 211; Lumberton, 222; Moncure, 192; New Bern, 223; Pinehurst, 210; Pittsboro, 192; Raleigh, 223; Rensselaer, 187; Reidsville, 199; Rougemont, 193; Roxboro, 200; Sanatorium, 230; Saxon, 182; Sloan, 206; Smithfield, 206; Snow Hill, 194; Southern Pines, 212; Willard, 201.
- At Southport the average prevailing winds are from the south west for the first 8 months of the year and from the northeast for the remaining four. At Wilmington the prevailing winds are from the west during both December and January. From February to August they are from the southwest. During September, October and November they are from the northeast.

BOLIVIA SCHOOL NEWS

VISUAL EDUCATION

During the past week there have been several Educational pictures shown to different groups in the school, which were both enjoyable and educational. The following pictures were shown: "Betsy Ross", in which the making of the first flag was shown; "Safety", which should be very helpful to all who saw this; "Diphtheria", in which we learned how to protect against this disease; "Astronomy", which showed us the development of the telescope; "Citrus On Parade", was shown to the Home Economic classes. It gave many interesting ways of serving fruits. The Home Federation club held its meeting in the Bolivia auditorium last Friday evening after a picnic supper which was served in the lunch room. We are very

proud of two of our Home Economic girls, who won prizes for their 4-H work during the past year.

The lunch room opened Monday, Nov. 11. This year plate lunches will be served and soup also. We hope to serve more this year than ever before.

FRIDAY PROGRAM

On Friday evening of this week November 15th, at 8 o'clock the grammar grade department and the eighth grade of Bolivia school will present in the auditorium three one-act comedies entitled "Joyville Junction", "Winnin' Dat Gal", and "Object: Matromony," the two latter being by the eighth grade. The grammar grade play includes a cast of twenty five members. The eighth grade plays include 15 to 20 members of the class. Both groups are this week putting on finishing touches, and it is believed that this program will be most enjoyable and will open the dramatic program of the year in an excellent manner. Each of the plays is full of situations that will keep the audience laughing.

BOOKS ADDED

There have been 40 new books added to the elementary library in the past week. We are looking forward to getting our books from the Wilmington meding unit this week. We are proud of the fact that the elementary and High School Libraries are Combined this year.

Meeting Defense Communication Needs Today and Tomorrow

To be prepared for emergencies of whatever magnitude or urgency is a requirement to which telephone company workers are accustomed.

The National Defense Program is a new emergency to be met. New switchboards are being installed, several thousand miles of telephone lines have been strung and large scale telephone engineering projects are under way to serve the fifty newly approved and existing army and navy posts and air bases located in the territory served by this Company.

Long distance communication facilities are also being expanded and new circuits have been established to assure ample long distance telephone service between these military bases and all parts of the nation.

Southern Bell and the entire Bell System are in high gear, meeting the nation's present defense needs and prepared to adequately meet those of tomorrow.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY INCORPORATED

Health Meeting Planned Sunday

Negro Physician Will Be Principal Speaker At Health Meeting Sponsored By St. James Sunday School

The Sunday school department of St. James A. M. E. Z. church will sponsor a health program Sunday afternoon at 3 o'clock at the church in relation with the Bible lesson topic: "Our Concern for Life and Health".

Foster F. Burnett, M. D. negro physician of Wilmington will speak. Selections will be rendered by the Melody Quartet.

The state department of health is co-operating by furnishing health literature to be distributed to those attending. The public is cordially invited.

U. N. C. GLOSES

Arthur Jones, the University of Richmond's ace triple threat, passed the Spiders to a surprising 14-13 victory over North Carolina's Tar Heels before 8,500 pop-eyed spectators in Richmond, Va., Saturday.

The lanky Jones threw 10 yards to Bob (Swede) Erickson, Soph end, to put Richmond ahead in the first period, and then sent the Spiders out in front again early in the fourth with a 14-yard aerial to Dick Humbert, Erickson's running mate. Jones' placekicked both extra points.

DEACONS WIN

State College's Wolfpack, not given much of a chance to do other than try to hold down the score, stepped out Saturday and came within less than five minutes of whipping the heavily favored Deacons of Wake Forest at Raleigh.

The Techs had a 14-7 lead with five minutes to go. A penalty for illegal use of hands set them back to their 10-yard line, and then Pat Geer, substitute Wake end, blocked Dick Watts' punt in the end-zone and fell on it for touchdown. Tony Gallovich placekicked point, and the score was 14-14.

With the count tied and only four minutes and five seconds to go, both clubs were still out to win—neither was willing to settle for a tie, as sometimes is the case in football warfare. And it was the Deacons who won—they scored again, a minute and a half from the end, when Tony Gallovich made one of those you-see-it-and-still-don't-believe-it catches of a long pass from Johnny Pruitt and fell over for touch-down.

Our Circulation still continues fine. 320 fiction and 871 non fiction which makes a total of 1191. We are planning for a book week drive, and invite all who will to contribute books or money with which we may be able to purchase more books.

P. T. A. The P. T. A. of Bolivia high school will hold its second meeting at eight o'clock on Tuesday, November 12. It is hoped that every parent will attend, for an interesting program on Democracy has been planned. There will be discussions on what the school and home can do for democracy. A short film on Americanism will be shown.

CHAPEL PROGRAM

Friday morning the school enjoyed two dramatizations given by the ninth grade. One of these dealt with safety and the other was about "Dr. Cureall"—the patent-medicine quack.

Official Returns Fail To Change Any Political Race

(Continued from page one) margin for any Democratic candidate was that of W. S. (Bill) Wells, who had 2299 votes against 1954 for London Lewis, his Republican opponent.

Last Wednesday night was a period of hilarious celebration for victorious Democrats in Southport, and they spent the better part of an hour riding about the city blowing horns, shooting firecrackers and otherwise celebrating the victory of their party's candidates the day before.

The following evening, the parade was carried into all parts of the county. Escorted by a member of the highway patrol, the group included party leaders, successful candidates and enthusiastic partisans.

DIRECTIONS FOR USE OF U. S. FLAG

(Continued from page one) last note. All others should stand taining this position until the at attention, men removing the headdress. When the flag is displayed, the regular "Salute to the Flag" should be given.

In pledging allegiance to the flag of the United States of America the approved practice in school, which is suitable also for civilian adults, is as follows: Standing with the right hand over the heart, all repeat together the

following pledge: "I pledge allegiance to the flag of the States of America and to the public for which it stands. Nation indivisible, with justice for all." At the "to the flag" the right hand extended, palm upward, to the flag and this position is until the end, when the after the words "Justice for drops to the side. However, civilian adults always show full respect to flag, when the pledge is given, by merely standing attention, men removing the dress. Persons in uniform render the right-hand salute. (The above is taken from recent paper issued by the Department)
