Informal Poll Indicates Sentiment Favors Bailey

One hundred thirty seven men and women voted unqualifiedly for Senator Bailey being in the right before a lone voter was encountered who gave a vote to Senator Reynolds. The lone Reynolds vote came from a woman and, oddly enough, her own sister, who had voted previously, was very outspoken for Senator Bailey.

Representative Asks That County Be Omitted

umbus Counties, signed a bill last week with Representative Bridger of Bladen providing for lay days and allowing hunting to be done only three days in a week. We understand this is now before your Board. On our week-end visit home, we found our folks did not want Brunswick and Columbus included. We, therefore, respectfully request that our counties be not included.

BROADCAST SAYS BALD HEAD IS PARADISE ISLE

(Continued from page 1) 'Tis said that frost has never fallen on the island. Furthermore, the foliage is tropical in nature. There are native palms, cherry laurels, dark green bays, live oaks, red cedars, and evergreens. This in addition to a myriad tropical underbrush. Maybe you'd like to know just why all of this heaven is located so far north? Well, I'll tell you. It's this way. There is a little river, we call the gulf stream. As you all know the gulf stream is a natural flow of water in the Atlantic from North to South. The stream, we'd imagine is about twenty or twenty-five miles wide. Well, in winter the Gulf Stream is just about as warm as a good luke warm bath. Maybe, not quite that warm, but warm anyway. It so happens that the Gulf Stream comes within 35 miles of Bald Head Island. About as close as the stream comes to any part of the eastern coast, so, you have an abundance of warm breezes in the winter. And you have a tropical island. We just got to thinking, as that aforementioned wintry blast hit us on the way to work, how nice it would be to be on Bald Head Island. If we were as soon as you ladies we'd stroll down to the beach, maybe pick and orange or so from an orange orchard, and then go in for a nice swim. Then, I guess we'd lol around on the sand a bit, maybe applying a bit of sun tan oil to keep from getting sunburned. And after that, maybe a bit of adjacent deep sea fishing. Wouldn't it be nice? As 'tis, we'll walk home across Rittenhouse Square, and a second cousin to that wintry blast will nip us severely for even talking about this island paradise.

LELAND SCHOOL NEWS

Mr. Garrett showed all the students an interesting show in the auditorium Monday on how refrigeration takes place. It was especially interesting to the pupils who study in the field of science, because it showed a picture of what actually takes place in ice boxes.

DEBATES

Several of our girls and boys have entered debating this year. An elimination will be held in the school auditorium Tuesday morning. The four best debates will be chosen to represent our school.

9th GRADE

Recently the ninth grade read the novel, "Silas Marner", by Mary Ann Evans. She was born in England in the year of 1819 and was one of the first women novelists to attain lasting fame. Her first stories were written under her pen-name "George Eliot", because she feared that the public would be prejudiced against a woman writer. Mary Ann Evans died in 1880. A student Mary Burns Peterson has condensed the novel and written it into a play, which the class is going to present in the Literary Club Friday. The characters are: Silas Marner, James Clemmons; Dusten Cass, Thomas Holmes; Squire, Nancy Lammetter, Betsy K. Lennon; Eppie (as a child) Betty Cannon Woodbury; William Danc, Dempsey Gancy; Aaron Winthrop, William Benton; Godfrey Cass, Garland Bordeaux; Eppie (a grown girl) Fabian Skipper.

SENIORS

The seniors have selected their play "Old Days in Dixie". They are planning to start working on it in the near future, so they can prepare it well. We are glad that three of our seniors are back at school after a day's illness they are Bernice Graham, spent the week-end here at her home. Mr. and Mrs. Douglas Padgett of Wilmington spent the week-end here with relatives. Lindsay Skipper of Rocky Mount spent the week-end here with his mother, Mrs. Lila Skipper.

No CMTC Will Be Held This Year

Applications to attend Citizens Military Training Camps in 1941 are still being received at Headquarters Fourth Corps Area. These camps will not be held during the calendar year 1941. Application to attend these camps should not be made.

SEVENTH GRADE The seventh graders are enjoying the new club they recently organized. The name of the club is the "Washington Irvin Junior American Citizens Club". Officers elected are as follows: president, Kirby Sullivan; vice-president, Jacqueline Reynolds; secretary, Dorothy Gray Powell; treasurer, Loraine Turner; color bearer, Louise Potter, Jr. Our program this past week was on the life of Washington Irving for whom our club was named. It was very interesting and we learned quite a lot about this great early American writer.

PATROL

At a meeting of the Leland school patrol held Monday, Alton Raynor, a pupil of the seventh grade, was voted into the patrol by a majority of the members. This brings the patrol's membership to fourteen. The other members are Kirby Sullivan, Robert Irvin Ruark, Louis Clemmons, George Willetts, Elmore Buffkin, Jr., Johnny Coker, Billy Bowling, Johnny Wooten, Houston Williams, Ernest Costin, Walter Biggs, Herbert Long, and Lester Scott.

At the meeting J. R. Garrett showed a certificate to the members stating that the school is a member of the National Safety Council.

The patrol has rendered excellent service so far this year and

Jailing Of Children Is Still Continuing

Wade N. Cashion, director of institutions for the State Welfare department, this week called attention to the fact that several counties in North Carolina are continuing the practice of jailing children under 16 years of age despite the attorney general's ruling that such incarcerations are unlawful.

WHEN MINUTES COUNT

It takes only a few minutes for fire to get beyond control. Sometimes, the flames spread so rapidly that members of the household have to think first of saving themselves. There is no time to save the family valuables. Yesterday, it was the house on the next street that burned. . . . but your house is subject to the same hazard.

When you keep your small valuables and precious papers in a Safe Deposit Box here, they are beyond the reach of hungry flames . . . and are also protected against accidental loss and against burglars. We have Boxes in several sizes. You cannot make a better investment. You cannot make it at a better time than NOW.

Back in September of last year, 32 jails reported a population of exactly 100 children and during the last half of 1940 the figure showed a total of 471 children in county lock-ups.
