Secretary of State Hull, speaking in Washington, said control of the seas is a prime objective of the Axis and its program for world domination. Axis succeed, Mr. Hull said, all create the "mutual trust which countries will face economic enslavement and control of international business by military and political forces.

FOREIGN TRADE

President Roosevelt, opening Foreign Trade Week, said "the nations already have achieved serious economic encirclement of the U. S." He said all Americans should fight against the econimic slavery to which Germany and her allies would subject the world. Raymond Geist, State Depart-

ment Chief of Commercial Affairs, speaking in New York, said the international situation poses the question whether the peril confronting the nation "lies more in the struggle itself or in the cancerous post-war economic processes" of an unfair peace. He said it would be fatal if Germany won because the U. S. would be compelled to adopt economic methods "which would and our democratic way of life" Secretary of State Hull said that slowly undermine our prosperity after the war all nations should cooperate in international trade free from discrimination.
