

BOLIVIA SCHOOL NEWS

Bolivia High School basketball teams have a total of losing one and winning one game in the county so far this season. On Tuesday night, November 18, the Bolivia teams met Leland teams on the latter's court. Both teams returned with no victory. The games were very interesting, with the scores being very close. The Leland boys scored twelve in comparison with Bolivia's ten. The Leland girls came through with seventeen points to their credit in comparison to Bolivia girls thirteen.

On Friday evening, November 21, the Leland teams met the Bolivia teams on the Bolivia court. The teams were very determined. Good sportsmanship was shown throughout both games. The Bolivia teams went on record as winning both games. These games were more exciting and much more interesting than the two of Tuesday night. Both schools have good teams this year, both have the same number of games won to their credit at present. It will be very amusing to watch the results of their future games.

On Friday night Bolivia boys scored 36 points while Leland boys scored 28 points. Tyler Potter was high scorer for Bolivia with Harlee Mills as second highest scorer.

SHALLOTTE SCHOOL NEWS

It has been traditional for Shallotte basketball teams to begin the season badly and to end it with a winning team. The boys' team has lived up to tradition by losing its first two games. Veterans Elwood Robinson and Edwin Gray had not yet reached top form, but played a steady game. Newcomers Homer Gray, Bobby Sellers, Odell Hewitt, and Hubert Bellamy showed considerable promise of becoming excellent players with a little more practice. The first game was lost to Calvary Baptist church of Wil-

Bolivia girls made 25 points to win over Leland's 23 points. Willets and Lesh were high scorer for Bolivia girls team.

The Bolivia teams will meet the Shallotte teams on Thursday evening, November 27, on the Shallotte High School court. This game promises to be one of the best of the season. Don't fail to see it. The games will begin promptly at eight o'clock.

If you do not believe in ghosts, you will after you have seen "Hobgoblin House." "Hobgoblin House" is the name of the junior class play of Bolivia High School.

"Hobgoblin House" is a mystery farce in three acts by Jay Tobias. It is a full two-hour entertainment. The setting for the play is the Ozark Mountains.

The cast includes the following: Pauline Harvell, Lillie Mae Hewitt, Dolly Mercer, Morrison Watkins, Harlee Mills, Tyler Potter, Helen Danford, Ada Mae Swain, Carl Lewis, Bige Bowling, Doris Johnson and Billy Kirk Lewis. Miss Pauline Wright, tenth grade sponsor, is coaching the play.

Don't fail to see this exciting entertainment on Friday evening, November 28, in the Bolivia High School auditorium. The play will begin promptly at eight o'clock.

SOUTHPORT SCHOOL NEWS

WRITER CLUB
A Pen and Ink Club has been organized in the high school. Robert Imbeau is president; Brother Christian, vice-president; Mary Florence Moore, secretary, and John Julius Swain, treasurer. This club has chosen to study at the present time newspaper reporting. The aims are to have an interesting column in The State Port Pilot each week. There are high hopes for a school paper this year.

STUDY PATRIOTISM
During the past week the fourth grade has been studying patriotism. In addition to studying those poems, songs and stories written by others, they have composed some lines of their very own.

STUDY POETRY
Ballads and poems have been the chief interest of the sixth grade for several days. After studying these, the students made some of their own.

BASKETBALL
The boys basket ball team is progressing nicely according to a recent report from Mr. Lingle. The new boys are showing both willingness to learn and ability as players. Before the opening of the regular schedule, there will be some practice games to which the public will be invited.

BOY SCOUTS
The Boy Scouts of Southport met on November 4 for their regular meeting. Plans for a scout

mington. The last was lost to a town team under the captaincy of Woodrow (Flash) Russ. Captain Russ had a tough crew of seasoned veterans who are willing to play any independent or high school team in the county. The next two high school games are with Leland and Bolivia.

The girls' team, under the coaching of Miss Allene Williams and Miss Clarice Swain, shows even more promise than the boys. This team consists chiefly of veterans from last year. Elneda Stalaland, a senior and player for four years, will probably from all indications have the best season of her career at forward. Doris Robinson, another senior of three years experience, also has shown up well at forward. Aradella Long a junior and forward, and Pella Bradsher, senior and guard, show promise of outstanding performance. The following are newcomers, but all are working hard: Doris Frink, forward; Ruth Holden, guard; Idalee Coleman, guard; Bulah Neal Stanley, guard; Mary Somersett, guard; and Hazel Parker, forward. The first girls' game is with Leland there and the next with Bolivia here. From the flashy work of experienced players Stalaland, Robinson, Long, and Bradsher, it looks as if the boys' team will be hard put to keep up with them this season.

Brunswick county are as follows: Benefits to unemployed, 3 1/2 years, \$20,722.87; employer contributions, 4 1/2 years, \$22,668.66; total wages paid, 4 1/2 years \$917,802; employers covered, 12; protected workers, 435.

ASK FARMERS TO CHECK OVER EQUIPMENT NOW

(Continued from page one)
size, the number, name of the manufacturer, and the number of the part to be replaced if possible. If not possible to find the number, make a good description of it. Third, classify these needs according to manufacturers. Fourth, place your order for these repair parts at once. This is imperative as it will enable manufacturers to use what iron and steel is available for replacement parts of those most needed.

"Taking care of this matter at once will assist materially in the national defense program," says Mr. Oliver. "And will also make for better operation during the next crop year. Unnecessary delay in the repair of ma-

chinery may thus be avoided and the rainy, cold working days when field work is not possible may be put in to good advantage in the repair of farm machinery in the far mshop."

As the farms of the country are called upon to produce more and more food stuffs for defense purpose with less labor and reduced equipment, it is necessary that each machine be in top working order for every day of operation. This should not be left to chance, but business-like methods should be applied in bringing this condition about.

Mr. Oliver suggests that all exposed metal parts be given a coat of heavy oil or grease and all wooden parts a good covering of implement paint. Not only will the appearance of the machine be improved, but the actual operation efficiency will be greatly increased.

A part of the program is to gather all the scrap and junk iron and steel on the farm and dispose of it through regular channels so that it may be utilized for defense purposes. A rea-

sonable price has been named for farmers for this junk metal. It will be well worth each farmer's effort to gather this up. Not only will the farmer be contributing to the national program, but he will also be realizing something on this less material and at the same time clean up the farm and get a much better appearance. Mr. Oliver suggests that the pieces which are sent with a piece of new machinery be fully consulted for adjustments and repairs, and that these pieces be filed for future reference in times of breakage or adjustments.
