THE FLAG OF THE UNITED STATES OF AMERICA—HOW TO RESPECT AND DISPLAY IT

- 1—When flags of states or cities or pennants of societies are flown on the same halyard with the flag of the United States of America, the latter should always be at the peak. When flown from adjacent staffs the flag of the United States should be hoisted first and lowered last.
- 2—When displayed with another flag against a wall from crossed staffs, the flag of the United States should be on the right (the flag's own right), and its staff should be in front of the staff of the other flag.
- 3—When used on a speaker's platform, whether indoors or out, the flag should never be reduced to the role of a mere decoration by being tied into knots or draped over the stand. For this purpose bunting should be used. The flag, if displayed, should be either on a staff or secured to the wall or back curtain behind the speaker with the union to the flag's right.
- 4—When flags of two or more nations are displayed together they should be flown from separate staffs of the same height and the flags should be of approximately equal size.
- 5—When the flag is displayed in a manner other than by being flown from a staff, it should be displayed flat, whether indoors or out. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left.
- 6—Whenever a number of flags of states or cities or pennants of societies are to be arranged in a group and displayed from staffs with the flag of the United States the latter should be placed at the center of that group and on a staff slightly higher than any of the others.
- 7—When the flag is displayed in the body of the church, it should be from a staff placed in the position of honor at the congregation's right as they face the clergyman. The service flag, the state flag or other flag should be at the left of the congregation. If in the chancel or on the platform, the flag of the United States should be placed on the clergyman's right as he faces the congregation and the other flags at his left.
- 8—When the flag is displayed from a staff projecting horizontally or at an angle from the window sill, balcony or front of a building, the union of the flag should go to the peak of the staff (unless the flag is to be displayed at half-staff).
- 9—Whenever the flag of the United States is carried in a procession in company with other flags, it should occupy a position in front of the center of the line of flags or on the right of the marching line.

Guests included: Miss Ganey, honoree, Mesdames Ernestine Thorpe, Albert Lawson, Dawson Jones, Emma Ray, Fletcher Simmons, J. A. Wilson, N. J. Hines, Jr., J. E. Lewis, Clyde Dyson, D. L. Ganey, D. A.
