

COUNTY-WIDE AWS-OCD MEETING

Friday Night, February 19th, 8 P. M.

Brunswick County Courthouse

YOUR VOICE COULD STOP A STUKA!

Wouldn't you like the thrill of working directly with the Army—of guiding our fighter pilots to annihilate any enemy planes that may come? That's the job of civilian "spotters". That's a job you can perform—vital, essential in aiding our Air Forces in the defense of our shores. On Observation Posts everywhere the Army Air Forces Ground Observer Corps is on guard day and night—reporting, by flash phone calls, the flight of every plane. Literally, these men

and women Observers are the nerve-system of our military offense and civil defense. So why not join in this important work now.

NOTICE!
Travel to this meeting in your automobile will not be considered Pleasure Driving.
