

Egg Pack Cartons Now Unobtainable

Brunswick Poultry Raisers Now Unable to Get Some Of Favorite Brands Of Cartons For Packing Eggs For The Trade

It is becoming practically impossible for egg producers to find cartons for a dozen or two dozen packs of eggs. Companies making these cartons are unable to secure the necessary pasteboard, about everything the pulpwood mills now produce being devoted to matter necessary for the prosecution of the war.

At least two Brunswick egg producers had their checks for egg cartons returned this week, others report like inability to get the cartons or boxes. One of the producers who is unable to obtain cartons is now getting \$40 dozen eggs from his hens each week with a lot more to be expected when his hens reach their peak at laying.

Partly made up for by a greatly increased number of laying hens, the egg production in this county is still considerably off from normal. This is due to the lack of animal protein and other ingredients in feed, also the bad weather.

The Brunswick County Board of Commissioners are in special session today, Wednesday. Winnabow News

WINNABOW, Jan. 24.—Thomas Andrey Henry, of California, recently undergoing special training at Camp Davis, spent the weekend here with the J. L. and A. P. Henry families. He has now returned to California.

Postmaster L. T. Yaskell and R. F. Plaxco, of Southport, were here last week, working in the interest of the organization for the 4th War Loan Bond drive. For the convenience of people in the Winnabow section they arranged where anyone wishing to buy bonds may sign up with the Winnabow postmistress, or rural letter carrier. The money will be sent to the bank in Southport and the bond mailed immediately to the buyer.

Winnabow folks have done well in previous bond drives, and in all good causes. It is confidently believed that they will not fail in this when the money that is loaned will do so much to back up the attack of the men who are doing the fighting overseas.

Returned Dogs "Reprocessed"

When the War Dog comes home, he will return in his pre-war state of docility with an honorable discharge certificate and service record, the War Department has announced. Dogs are "reprocessed" to assure their welcome return to the community, and are taught to be friendly with all rather than the few to whom they were officially detailed for war duties. Dogs are given a thorough physical examination before being sent home and are returned at government expense.

Ease Restrictions On Plumbing

Consumers who wish to buy plumbing, cooking, and heating equipment in most cases no longer need authorization from WPB. Some of the items which need no priority rating are: bathtubs, lavatories, toilets, laundry trays, sinks, showers, shower stalls, condensation pumps, chemical toilets, drinking fountain, septic tanks, grease interceptors, flush tanks, scullery sinks, and wash fountains. Unrationed cooking and heating stoves also may be purchased without WPB authorization.

Massachusetts Boy Finds Courts Are Very Human

(Continued From Page One) The boy and the latter also became interested and offered to defend the youngster, free of charge. The offer was thankfully accepted.

The plea of guilty by the boy made it unnecessary for the case to go to the jury. Judge Henry L. Stevens then heard the argument of officers for the boy and those of Attorney Thompson. Believing that the kid was not past redemption and that there was a possibility of his becoming a useful citizen, he suspended judgment for two years and also remitted the costs in the case.

The boy is the son of a soldier. Free under the suspended sentence, he was bewildered and knew little of which way to turn. Knowing he was penniless, Deputy Lewis again came to his rescue and passed a hat in which court

This was given the boy in the hope that it would aid him in his declared intention of being honest and useful.

Armon J. Caison, larceny, 18 months on roads. Judgment suspended on payment of \$35.00 to prosecuting witness, and costs of the case. (Judge Stevens later suspended this sentence to give him a chance.)

T. T. Ward, violating stock law, got guilty.

Willie Redwine, failure to stop at stop sign, \$10.00 fine and costs.

Paul Fields, murder, plead guilty to manslaughter. This plea was accepted by the State and the defendant was given 3 to 5 years in State Prison. Fields, a negro, was charged with the death of Elvin Justice of Leland. He fled the scene of an automobile collision in which Justice died. Vernie Harley, who was with him at the time, was charged with aiding and abetting and was given four months on the county roads.

Just as soon as the rains ceased last week growers began burning trash and brush on the land where they planned to plant the beds. A lot of burning, plus a full week without any rain has put the ground in fine shape for planting and that is now well underway.

Mr. Gwynn has seven thousand yards of his own plant beds all ready for the seed. He is the largest tobacco grower in Brunswick, if not in southeastern North Carolina.
