Returning from a business trip to New York, a few days ago, Register of Deeds W. S. Wells, reported that he was more than ever convinced that this is a small world. He was walking down Broadway when he ran into Robert Butler, son of Mr. and Mrs. W. G. Butler, of Southport. The young man is in the Merchant Marine and happened to be in New York. A little further down the same street the Brunswick Register of Deeds bumped into Alderman and Mrs. Pearce Cranmer and Mrs. Mary Cranmer of Southport.

stitutes the greatest drawback to growth at the present time. Holden's Beach, below Supply,

or who have rented them. As at Long Beach, Holden's Beach is already having transient visitors and prospects of a great many more as the summer progresses. The place is across the inland waterway and is reached by a bridge operated by the State Highway Commission.

is also said to be thriving with

other attractive beach points, with that of another case, Calasbash, Seaside, Little Beach, Gause Beach, Shallotte Village Point, Etc. Reports, however, indicate a lot of summer visitors coming in at all these places. All very attractive to summer and fall visitors, owing to the fine fishing in addition to the fine bathing beaches they afford.

With publicity as an aid, some f not all of the valuable stretches of beaches along the Brunswick coast, should become well populat ed centers during the next few years. The end of the war should see the minds of many inland residents turning towards the coast-

Liquor And Still

Officers Perry and Gray Captured Whiskey, Still and Man

In the Shingletree section, be-low Shallotte, on Saturday, Rural Policeman O. W. Perry and A. T. equipment also use radio equip-ment. A five-month supply of 100-U. Officer Chas decided that it the home of Julius Wilson, a colored citizen of that community. The search of the home brought to light several glass jars of nontax paid liquor. Encouraged by

these small, but definite, returns, the officers went to Wilson's pig pasture and a short search there uncovered a five gallon glass jug full of the same stuff.

By this time officers Perry and Gray felt that they were getting emergency deliveries helped avert warmer. They extended their search about the pig pasture and finally discovered a 100-gallon submarine type whiskey still and a hundred gallons of mash. With Company Starts (continued on page two)
