## PEARL I. BROWN STEVENS CLUB

Pearl I. Brown was hostess Thursday afternoon at a delightful reception for members of the Stevens Club at her home. The room was attractively arranged with spring flowers for decoration and the three living and dining room were open to the entertainment of the guests.

Mrs. Brown, who was stationed in the Philippines at one time during her service with the U. S. Engineers, made a very interesting talk on Gen. Douglas MacArthur. He told of MacArthur's early training and his preparation for his present task. Those who were present enjoyed the talk very much.

Mrs. H. T. St. George won a word contest which was held and received as a prize a red handbag.

The hostess served ice cream and chocolate nut cake to the large number of members and other guests who were present.

Opal Pearl Bennett of Southport became the bride of A. Friedrick Leyrer, U. S. C. G., of Portland, Mich., in a quiet, lovely ceremony at the Baptist parsonage in Free-land.

Rev. L. C. Mintz officiated at the double-ring ceremony, and his young daughter played the nuptial music.

The bride wore an ivory crepe street-length dress, fashioned with a sweetheart neckline, and the fitted bodice ended in a plume at the waistline. She wore a single strand of pearls and matching earrings. Her hat was an exquisite creation of white tulle and net, with an illusion veil of shoulder length. She wore a corsage of sweetheart roses and sweet-peas.

The couple were attended by Ray Holdcraft, U. S. C. G., as best man and Mrs. Ormand Leggett, Jr., as matron-of-honor. Mrs. Leggett wore a rose dress with a matching picture hat and a corsage of roses and sweet-peas.

Mrs. Leyrer is a graduate of the Waccamaw High school, class of 1940, and has been employed for the past three and half years at the Doshier Memorial Hospital.

## MOVING MOUNTAINS!

AS AMERICA MOVES its might from Europe to the Pacific, it faces a packing and shipping job that staggers the imagination. Mountains of supplies must be re-packed and double wrapped for the trip to the Pacific. Equipment for millions of men must be wrapped and packaged for shipment.

**Job Calls for More Pulpwood**

Paperboard cartons and special containers of many types; moistureproof wrappings and other packing materials made from pulpwood are needed in vast quantities. This, in addition to the already huge consumption for plastics, explosives and other war uses has made the pulpwood shortage more acute than ever and has put pulpwood close to the top of the War Production priority list.

We have a long way to go before the Japs are ready for Unconditional Surrender. We must not let up on our war job 'til they are beaten!
