*A Program of Service to Our State*

All over our state are beer retailers—thousands of them—faithfully living up to the letter and spirit of the law. They, in common with the brewing industry as a whole, stand for wholesome conditions in their business.

What of the scattered few who fail to "live up"? They are unwelcome hangers-on; and when they refuse to accept suggestions for correction of unwholesome situations, this Division, in cooperation with law-enforcement agencies, takes action to see that they remedy their shortcomings or lose their license.

This is a program of action within the industry. We call it "Self-Regulation". You, by your support, have called it a program of real benefit to North Carolina.
