

Rovin' Reporter

(Continued from page one)
port. At such times both begin-
ners and old drivers whose names
begin with certain letters must
appear before the examiner.
Twice in the past three weeks the
examiner has not shown up at
Southport on his regular date.
Each of these times approximate-
ly 50 people have left their work
and come all the way to town
where they waited for the ex-
aminer who did not show up. In
fairness to the folks of Brun-
swick, we think an examiner
should be at the courthouse on
the days he is scheduled to be

there.
In a joint effort with all re-
ceipts to be used towards building
the American Legion Hut, the
Shallotte Lions Club and Shall-
lotte Post American Legion No.
247, will stage a beauty contest
and benefit dance in the school
building at Shallotte Saturday
night of next week. From the
way Shallotte folks were pushing
this thing when we were down
there Saturday, it will be one of
the biggest events of the year in
Brunswick.
Bill Holmes of Shallotte told

us Saturday he could easily tell
a tobacco grower from a fisher-
man. The tobacco growers are all
wearing big smiles as a result of
getting 60 cents per pound for
their tobacco. On the other hand
the fishermen have been more or
less glum-up until now—as a re-
sult of the continued west winds
that prevented them from going
out and catching any fish. We
have an idea the fishermen will
soon be smiling just as much as
the tobacco growers.
We were crossing on the slow
moving and two-car ferry at Hol-
den Beach Saturday. In answer

to an inquiry the obliging ferry-
man looked into a record book
and reported he had carried 196
cars across during the day. Since
four or five people go with each
car and there are always bunches
of people crossing without cars,
it is evident that a great many
people use the ferry daily.
This past week a fine write up
relative to a Shallotte boy was re-
ceived by The Pilot. It was ac-
companied by a picture of the
young man in question. The pic-
ture, owing to its dimness, was
impossible to reproduce in a news-
paper. The story itself was not
adapted for use, as the writer did
not sign his or her name. It is a
general rule among newspapers
that original matter cannot be
published unless the name of the
writer is known.

menhaden and other commercial
fishermen have just as good rights
as the sportsmen. Mr. Morris ask-
ed a lot of interesting questions
relative to commercial and sport
fishing at Southport.
At times while they could not
fish because of the windy weath-
er a lot of the Long Beach resi-
dents have been getting a kick
out of going crabbing in Davis
Creek, a part of the Long Beach
property. One day this week Mrs.
Sam Grist, Jr., told us that Sam-
my and his daddy went crabbing
that morning and got a whole

lard stand full of nice crabs. The
Grist and friends from Washing-
ton have been spending a month
at the beach.
Writing from Norfolk, where he
is the special representative of
the Seaboard Air Line Railway
John V. Blalock said something
that pleased us but which should
be passed on to the boys who
did the work in the shop. Mr.
Blalock said: "I had the pleasure
of seeing your very excellent to-
bacco edition of the 28th. It is
indeed an outstanding piece of
work. I don't need to remind you

that it is unusual for a weekly
newspaper to bring out such an
inclusive, well-printed, and care-
fully made up edition. You have
every reason to be proud of it."

Route 17 just east of Shallotte
The building will contain
rooms and will be very attractive
when completed. Elliott Tripp of
the REA at Shallotte has com-
pleted remodeling his prett-
y home near the Russ station.
The earliest marine insurance
contracts were recorded in Ed-
land in 1583.
