Salem Queen

MISS MIRIAM BAILEY

Fair Bluff Girl Picked As Queen Of Salem Event

Miss Miriam Bailey Will Reign Over May Day At Winston - Salem Institution Next Spring

When May Day is celebrated at Salem College in Winston-Salem next Spring, the coveted crown of queen will be worn by Miss Miriam Bailey of Fair Bluff, who will have as her chief attendant, Maid-of-Honor Dorothy Arrington, of Rocky Mount.

Election of May Queen, Maid-of-Honor, and the May Court constituted the most important extracurricular event to take place last week. Candidates for these coveted honors were in the limelight, and almost the entire student body turned out to vote in the final elections.

Miss Bailey is the daughter of Mr. and Mrs. Guy L. Bailey. A Senior history major, she has been on the May Court for three years. She is also a member of the Modern Dance Club, Spanish Club, and Pierrettes. Last year she played a role in the Pierrette production of "Barretts of Wimpole Street."

Miss Arrington is the daughter of Mr. and Mrs. L. A. Ar-

Harvest Day Is Set By Church

Hallsboro Baptists To Meet Thursday Morning For Special Worship And Auction Sale

HALLSBORO, Nov. 1—The annual all-day Harvest Day program of Hallsboro Baptist Church will be held Thursday, Nov. 4.

Rev. M. M. Turner, pastor of the church, announced today that the program would begin at 10:30 a. m. with a worship service and preaching by Rev. Chas. P. Burchette, Jr. of Bladenboro.

An auction sale will be conducted in the afternoon to dispose of produce given as a Harvest Day offering for the Lord. Products to be sold will be livestock, poultry, corn, potatoes and the like. Gaston Ray will be the auctioneer.

As in past years, the congregation of the Hallsboro Church is inviting the public to join in the celebration of Harvest Day.

ington. Dot is also a senior, and is majoring in Spanish. She is vice-chairman of the May Day Committee, a member of the social standards committee, and has worked on the school paper and yearbook. Last year she was a senior marcher.

These two girls, Miriam a dark brunette, and Dot a blond, will form a lovely contrast at the May Day ceremonies over which they are to reign. By an odd coincidence, the two "loveliest girls" at Salem College are also roommates.

The beautiful Miss Bailey was crowned queen of the Tobacco Festival sponsored by the Whiteville Woman's Club and Junior

Famous Siamese Pair Publicized

County Gets Recognition In Ernest Hix's Widely-Read Cartoon, "Strange As It Seem"

Columbus County made "Strange As It Seems" by Ernest Hix on Oct. 15 through the story of Millie-Christine, Negro Siamese twins.

The cartoon, distributed by United Features, emphasized that "fame is fleeting," by picturing the broken marker which lies above their grave in Welch Creek township.

"Strange As It Seems" called attention to the fact that the joined-together women were exhibited all over the world. Millie sang soprano while Christine sang contralto, that they weighed a total of 17 pounds at birth and that they lived 61 years.

The drawing of the broken tombstone was made from a picture taken by Bill Sharpe of the State News Bureau several months ago.

Leftover meat from a veal roast may be used to stuff green peppers; add them to a cream sauce and season with salt and pepper and grated onion, top with buttered crumbs. Leftover rice may also be added to the stuffing if desired.

Hog Killing Time Is Here!

We have ample room to care for your meat. Bring it any time. We also have a few Lockers for Rent, in order that you may keep part of your meat frozen fresh.

IMPORTANT

For Better Meat, The Following Instructions Should be Followed Carefully Before Slaughtering Your Hogs:—

Hogs should be kept off feed for at least 24-hours prior to butchering, but should have plenty of fresh water. If possible, they should be confined for a few hours before butchering where they will be perfectly quiet. Hogs should never be butchered when they are over-heated, excited or fatigued. When the body temperature is above normal, the meat easily becomes feverish and this especially applies to large or fat hogs butchered in warm weather. It is difficult to properly chill meat that was in a feverish condition when butchered, and meat that is not properly chilled cannot be properly cured. Also, THIS SAME FEVERISH CONDITION OF THE MEAT CAN EASILY BE THE DIRECT CAUSE OF SOURING OR SPOILAGE. When meat is in this condition, the rate of penetration of the curing ingredients is markedly reduced.

The primary cause of low quality meat and meat spoilage is due to allowing the natural form of bacteria to develop and multiply. The different natural bacteria which are present in the blood and tissues of live hogs must be prevented from multiplying and held in check until the meat has taken cure. Meat curing is a race between these different types of bacterial action and the curing action of the salt and other curing ingredients. As soon as hogs are stuck and the heart action stops, the meat destroying bacteria begin work and multiply very rapidly. If the natural types of bacteria are allowed or encouraged to multiply through a feverish condition in the meat brought about by improper handling of the hogs or by improper bleeding and chilling, souring can easily start before the meat is actually put in cure. It has definitely been proved that keeping hogs quiet and off feed for the proper time before butchering will reduce the natural forms of bacteria that are present in the blood and tissues.
