

Rovin' Reporter
(Continued from page one)
To catch such fish one has to have rather small minnows for bait. This catch would have been bigger than it was if the 34 fish that were caught had not accounted for the bait, down to the last minnow in the bucket.

The average Brunswick county killing frost comes on the 22nd of November. At least this is what the weather officials tell us. This being right, it may be said that

the average date came Monday without the first killing frost having arrived. In portions of the county light frost has fallen once or twice, potato vines were nipped and other tender farm crops had there leaves singed. This week we noticed two or three cotton fields (there are only a few such fields in Brunswick) with the leaves all still green. Tobacco stalks are also still green and growing suckers in such fields where they were not cut down.

Sweet potato digging is still go-

ing on among Brunswick farmers. Owing to the absence of any real killing frosts many of the growers have been taking their time about harvesting and getting in all of this crop. Most of the yams are harvested, however, and stored in a manner that argues well for keeping. The gathering of corn, where hogs are not used to hog it down, is still more behind than the potato digging. An extra large corn crop was produced this year and its has sustained less weather damage than any crop in the past several years.

The Supply post office delivers more copies of the State Port Pilot to paid subscribers than any post office in Brunswick, excepting only Southport. This fact was revealed this week by a check of our mailing list. It seems that in the logical course of things the biggest list should go to Shallotte but it just happens that about everybody out on the rural mail route from the Supply office is among out regular subscribers. Shallotte is only slightly behind Supply in the number of folks who keep up with things through their county paper.

merchandise. Always glad to see you. N. B. LEONARD, Bolivia, N. C.

to return of my bloodhound bitch, lost or stolen Friday November 29, 1948 while deer hunting at Allen Creek. Red, long black tall, big scars. Well developed head deep muzzle a large bon-

ed medium size dog. W. T. Fullwood, Jr., P. O. Box 52, Southport, N. C.

We are here to serve you, and it is our business to make motoring a pleasure for our customers. Just drive up and let us know what you want.

WILSON ARNOLD
U. S. No. 17 Supply, N. C.

The poet who wrote his classic relative to the man in "The House By The Side Of The Road" missed out something in many places by not leaving the side of the road and seeing some of the farmers who do not live by the main thoroughfare. Some of the best farm land in Brunswick is off from any paved highway. The man who lives back there is often just as important as the man by the side of the road. It is certain that this

Once in a while a big fuss is made about cleaning up the yards and other grounds around Southport homes. The owners are urged to do something and the actual need is pointed out to them. This activity usually results in some of the grounds being cleared off and then allowed to get back into their previous condition within a few months.

Thanksgiving

Thanks to many people for many things

THIS IS THE SEASON OF THANKSGIVING . . .
And there is much for which we can all be thankful in this great country of ours.
Certainly we are thankful for a bountiful harvest of grain and corn, for a high level of production and employment, for a standard of living that is the envy of the world.
Most of all, perhaps, we are grateful for our American heritage . . . freedom of opportunity, freedom of choice, freedom to think and worship according to our own beliefs.

We Feel as a Chevrolet dealer it is an appropriate time to convey our sincere appreciation to the people of this community for their loyalty, patience and understanding.

For Despite Chevrolet's production of more cars and trucks during 1948 than any other manufacturer there is still a long "waiting list" for America's most-wanted cars and trucks.

Chevrolet is doing everything within its power to maintain and increase production. Meantime, we would like to express our thanks . . .

Thanks to Buyers and Prospective Buyers of New Chevrolets for your generous recognition of the honest value built into this first-choice car in the low-priced field. More people have bought Chevrolet cars and trucks, during the eighteen-year period from 1931 to date, than have bought the cars and trucks of any other manufacturer.

Thanks to Those Who Are Waiting for Orders to be Filled for your patience and understanding. You can be sure we are doing our best to treat all customers fairly . . . doing our best to speed the day when we can give you the good news, "Your waiting days are over!"

Thanks to Service Customers for the opportunity to keep your present cars in safe driving condition. We have tried to serve you well, and appreciate your patronage.

Thanks to all whose friendship and favor have helped maintain Chevrolet's leadership . . .

Thanks for your patronage which has made
