## Inspection Lane Now At Supply

State Highway Patrolman C. M. Cummings of Bolivia stated this week that the State Motor Vehicle Inspection Lane will be set up at Supply this afternoon in readiness for the inspection of motor vehicles through Thursday and Friday.

In view of last minute rushes that caused operators much inconvenience last year, operators of vehicles that are subject to examination should make it a point to have their machines inspected at the very first opportunity. This may save much annoyance and delay at some later period.

## Examiner Hudson Is Given Test

Man Who Has Tested Thousands Of Brunswick County Drivers Given Perfect Grade By Patrolman

Blossoming out for the first time in his new Drivers License Examiners uniform, N. E. Hudson of the State Automobile Inspection Bureau was a voluntary patient to take some of his own medicine Monday.

With State Highway Patrolman J. C. Pierce officiating, Mr. Hud-

son took both the written examination and road test for drivers license. Without any favoritism from the patrolman he made the test 100 percent.

Far from being a joke on the examiner, the test and examination he was put to were in regular order. The law calls for all operators to take the test. While pleased with the showing he made Mr. Hudson remarked to a newsman that a good showing in a test did not necessarily make a good driver. The subject of a test is on his toes when he is taking it and he must continue that way to be a good driver, the examiner explained.
