### Locals Lose To Winter Park Nine

Southport dropped an 8 to 6 decision to Winter Park here Sunday afternoon in an exciting, free-scoring affair. All of the Southport runs came in one big inning.

Jimmy Radcliff went the route for the home team and was opposed on the mound by Henry Borneman, who fanned 12 Southport batters. The visiting moundsman also got four hits in five times at bat, followed by Billy Smith, former New Hanover High School catcher, with three for three. Russ hit a base-clearing three-bagger to feature the local attack.

### Ordination Is Set Saturday

### Luther Bennett Will Be Ordained At Special Service Saturday Evening At Beulah Baptist Church

Plans have been compiled for the ordination services for Luther Bennett, member of the Beulah Baptist church near Shallotte, who has been called as pastor of a church in the adjoining State of South Carolina. The Service will be held at the Beulah Baptist church on Saturday evening at 8 o'clock with several ministers and friends taking part on the program.

Several Quartettes are scheduled to take their place on the program along with Rev. Oscar Harvey of Conway, S. C., who will give the ordination sermon, Rev. J. Robert Carter who will give the charge to the church, Rev. W. R. Moorehead, associational missionary who will give the charge to the candidate, and Rev. H. Burt Bennett who is scheduled to give the ordination prayer, Odell Blanton who will present the Bible to the candidate. Brother Jennis McLamb, pastor of the Beulah church, will be in charge of the service and will render the invocation and introduce the speakers and visitors present for the service.

The Beulah church has been instrumental in sending out two ordained men within the last seven months, the other ordained minister being the present pastor who has four churches in the association and who has seen much progress in his churches during his pastorate.

The Beulah church extends to all the other churches a cordial invitation to attend this special service.

### Menhaden Boats Have Good Luck

### Boats Loaded Up Monday And Were Back Inside Before Mid-Morning; Visiting Boats Get Fish

Boats of the Brunswick Navigation Company had good fishing Monday when they went out at the usual time and returned to the factory with loads by mid-morning. As a matter of fact, the first boat was back at 9:30 o'clock with 350,000 fish in her hold. Thereafter the other boats came in at half hour intervals, each bringing upwards of 300,000 fish.

It would have been possible for most of the boats to have unloaded gone out and brought in another load before night. However, until all of the additions now being made at the factory are in working order it is said to be impossible to handle more than one catch per boat, per day.

The early return of the loaded boats is remarkable through the fact that they do not leave their docks here until daylight. To get four or five miles outside, load up and return by 9:30 is fast work.

Several boats of the Potter factory at Morehead City working here for the past few weeks are also loading up in short order and carrying their catches to their home factory. Except for the short time they spend unloading, they are here fishing or traveling between Morehead City and Southport all of the time.
