## Landmarks of Growth in Farm Telephones

Every day, along rural roadways of the South, you see new telephone poles reaching for the sky. Telephone service has been supplied to a lot more southern farms during the last three years than during any other three-year period in history. Right now Southern Bell is building rural lines at the fastest rate ever. And total telephone installations in southern rural areas this year will set a new record. Telephone service is our business, and we are working to get it to those who want it as soon as we can. It'll be good service, too—the kind for which America is famous! Because the farmer serves everybody, serving the farmer is one of our most important jobs. And we're keeping right at it.

## Expression of Love

In erecting a memorial to the memory of a dear one there is an opportunity to express love, sentiment and reverence in a manner which is at once lasting and exquisite. When a design of beauty is executed in one of nature's most enduring stones the effect is a sublime tribute to a memory which remains bright throughout the years.

Design, material and craftsmanship are the three things which insure beautiful and permanent memorials. You get them when you place your confidence in an established dealer.

## Speeder Taken In Long Chase

### Two State Highway Patrolmen Run Fast Driver To Elizabethtown Before Cornering Him

Patrolman C. M. Cummings of Bolivia and J. C. Taylor of Leland had one of their hardest chases Thursday night when the two officers were cruising on Route 76 at Leland and a 1949 Pontiac-8 passed them at high speed.

Cummings had a brand new 1949 Ford patrol car. He opened it as wide as it would go and with its siren screaming they chased the Pontiac through Brunswick, Columbus and Bladen counties to Elizabethtown, 44 miles away. Cummings says that his car never dropped below 85 miles per hour and for most of the distance it was holding steadily at 95.

Informed by radio through Patrolman Taylor, officers at Elizabethtown threw up a road block at that place. The Pontiac turned off the highway two blocks before reaching the road block, but Cummings and Taylor, who were holding doggedly to the chase, overhauled the car within a block of the Elizabethtown jail.

They arrested Thomas Everette Stancil, Jr., 24 year old white Lake man. He was held for trial in Elizabethtown Thursday of this week under a \$400.00 bond. Bond for his appearance in Brunswick county was likewise placed at \$400.00 and he is scheduled to be tried here Monday, August 1. No one was with Stancil in the car. He is said to have switched off the lights of his car several times during the wild ride.

## Colored Child Is Killed By Auto

Lillie B. Hill, four year old daughter of Lucille Hill, colored, of Shallotte township, was fatally injured when struck by a car driven by J. Worth Stanley on

the Ash-Hickmans Crossroads Tuesday afternoon. Veterans skilled in certain specialties can enlist in the U. S. Air Force in a grade commensurate with their military experience.

Accounts are that the child ran in the road in front of the car and was struck by the machine before it could be stopped. Mr. Stanley put her in his car and started to rush her to the hospital, but discovered that she was already dead. It is understood that the matter has been termed an unavoidable accident.
