**Weed Products
Taxed Heavily**

**Most Of Consumers Money
Goes Into Hands Of State
And Federal Government**

Tobacco has always been a favorite object of taxation due to its accepted status as a luxury rather than a necessity. The federal government levies taxes on all tobacco products and receives a large revenue from this source.

These taxes are paid by the manufacturer of tobacco products, but the growers are indirectly affected. Tobacco growers have always had a vital interest in taxation of manufacturers because excessive taxation greatly reduces the use of tobacco and directly restricts the market for leaf tobacco.

Taxes levied by foreign countries on imported tobacco greatly affects our foreign market. In many cases tobacco users in other countries have been forced to use tobacco produced in their own country by high import taxes.

State taxes on tobacco products vary greatly. For example in cigarettes, the rates range from 2 cents to 10 cents per package.

Shown above are the incoming and outgoing officers for Columbus County Home Demonstration Council. From left to right, standing, incoming officers are: Mrs. Gertrude Thompson of Mishop Springs, treasurer; Mrs. Reno Frink of Hallsboro, president; Mrs. A. Wyche of Hallsboro, historian. From left to right, seated, outgoing officers are: Mrs. John Boone of Whiteville, treasurer; Mrs. Edison Herrin of Bolton, secretary; Mrs. H. H. Bullock of Cerro Gordo, president. Not shown are Mrs. U. T. Mincey of Tabor City, incoming secretary; Mrs. R. L. Randall of Lebanon, incoming vice president; Mrs. J. L. Minton of Fair Bluff, outgoing vice president.

of 20 cigarettes. More states each year are beginning to levy tobacco taxes. The first was Iowa in 1921. As of June, 1946, 31 states were taxing tobacco products.

Master Stroke

An eminent clergyman visiting Port Huron was golfing on a local course, and for his caddy had a lad full of spice and ginger. At the first tee, the reverend gentleman asked the caddy how

far it was to the first hole, and the caddy replied: "Three hundred and fifty yards, parson."

"Oh," remarked the clergyman, "just a drive and a putt."

He teed up his ball, took his stance, and then, wagging his club a bit, he finally drove the ball about twenty yards down the course.

The caddy hitched up his trousers and peered out over the fairway.

"Reverend," he finally remark-

ed, "that's gonna be one helluva putt."

Zero Pounds

And there was a husband whose wife telegraphed from a summer resort: "In four weeks I have reduced my weight by half. How long shall I stay?" And he wired back: "Another four weeks."

FAG OUTPUT UP

Output of cigarettes from July, 1948, through June, 1949, is expected to total between 350 and 385 billion, compared with 379 1/2 billion in 1947-48. A decrease in exports has been more than offset by heavier domestic consumption.

YES, SIR! — WE SELL
