Niernesee.
Mrs. Howard Sellers has returned to her home in Georgetown, S. C., after spending two weeks in Southport.
Mr. and Mrs. Sasa Fodale and daughter have returned to their home in Boston, Mass., following a visit here with Mr. and Mrs. Paul Fodale.
Mr. and Mrs. Frank Johnson and family and Miss Joy Livingston have returned to their home in Charleston, S. C., after visiting Mr. and Mrs. F. Mollycheck during the past two weeks.
Miss Edna Roberson of Charleston, S. C., spent several days here last week visiting Mrs. F. Mollycheck.
Chuck Hancock and friend, Gene Neilson, have returned to Astoria, Oregon, after visiting the former's grandmother, Mrs. C. F. Southerland.

Honor Bride-Elect

Mrs. Columbus Gore entertained at a Bridal Shower Wednesday night, August 3, at her home in Shallotte, in honor of her sister, Miss Elba Raye Hawes, bride-elect of August 21.
Upon arrival, the honoree was presented a beautiful corsage of tube roses and dwarf chrysanthemums. Mixed flowers were used throughout the home.
Guests were invited in the dining room, where the table was centered by a lovely arrangement of gladioli. Refreshments of punch, mints, bridal cakes, and cookies were served to the approximate 30 guests.
Contests were played during the evening and prizes were awarded to Mrs. Ida B. Parker, Mrs. Billy Russ, Mrs. M. H. Rourk and Mrs. Alvin Milliken.
The honoree received many lovely and useful gifts.

Miss Miriam Gilliam of Fayetteville entered Monday as a medical patient.

Picture Story Going Rounds

Another Feature Syndicate Grabs Up Caswell Pictures For World Wide Distribution

A story in last week's paper told of Wide World Photo syndicate distributing pictures of Fort Caswell, recently purchased by the Baptists. It was mentioned that Wide World was about the greatest picture distributing syndicate in the country.
It now appears that Wide World is not alone in being interested in the Caswell pictures. Saturday W. B. Keziah received a full page proof of the News of the World in Pictures, being distributed by King Feature Service. This syndicate is on a par with Wide World Photo for its enormous circulation. Included in the use of the King Features Service picture are such extensively circulating mediums as the Hearst chain of newspaper and the leading magazines throughout the country.
John Hemmer, State News Bureau cameraman, wrote Keziah that the Fort Caswell pictures were really going around the country through King Feature Service.
It is very probable that when the North Carolina Baptists move into Fort Caswell they will be occupying one of the widely known places in North Carolina, this as a result of the extensive picture publicity now going on.

Corn Production Showing Promise

Farmers of Brunswick County Clearly Demonstrating That Big Yields Are Possible in County
The folks who have seen some of this year's better Brunswick county cornfields no longer doubt that 100 bushels per acre can be produced on the fertile soils.
One fine illustration of this fact can be seen on the Mut Maulsby farm between Bolivia and Supply. Mut and Guy Long,

who is a student at the Bolivia vetrean farm program, have a 7-acre field of Dixie 17 hybrid corn.
Last year they had corn on the same land. This year, with better fertilization, they will double last year's yield. They started the crop with 800-pounds per acre of 4-10-6 fertilizers and later applied 400 pounds of nitrate of soda per acre to the growing crop.
On another 2-acre field they are growing N. C. 27 hybrid yellow corn. This field was planted in soy beans last year. Here again 800 pounds of 4-10-6 fertilizers were used to start the crop, but owing to the previous year's crop of soy beans it was only necessary to use 300 pounds of nitrate of soda.
Both the 7 acres of Dixie 17 hybrid and the 2 acres of N. C. 27 hybrid are wonderful illustrations of the good results of good soil, good seed and good fertilization.
J. E. Gilbert, farmer and blacksmith, is the Veteran Farm Instructor for these two young farmers.
The U. S. Air Force offers special vocational guidance to help each volunteer find the aviation specialty in which he has the best chance for success. Get details at the U. S. Army and U. S. Air Force Recruiting Station.

The earliest known bird is believed to be a peculiar creature called an archaeopteryx which lived 125,000,000 years ago.

Kentucky recognizes more grounds for divorce than any other—19.

In the middle of the 19th century the passenger pigeon outnumbered any kind of bird on the North American continent.

Sell At Home — Trade At Home

Here's Good News!

...WE NOW SELL KOPPERS 30 Year Fence Posts

Yes—we are now Authorized Dealers for these popular fence posts—the posts that have an average life of 30 years. And we are handling these posts, because we are convinced that they give you the most for your money—in every way.
They are made from straight, sound wood—wood that has been properly seasoned, then pressure-treated (not merely dipped) with creosote. This pressure-treatment protects posts against termites and decay... makes them last and last. And these posts keep original size and strength at ground line; so you can replace larger untreated posts with smaller treated posts. As for appearance, these posts really dress up your property.
Stop in and talk it over. We'll explain how much money you can save, and how much work you can avoid by setting Koppers Long-Life Fence Posts.
