trying to tear down what the good people of our district tried to build up?
 When I ask what is the matter I mean this: 1st, We will take V. E. Galloway, one of the very best citizens Brunswick affords and a hard worker for our school. Why was he taken off the committee?
 2nd, We take Stella Hewett, one of our best citizens and a man that has been his length for our school. What is the matter he was taken off?
 3rd, Guy McKeithan then a man that has not only done his part for the school but has been the instigator in us having a lunch room at Shallotte. I have seen Mr. McKeithan out on different occasions begging and doing everything in his power to help get a lunch room at Shallotte school, which we all should appreciate.
 4th and 5th. Why Dr. M. H. Rourke and Bert Frink taken off? They were men that have been our stay. When the Board of Education didn't have a dollar we could spend for buildings those two men came to our rescue. When our children were having to be taught in the cold in an outhouse and anywhere Mr. Stone could place them, Dr. Rourke and Bert Frink loaned the Board of Education several thousand dollars to build two classrooms which are a credit to our school. Ladies and gentlemen, what is the matter? There must be a dead cat up the branch somewhere. I wish we could get together and iron these factions out without so much publicity.
 So far as I am concerned I think these other five members are all good men. I know three of them. But I can't understand why a school committee job is worth a law suit.
 In conclusion I would like to say that I think it is a shame that school children of our district have to suffer on account of some prejudice between different parties.
 Signed,
 Henry D. Williams.

Lions Planning Picnic Tomorrow
 The Garrison grounds will be the scene of an old-fashioned picnic tomorrow (Thursday) afternoon as members of the Southport Lions Club, guests and members of their family take the afternoon off for fun and frivolity.
 The program gets underway at 3:30 o'clock with a softball game between two picked teams of wives of club members. As soon as the wreckage from this battle is cleared from the field the Lions will engage in a softball battle among themselves.
 The picnic is scheduled to follow at 6:30 o'clock.

 Dear Mr. Editor:
 Just a word in regard to our Shallotte high school.
 As a former member of the Brunswick County Board of Education and a representative of Shallotte-Lockwood-Folley schools district I wish to state that when I went on the Board I picked out five of the very best men in our district and placed them as school committeemen. I think they did an excellent job. We had the best school in my opinion we have ever had. They took all interest in our school.
 Why has such friction arose? What is the matter? Is someone
