

Membership Rally For Farm Bureau Set Tomorrow

Hundreds Of Dollars In Prizes To Be Awarded Following Address And Entertainment Starting At 1:30

EDWARD O'NEAL TO BE MAIN SPEAKER

Everybody Invited To Join Farm People At Meeting To Be Held In Legion Memorial Stadium

The greatest membership roundup in the history of the Columbus County Farm Bureau is planned for Thursday afternoon, Oct. 6, in Legion Memorial Stadium.

Farm Bureau members and prospective members from Brunswick and adjoining counties are urged to make their plans to attend this meeting, which is easily one of the outstanding events of its kind in connection with the annual Farm Bureau membership drive.

Entertainment, featuring the "Talking Blues" of the Grand Ole Opry stylist, Robert Lunn, will begin at 1:30 p. m. and set the stage for the afternoon of inspiration, fun and prizes.

The farm organization will be host to Edward O'Neal, former president of the American Farm Bureau Federation, who will speak on what Farm Bureau means to the American farmer. This will be one of four places O'Neal will visit on his North Carolina tour.

O'Neal will be presented by Director I. O. Schaub of the North Carolina Agriculture Extension Service.

The American Legion Post will take part in the opening ceremony and Commander R. H. Burns, Jr. will deliver the address of welcome. The response will be by Ralph Spivey of Tabor City. The invocation will be spoken by the Rev. W. L. Foley, pastor of Westminster Presbyterian Church.

After O'Neal's message, a period of entertainment will bring Robert Lunn back to the stage and will spotlight the Bouncing Bodos, the acrobatic clowns.

The awarding of prizes will follow.

Farm Bureau leaders, of which L. C. Bonkemeyer, Sr. is spokesman, have invited the general public to attend.

Only members, however, will be eligible for prizes.

A \$500 mule will be the grand prize and a \$175 radio will be the second prize.

Other prizes are: 38-piece Community Silver, \$51; bicycle, \$40; man's wrist watch, \$39.75; lady's wrist watch, \$33.75; 22 rifle, \$24.50; .12 gauge shotgun, \$24.95; ten 600x16 automobile tires to be given away one at the time, \$163.50. More items are expected to be added.

Workers and members must get memberships in before the hour that prizes are awarded.

Yam Auction To Open Wednesday

Tabor City Market To Operate From 9 A. M. To 6 P. M. On Week Days And Three Hours On Saturday

TABOR CITY, Oct. 3.—The stage was set today for the opening of the Tabor City Sweet Potato Market on Wednesday morning at 9 o'clock when the familiar chant of the auctioneer will be heard over yam baskets for the first time this year.

E. W. Fonvielle, president of the Tabor City Marketing Company, today announced the following schedule for sales this year: From Monday through Friday—9 a. m. to 12 noon; 1:30 p. m. to 6 p. m. Saturday hours—9 a. m. to 12 noon.

Hoyt Shelley of Lorris, S. C. will again be the auctioneer.

NURSES CONVENTION TO MEET

The N. C. State Nurses' Annual Convention will meet in High Point at the Sheraton Hotel Oct. 24 to 27 inclusive. All registered nurses are urged to attend.

A donkey baseball game will be played at Legion Memorial Field on the evening of October 14 under the auspices of the Whiteville Junior Chamber of Commerce, Wade H. Braxton said today.

Southport Drops Opening Contest

Locals Drop 19 To 0 Decision To Visiting Chadbourn Eleven Friday Afternoon In Well-Played Game

SOUTHPORT—Coach Ken McLeod's Purple Panthers of Chadbourn High won a 19 to 0 decision over a big, scrappy Southport eleven here Friday in the first grid contest ever played in Brunswick County.

A large crowd of spectators was on hand for the county's first regulation pigskin event.

The local crew of Coach H. T. Sanders showed signs of excellent tutoring to be playing their first game. They never penetrated within the 30-yard line of the Panthers, offensively, but did a fine job of all-around defensive work against the Chadbourn club. Though they looked green, as they looked green, as any novice aggregation would, the Southporter showed promise of becoming a powerful club once they have experience under their belts.

It was a cleanly played, hard

fighted game.

The initial Panther touchdown came in the first quarter, with Dickie Turlington going over from the 6-yard line after a sustained drive from the midfield stripe. Frank Andrews went 7 yards to the hometown 43, Pat Bass went 9 yards off-tackle to the 34, then Turlington moved 3 yards to the 31, Bass and Tommy Lewis cashed in with 10-yard runs, carrying the pigskin to the 11, Andrews made 5 over guard, and Turlington went over right-tackle for the TD. Tommy Lewis' placement was no good.

No score was made in the 2nd period with play being about even between the competitors. Midway the third quarter, Pat Bass tallied Chadbourn's second counter on a 35-yard ramble around his own left end. A pass play for the point was broken up.

Tommy Lewis got the final Panther six-pointer, in the 4th stanza, on a center plunge from the one-yard line, and a quarter-back-sneak by Pat Bass produced the Columbus Countians' only PAT of the day.

Total offensive earnings for the Panthers' labors totaled 310 yards; with 266 of them being gained on the ground and 44 in the air.

ON CORAL SEA

James E. Ganey, electrician's mate, first class, USN., is serving as a crew member aboard the aircraft carrier USS Coral Sea, which is now undergoing general repairs at the Naval Shipyard, Portsmouth, Va. He is a resident of the Leland community.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Tom Gilbert of Nashville, Tenn., announce the birth of a son on Thursday, September 29.

ON AMPHIBIOUS LANDING

Richard Lassister Harvel, son of Mrs. D. A. Harvell, of Bolivia, is on active duty with the Quarter Master Corps of the USN, serving aboard the LST 983. This vessel took part in the big amphibious landing demonstration on Carson's Beach, at Old Harbor, Boston, Mass., September 29-30.

New Building For Shallotte

Construction Began This Week On Kings Electrical Sales Company Building

Work started this week on the 40 x 80 foot building that will be the home of the Kings Electrical Sales Company at Shallotte. The structure will have a brick and plate glass front and concrete block sides and rear. Mr. Kravitz stated Saturday that it should be ready for occupancy by the first of December.

The Kings Electrical Sales Company was established at Shallotte four years ago by a young New York man, following his discharge from the army. Stationed in Brunswick county during the early part of the war he had married a Brunswick girl and had decided that the county offered him just as good opportunities as New York did.

His father had founded a Kings Electrical Sales Company in New York before he was born. He and his brothers were operating the business when the war came along and the brothers are still running the Kings Electrical Sales Company in New York. The store at Shallotte just naturally got the same name.

The business started in a small room in the Williamson Motor Company building. From there it moved to a larger and better suited structure owned by Dr. Rosebaum. The lease on this building still has until February to run and instead of renewing it was decided that hereafter Kings Electrical Sales will operate in its own building.

Many Farmers Have Pastures

County Agent Estimates Over One Thousand Acres Now Planted For Use As Permanent Pastures In Brunswick

Over a thousand acres in Brunswick county are now well established as permanent pastures, according to County Agent A. S. Knowles. The area runs from one to several acres per farm and the number of farmers who are sowing pastures is steadily increasing.

The largest permanent pasture acreage in the county, not included in the above, is that of the Reigel Paper Company on its ranch at Honey Hill in Waccamaw township and in portions of Town Creek township. The company is said to have considerably over a hundred acres well established in permanent pasture. This furnishes year-round grazing for the large herd of Brahman cattle owned by the company.

Mr. Knowles says that there is a fast growing list of individual farmers whose names are being inscribed on a roll of honor at the AAA office at Supply. This list is far from complete and new names are being added al-

most daily. Only the farmers who have met with exceptionally good success in the establishment of permanent pastures have their names inscribed. Following is the list of such farmers as it stood Saturday:

W. C. Gore, James Bellamy, C. N. Coleman, J. B. Potter, Ernest Stanaland, B. R. Sellers, A. W. Bradsher, Newman G. Hewett, G. W. McLamb, Curtis Hewett, Charles Taylor, Winifred Lesh, Kenny Lewis, Gilbert Reid, D. R. Johnson, Jack Sowell, Sherwood Johnson, Elwood Ballard, Buren Sellers, Rufus Holden, Roy Swain, Ben Bennett, David Sellers, W. J. Sellers, C. H. Hewett and Hubert Swain.

Danger Of Screw Worms Subsides

Return Of Cool Weather Will Turn Back Blow Flies Which Migrate Up Coast To Cause Trouble

Only a few livestock are reported to have been lost in Brunswick from the visitation of screw worms and the danger of loss grows less daily, according to County Agent A. S. Knowles.

The screw worm eggs, are laid by a blowfly that resembles an ordinary blowfly, with the exception that the body is longer. These flies migrate from Florida and cannot survive the winter climate here. It is only following a very mild and early spring that they can be expected to reach this area, even during the late summer or fall. People who have made a study of the flies

Square Dance USO BUILDING Saturday Nite MUSIC BY Dixie Pioneers Gentlemen 75c. Ladies 25c Sponsored By SOUTHPORT LIONS CLUB

that it may be years before they again reach this section in a noticeable number. The worms attack hogs, cattle and all manner of animals that have suffered bruises or scratches. Such effected animals easily respond to the proper treatment. This year's visitation of the flies, says Mr. Knowles, has been met with generously distributed information on how to kill the worms, this information going by press, radio and word of mouth. There are now few people who do not know what to do when they have an animal attacked by screw worms. The situation is one that no longer causes much worry.

CATHOLIC INFORMATION Confessions Of A Stupid Man I read the Bible frequently because my Church urges me to do so and because I like to do so. Yet without my reading I cannot learn, from the inspired words alone, exactly how God means me to worship and to live in order to save my soul. But maybe that's because I'm just a stupid man. Some people claim that the Scriptures contain all of God's truths which are made clear to the individual by the Holy Ghost. But this is all beyond my understanding, for why then is there so much conflict about texts so vital that salvation itself depends upon them? And, being a stupid man, I want to be very, very sure about such things. Scholars there are who claim to have studied the Bible so long that they have finally reached the conclusion that the sacred words are not sacred—that there is no God—or that at least it does not matter much one way or the other. I'm rather glad to be dubbed a stupid man, for then you see no one expects me to solve the complexities and seeming contradictions of biblical texts—no one asks
