

# BLACK'S SERVICE STATION OPEN FOR BUSINESS

Although we had quite a disastrous fire we are still able to take care of our customers . . .

## *Our Thanks*

We wish to thank all the spectators and friends and the fire department for their great assistance during the fire. Their efficient work and aid in removing the stock from the service station while it was in danger is greatly appreciated.....

THANKS to you — our friends—we hope to build a new and greater business out of the ruins of the fire.
