

Wilmington JV's Win From Local Gridiron Squad

Southport Team Puts Up Dogged Battle Before Going Down Before Big Visiting Squad By Score Of 21-0

A smart and husky Wilmington Junior Varsity football team proved to be too strong for Southport here Thursday afternoon as they racked up a 21 to 0 verdict over the stubborn local eleven.

The squads battled through a scoreless first quarter with most of the play being centered about

mid-field, but during the second stanza a pass from Overton to Worrell clicked for 35 yards and a touchdown. The kick was good for the extra point.

The score was still 7 to 0 when the half ended, but during the third period Alford wound up a 40 yard drive with a scoring thrust for the final five yards, and once more the kick was good.

The final touchdown came late in the fourth quarter, this time with Tart going over from close in. The kick was good and the visitors had their 21 to 0 victory which failed to show how close and hard-fought the game was during most of the afternoon.

On the offense Southport gained best on line plays with Bowmer carrying the ball. McDowell also was able to rack up a couple of healthy gains. The South-

port passing attack never was able to move into high gear against the fast-charging Wilmington line.

In the forward wall the defensive play of Hood, Sanders and Muncy was good, and these boys broke through time after time to make clean tackles.

Little Pirates Score Deadlock

Loris High School Junior Varsity Held Scoreless By Youngsters Of Shallotte In Ding-Dong Battle

Shallotte J. V.'s battled a strong junior varsity squad from Loris, S. C., to a scoreless deadlock in the first game of the season for both teams last Friday at Shallotte.

Shallotte won the toss and elected to receive the kickoff. Receiving on their 32 yard line they ran the ball to their 43 where they fumbled. Loris is turn lost the ball on Shallotte's 35 after failing to gain a first down. Both teams put on an exhibition of defensive power, and as result neither made a first down during the opening quarter.

Early in the second quarter Shallotte intercepted a pass on the 50-yard line and ran it to the Loris 27, and after a series of downs had the ball resting on the two yard line. On the next play a holding penalty against Shallotte moved the ball back to the 17. Loris took over and was in possession of the ball when the half ended.

Loris kicked off in the third quarter but Shallotte, unable to make any yardage, punted to Loris on the next play. Loris fumbled and Shallotte covered it on Loris' 35. Shallotte went to the 18 but a penalty stopped for the second time the threat of a score.

The last quarter found Shallotte on the march again. From their own 32 they drove to the Loris 18, but on intercepted pass halted the third TD threat.

Loris then set out on their first drive and went by a series of completed passes and end-around plays to Shallotte's 10 yard line. Shallotte intercepted a pass on their own 9 yard line. They ran the ball back to their own 17. On a series of first downs and a 20 yard pass from Quarterback Bobby Stanley to end Harold Holden they went to their own 45. At that point Loris took over the ball when Shallotte failed to gain the needed yards for a first down.

On these pass and an end around plays the ball was resting once more on the Shallotte nine yard line when the game ended. Julian Nance was outstanding

Farmer Savings At Record Peak

Prince O'Brien, Cashier Of Southport Branch of Waccamaw Bank And Trust Co., Reports Significant Facts

While North Carolina farmers have spent millions of dollars for improvements, soil conservation, and the purchase of new equipment since the war's end, farm debt has made no significant increase, and holdings in cash, bank deposits, and United States Savings Bonds are at record levels, according to Prince O'Brien, Cashier Waccamaw Bank & Trust Co., who represents the North Carolina Bankers Association as a county key banker.

"North Carolina farm families are going through these final months of adjustment from a war to a peacetime economy with very little disturbance," Mr. O'Brien said. "They are maintaining a sound financial position; and while they are using more credit for improvements and new equipment, their obligations are being paid off in a relatively short time and they are adding to their already substantial financial reserves."

Reporting on the results of an eighth national survey of bank lending made by the Agricultural Commission of the American Bankers Association, Mr. O'Brien said that "total farm debt held by the banks of the state at the beginning of 1949 was only about \$30,000,000 compared with \$25,000,000 on January 1, 1948. In addition to this amount, there are \$8,320,000 in Commodity Credit Corporation loans held by the banks cooperating with the government's farm price support program."

In 1948, the last full year of operation, the 213 North Carolina banks serving agricultural communities loaned \$61,210,000 to 53,652 farmers. This represents a total of 18.7 per cent of the farmers in the state. Of the total amount, 43,543 farmers borrowed from the banks to finance production in an aggregate amount of \$44,083,000. Of these loans, only \$11,176,000 remained outstanding at the beginning of 1949. During the year, there were 10,109 farmers, representing only 3.5 per cent of the farmers in the state, who made farm real estate loans in an aggregate amount of \$17,127,000. The prosperity of the farmers is shown by the fact that, of these long term debts, only \$19,196,000 were outstanding at the beginning of this year. This was an increase of about two million dollars over the preceding year. The total bank-held farm debt on January 1, 1949 was \$30,372,000.

Mr. O'Brien stated that from borrowings are usually a reliable indicator of the economic condition of agriculture and that one of the brightest aspects of the present situation is the fact that the average loan per borrower during 1948 for production purposes was only \$1,012, and the average loan made on farm real estate was only \$1,694.

"Cash reserves held by North Carolina farmers, which are being consistently increased, are estimated to be sufficient to retire all farm debt," Mr. O'Brien said. "However, the farmers are wisely holding the reserves as a safeguard against emergencies and on defense and Joseph Carter on offense for Shallotte."

It was a hard fought game all the way with both teams giving it all they had. Shallotte plays a return game Tuesday night November 7.

Shallotte THEATRE

SHALLOTTE, N. C.

to enable them to buy new equipment and make farm improvements. The big demand for new equipment to replace that worn out during war years appears to have been satisfied. There is a statewide trend among farmers to improve livestock and crops and to practice modern conservation methods and land management. This trend insures a steady improvement in the condition of agriculture for many years in the future."

Ted Malone Will Visit Charlotte

CHARLOTTE — Ted Malone, Westinghouse roving reporter, story teller and Fulton Lewis, Jr., famed news commentator, have been announced as two of the five top radio and movie stars appearing at the Carolinas Christmas Festival in Charlotte, November 16.

Already 34 Princesses have been named for this event. The parade at 6:00 p. m. will be a typical Carnival type affair four miles long and with a marching route of 50 blocks.
