

### Bolivia Teams Get Victories

#### Boys And Girls Defeat Waccamaw High School Cagers In Pre-Season Contests

Bolivia and Waccamaw tangled in a double-header Tuesday night, December 6, in the Bolivia gym, where Bolivia took both games.

The girls' score was 23-8. Sylvia Leonard scored 12 points and Harriette Yount scored 4 points for the Bolivia sextet. Virginia Evans scored 3 points and Mary Joyce Purvis scored 2

points for Waccamaw. The boys' score was 44-10. High scorers for Bolivia were Larry Lewis with 24 points and Ernest Wolfe with 8 points. For Waccamaw, Babson scored 5 points and I. Long scored 3 points.

**HOLIDAY VISITORS**  
The following students from Brunswick county enrolled at Mars Hill College will return home for the Christmas holidays December 16 until January 2: Sam F. Frink, route 2, Shallotte; Grover A. Gore, route 1, Shallotte; and L. L. Hewett, Jr., Shallotte.

Soviet Russia is made up of 11 republics but one, the Russian Socialist Federated Soviet Republic, occupies almost 80 per cent of the country.

About 37 per cent of U. S. farms now have telephones.

**BEGINS WORK ON**  
(Continued from page one)  
bought a block in the new model coastal resort town for that purpose a few weeks ago. The Long Beach Motel will be on the west side of the road to Fort Caswell.

**BEGIN WORK ON PLANT**  
(Continued from page one)  
tomato plant growing area in 1950. Mr. Sheppard's brother is going in for a new angle to the industry. Using cold frames, the sash for which was bought from Heintz & Company, Irving A. Sheppard will go out for a big production of bell pepper plants. He will plant his pepper seed in the cold frames in January and is now making preparations.

Using his brother's land, Irving will use 50,000 of the plants he produces to plant 10 acres in bell peppers. More than that number of plants, if things turn out well, will be shipped to the Sheppard

farm and other farms in New Jersey. The growing of bell peppers here is a deviation from the Everett H. Sheppard rule of producing tomato plants only for the growth of tomatoes in New Jersey. The peppers, or most of them, will be grown here.

Last spring, to facilitate the packing of his tomato plants for shipment by van to New Jersey, Everett H. Sheppard built the first tomato plant packing assembly line used for such a purpose anywhere in the world. With it he could keep up with a big force of plant pullers in the fields and pack a hundred thousand plants per hour. The assembly line is now past the trial stage and was perfected. Next spring he will build an additional assembly line for the purpose of being able to pack 200,000 plants per hour. Only 7 or 8 workers are required to operate an essem-

bly line and take care of the activities of 40 or 50 workers in the fields.

**RECORDER HAS**  
(Continued from page one)  
deadly weapon, 30 days in jail, suspended on payment of costs and good behavior.

# Again in 1949 MORE PEOPLE HAVE BOUGHT CHEVROLETS than any other make

—just as they have done during the total 19-year period, 1931 to date!

THE men and women of America know value when they see it—  
Consequently, they are purchasing more Chevrolet passenger cars than any other make . . . and more Chevrolet trucks than the next two makes combined . . . thereby placing Chevrolet first in sales this year, just as they have done for the total 19-year period, 1931 to date.

Naturally, we and all Chevrolet dealers are deeply appreciative of this overwhelming tribute of preference; and we join with Chevrolet in pledging to do everything possible to give you greater and greater value in the months and years to come.
