## GOD DESERTED HIM.

Strange Case of Young Man in Davidson—Talks Sane of His Condition. The Dispatch.

N. H. Prevo, of Emmons township, a young man of about 25 or 26 years was brought to Lexington last week and turned over to the county authorities to care for until he might be admitted into the hospital for the insane at Morganton. The young man betrays no signs of insanity to the unpractised eye and talks sanely enough on various topics and his condition. His trouble is that there is no hope for him in the hereafter. He told the reporter that he had worried over his failure to live up to a profession of faith he made about three years ago until he firmly believed that God had deserted him forever. His memory is good and he seems perfectly sane on every thing save this point.

"I know I am 'off' in my mind," he said, "and nothing interests me. Nothing makes an impression upon me. I seem to have become hard-hearted and have no emotions. Were a man killed in this room before me, it would not affect me at all."

F. A. Young, a son of Mr. Jno. A. Young, of Bowie, Texas, arrived in the county last week to visit relatives. He is studying medicine under his uncle, Dr. J. W. Young, of Spencer.

Girlhood and Scott's Emulsion are linked together.

The girl who takes Scott's Emulsion has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, Scott's Emulsion provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

## It Frequently Happens

that you who make individual loans are bothered in the collection of interest; that you often have difficulty in getting back the principal, and sometimes lose it altogether. If you collect your interest, you do not get it more than once or twice a year.

If you deposit your money in the Savings department of this bank, you are thus annoyed or kept so long out of your interest that you pay you 4 per cent interest every three months—January 1st, April 1st, July 1st, October 1st, and better still you have the satisfaction of feeling that your money is at all times safe and that the bank is prepared to pay back the principal when needed.
